No. G. 9865-925—P. P. 46-18-2, dated 30th—

Defining the classes wherein certain Railway Officers should be assigned places in the Durbar Precedence List 26

No G. 9980-91—P. P. 134-18-42, dated 30th—

Passing orders *re* the procedure to be adopted in case of disputes about the ownership of stock commandeered 27

SECTION 2—MILITARY.

No. G. 8579-80—Mily. 56-18-2, dated 12th—

Stating that the members of the Military Department will be entitled to one-half of the rewards for the Apprehension of Deserters if any arrest is effected as the result of information furnished by them 1

No. G. 9599-600—Mily. 375-17-4, dated 28th—

Approving certain rules for the grant of sick leave and pay to temporary followers as shown in the appendix to this order 2

SECTION 3—PRESS AND STATIONERY—*Nil.*

PAGES.

III. PROTECTION.

SECTION 1—MEDICAL.

No. G. 8002-8013—Med., dated 2nd—
Issuing certain supplementary instructions in regard to the campaign against the Influenza epidemic 1

SECTION 2—SANITARY.

No. G. 8821-30—Sany. 128-17-5, dated 15th—
Sanctioning the rules relating to the duties and control of Deputy Inspectors of Vaccination and of Vaccinators ... ... 1—4

SECTION 3—LEGISLATION.

No. G. 9143-4—Legis. 21-18-2, dated 21st—
Reviewing the report on the working of the Mysore Mines Regulation, 1906, for the year 1917-18 ... ... 1—3
No. G. 9658-65—Legis. 10-18-15, dated 28th—
Recording the report on the condition of Tonga ponies in the State for the half-year ending 30th June 1918 4

SECTION 4—COURTS.

No. G. 7962-69—Cts. 27-18-3, dated 1st—
Passing orders on the measures necessary for the formation of the Magistrate's Courts in Bangalore and Shimoga Districts under the scheme for the separation of Judicial and Executive functions ... ... 1—9

SECTION 5—POLICE—*Nil.*

SECTION 6—PRISONS.

IV. MINOR DEPARTMENT.

SECTION 1—MINOR DEPARTMENTS AND MISCELLANEOUS.

No. G. 8235-94, dated 9th—
Sanctioning additional grants for relief measures in connection with the arrest of Influenza 1
No. G. 8206-9, dated 7—8th—
Recording the Sanitary Commissioner's note on the organization of relief measures in the Mysore City in connection with the prevailing epidemic of Influenza ... ... 2—3

SECTION 2—REPRESENTATIVE ASSEMBLY AND ENTERTAINMENTS—*Nil.*

SECTION 3—MINES AND GEOLOGY.

No. G. 8913-14—Geol. 32-18-1, dated 16th—
Directing that in future the applications for the renewal of licenses should be submitted to the Director of Geology not less than two months before the date on which they terminate 1

V. EFFICIENCY AUDIT.

SECTION 1—COMPLAINTS AND PETITIONS.

No. 1270-1320—E. A. G. 317, dated 7th—
Laying down that Recruitment to the State Service shall be confined to Natives of Mysore 1
No. 1334-1389—E. A. G. 285, dated 11th—
Sanctioning the appointment of sixteen Probationers to the Gazetted and Upper Subordinate ranks of the public service for the year 1918-19 ... 2—3
No. 1390-1398—E. A. G. 57, dated 12th—
Sanctioning Inspection Rules for the offices under the control of the Sanitary Commissioner ... . 4—11
No. 1414-1463—E. A. G. 263, dated 18th—

PART I

No. C. B. 307-357, DATED 6TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 190-238—C. B.,—Medical, dated 21st October 1918, authorising the Deputy Commissioners to entertain temporary staff for taking measures to arrest the spread of Influenza, at a cost not exceeding Rs. 100 for each taluk.

Letter No. H. C. 68 (L. B.) 1918-19, dated 27th October 1918, from the Deputy Commissioner, Shimoga District, requesting to be informed whether the expenditure of Rs. 100 for each taluk, for the employment of temporary hands to check the spread of the epidemic is for one month or for the whole period of prevalence of the epidemic.

Order No. C. B. 307-357, dated 6th November 1918.

The sum of Rs. 100 allotted for each Taluk in the Government Order read above is only for one month.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.
The Deputy Commissioner, Shimoga District.
The Deputy Commissioners of other Districts.
The Comptroller to Government.
The Heads of Departments.

Exd.—K. P. S.

No. G. 8450-512—P. P. 134-18-1, DATED 11TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Rule 3B of the Rules issued under Section 2 of the Defence of India Regulation.

2. Government Order No. G. 17077-127—G. M. 644-17-12, dated 8th June 1918, laying down certain instructions in regard to regulating the prices and supply of food-stuffs and other necessaries of life.

3. Notifications ending with Government Notification No. G. 8324—P. P. 102-18-25, dated 9th November 1918, fixing the maximum prices (retail) for rice, ragi and jolum in the Mysore District.

Order No. G. 8450-512—P. P. 134-18-1, dated 11th November 1918.

For some time past the situation in the State in the matter of food-stuffs has been growing in complexity partly because of difficulties of transport due to War conditions and partly on account of the adverse seasonal conditions consequent on the failure of the monsoons. Even the stock now available in the country is not readily coming into the market, in the expectation of higher prices in the future. These have resulted in a considerable amount of distress among the poorer classes.

So far as public opinion can be ascertained, it is in favour of Government assuming a greater degree of control and regulation.

2. As the result of a rough census of stocks prepared as on 1st October 1918, it is surmised that about four lakhs (4,00,000) of tons of ragi, one lakh and ten thousand (1,10,000) tons of rice and forty-three thousand (43,000) tons of jola were available in the State on that date. It is expected that the next harvest, scanty though it may be, will yet yield about two lakhs (2,00,000) of tons of ragi, seventy-six thousand (76,000) tons of rice, and twenty-five thousand (25,000) tons of jola. The stocks on hand, and the next harvest are thus expected to suffice for the food requirements of the State for about 8 to 9 months, from October 1918. It will, therefore, be necessary to augment the stock by imports from outside to the extent of about two and half lakhs (2,50,000) of tons, being the normal requirements of the State for the remaining 3 to 4 months. So far as the information now available goes, the deficit of two and half lakhs of tons will be as under:—

One lakh twenty-five thousand (1,25,000) under ragi.
One lakh (1,00,000) under rice.
Twenty-five thousand (25,000) under jola.

Stocks of ragi and jola are not available from outside the State. The stock of these grains available in the State has therefore to be conserved with great care and distributed to the best advantage throughout the State.

A certain quantity of rice is, however, expected to be available from the provinces of British India where there is a surplus, and Government are arranging to make up for the deficit in the food supply of the State by the import of sufficient quantities of rice. The substitution of rice in the family budget of the bulk of the people *i. e.*, the poor, is however, costly and can be resorted to only as a last expedient.

3. The problem of food supply for the next 12 months thus resolves itself into—

(1) The conservation and distribution of stocks available in the State and
(2) Import of rice from outside and its distribution.

Government have already taken action in regard to imports of rice from outside and the distribution of the imported quantity in the districts through the usual channels of dealers to be licensed for the purpose, co-operative stores, etc., does not present any complex problems.

The conservation and distribution of stocks of ragi and jola and the avoidance of unnecessary movements of stock demand, however, very careful handling.

4. The rules issued under Regulation I of 1918 (The Defence of India Regulation) confer ample powers on the Government for the ascertainment of stocks, the regulation of prices of food stuffs and the commandeering of stock at the notified prices. Government have in exercise of these powers already prepared a rough estimate of stocks; fixed maximum prices in respect of ragi and rice in several parts of the State and empowered the Director of Civil Supplies, the Deputy Commissioners of Districts and the Presidents of Bangalore and Mysore City Municipal Councils to commandeer stocks at the notified prices.

5. But the time has now arrived for more systematic action in this matter. The first step to be taken is to have a more accurate and detailed census of stock in the State. A set of provisional rules in this behalf is appended to this order. The Revenue Commissioner is hereby authorised to amplify and issue them finally for the guidance of local officers, prescribing the necessary forms and registers and to take all other steps needed for the immediate census of stock.

Each town or village will form the primary unit for the census of stock and the estimate of requirements. On receipt of return of stocks from individuals, a register will be written up for the town or village indicating the persons holding stocks; the stock held by each; the requirements for his family and dependents for a year and the excess available for purchase by Government. A summary will be appended to the register of each town or village, showing the total stock available in such town or village; the requirements of the entire town or village till the end of June 1919 and the balances of stock available for outside use or the quantity required from outside to make up the deficit.

The taluk will be the next higher unit and a *plus* and *minus* memorandum of stocks in all the towns and villages in each taluk will be prepared together with the net result for the entire taluk. A central clearing-house or depot will be formed at the taluk head-quarter or other convenient centre for distribution of stocks within the taluk and for arranging outside exports.

N.B.—The Kolar Gold Field area will be treated as a separate unit in the Kolar District, the Vice-President, Kolar Gold Fields Sanitary Board, being responsible for all the arrangements under this Scheme.

Each district will similarly be the next higher unit with a central district depot or clearing-house and a *plus* and *minus* memorandum for the taluks of the district and for the entire district will be maintained there. The cities of Bangalore and Mysore will be treated as units corresponding to districts, the Municipal Presidents discharging all the duties of a Deputy Commissioner under the Scheme.

A Provincial depot or clearing-house will also be started at Bangalore City, where the *plus* and *minus* memoranda of districts will be maintained and inter-district movements of stock controlled.

6. The work of organising the food-supply arrangements on a uniform system and of co-ordinating the activities and the requirements of the districts and managing the Provincial depot require the undivided attention of a whole-time officer. Government are accordingly pleased to appoint an officer of the grade of Deputy Commissioner as Food Controller. The Food Controller will work under the orders of the Revenue Commissioner, who will be held responsible for the supervision and direction of all food-supply arrangements within the State. The work in the districts will, under the direction of the Deputy Commissioners, be attended to by the District Economic Superintendents who will, until further orders, give precedence to this work over their other duties. The Amildar of each taluk will be responsible for the arrangements in his taluk. There will also be one or more Food Inspectors working under the orders of the District Economic Superintendents.

The Deputy Commissioners and Amildars will associate with themselves a local Advisory Committee of leading non-officials and merchants, consisting of from 3 to 5 members.

These Committees will be primarily responsible for arranging for the sale of food-grains at favourable rates to the indigent poor, making up the difference as far as possible by local subscriptions or grants from Municipal and Local Funds.

7. The distribution of duties and responsibilities among the various officers will be as follows :—

The Director of Civil Supplies will be responsible for the import of rice and other commodities purchased outside the State and their delivery at stations within the State indicated by the Food Controller, and for the export of food-stuffs due from the State to adjoining British Districts according to existing understanding. He will hereafter issue Railway Priority certificates in respect of these food-stuffs, only on the requisition (1) of the Food Controller in regard to inter-district movements and (2) of the Deputy Commissioner in respect of movements within his district.

The Food Controller will be responsible for the redistribution of the available stocks in all districts of the State in the most equitable manner and for the distribution of imported rice, etc., in such a manner as to avoid unnecessary movements of traffic. He will also make available the stock due for export to British Districts on the requrisition of the Director of Civil Supplies. He will be responsible for organizing a comprehensive system of rationing when such an arrangement is found absolutely necessary in any locality.

The Deputy Commissioners of Districts will be responsible for the equitable distribution of stocks within their districts, the movement of stocks from taluk to taluk within their districts and for the distribution of imported rice, etc, to deficit taluks. They will also be responsible to make surplus stocks of their districts available for other districts on the requisition of the Food Controller.

The Amildars of Taluks will be responsible for accurate estimates of stock in the first instance, for correct forecasts of the next harvest, for distribution within the taluk of allotted food supplies and for making available surplus stocks and placing them at the disposal of the Deputy Commissioner.

The Revenue Commissioner assisted by the Food Controller will be responsible for directing all the operations in regard to food supply within the State and for keeping the Government informed from time to time of any developments or principal features brought to notice in the administration of these arrangements.

8. To advise Government regarding the general policy to be followed and to co-ordinate the work of the Food Controller, the Director of Civil Supplies and all other departments engaged on or interested in this work, a Central Committee will be constituted consisting of the Revenue Commissioner (President), the Inspector-General of Police, the Chief Secretary to Government, the Food Controller and the Director of Civil Supplies, the Food Controller being the Secretary. This Committee will meet once a week at least to begin with till all the arrangements are completed and put into proper working order. The Revenue Commissioner will have the discretion to invite other officers of Government or non-official gentlemen to attend the meetings of the Committee whenever necessary for general consultation.

The Central Committee will prepare, review and issue weekly, statements on the state of stocks, imports and exports, etc., and submit copies for the information of Government.

9. The Revenue Commissioner is requested to submit immediately, proposals for the appointment of Food Inspectors and of such other staff as may be necessary for giving effect to the above scheme with all possible despatch. In order to ensure the expeditious taking of stock in the taluks believed to have surpluses, the Revenue Commissioner is authorised to entertain a temporary staff of 25 officials on rates of pay ranging from Rs. 50 to Rs. 75 each to assist the Amildars of those taluks. These officials shall as far as possible be selected from among officials of the Revenue, the Police and the Excise Departments employed in the taluk or district concerned. The Inspector-General of Police and the Excise Commissioner are requested to place the

services of the officials selected by the Revenue Commissioner at his disposal immediately. As soon as stock-taking is completed in the taluks first selected, these officials may be absorbed in the food establishment referred to in paragraph 6 above.

10. The expenditure under the Scheme will be met by a special grant from the reserve for unforeseen expenditure.

11. The Superintendent, Government Press and Stationery, is requested to comply promptly with the requisitions for stationery and the printing of forms, registers, circulars, etc., made by the Revenue Commissioner or Food Controller. The Revenue Commissioner will also have the discretion to get printing work done at private presses in particular cases.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.

PRESS TABLE.

No. G. 8450-512—P. P. 134-18-1, dated 11th November 1918.

APPENDIX.

Provisional Rules regarding taking of Stock.

A General Notification will be issued by the Deputy Commissioners of Districts, calling upon all persons holding a stock of not less than five pallas of rice, ragi, jolam or navane or ten pallas of paddy to give a statement in a form to be prescribed, of their stock to the Patel of the village within three days from the date of publication of the notification in the village.

2. On receipt of the statements, the Patel will have them examined and verified by a Village Committee and send a consolidated list for the village, together with the original statements to the Hobli Shekdar within three days. At the same time, he will indicate the cases where he has doubts of the accuracy of the return and apply for a verification by search and actual measurement.

3. Within a week of the receipt of the statements from all the villages, the Amildar will cause a consolidated statement to be prepared for the entire taluk and submit it to the Deputy Commissioner with a statement of individual stocks in the taluk in excess of fifty pallas each. In the case of all such stock-holders, he will immediately proceed to take individual *mutchalikas* in a form to be prescribed binding themselves to hold their surplus stocks at the disposal of Government and not to part with them except with the written permission of the Deputy Commissioner or other officer authorised by him.

4. The Deputy Commissioner will within three days of the receipt of statements of all the taluks, furnish a talukwar statement to the Food Controller.

5. In order to avoid unnecessary cross traffic, the following general rules for the re-adjustment of stocks will be followed :—

(*a*) When the stock in any village is in excess of its requirements for six months, the surplus will be allotted to the nearest deficit village, if any, in the taluk.

(*b*) When the stock in a taluk is in excess of its requirements for six months, the surplus will be allotted by the Deputy Commissioner, to the nearest deficit taluk, if any, in the same district.

(*c*) Similarly, when the stock in a district is in excess of its requirements for six months, the surplus will be allotted by the Food Controller to the nearest deficit district.

Note.—In calculating these requirements two pallas of ragi, rice, navane, jolam or four pallas of paddy will be taken as needed per head of population for a year.

6. The surplus stock will be taken over by the Government in such quantities and at such times as the Food Controller or the Deputy Commissioner may decide. In every case the actual taking over of the stock will be effected by the Amildar or the Food Inspector in the presence of a Panchayet of not less than three persons.

7. Arrangements will be made through the local Co-operative Societies, licensed dealers and influential raiyats for the storage of food stuffs commandeered or imported by Government and their sale to the public at rates fixed in accordance with rules to be made by Government.

8. In the case of Municipal towns, stock will be taken under the orders of the Municipal President, who will, after verification of the returns by the Municipal Council, forward a consolidated statement to the Amildar of the taluk and in the case of the City Municipal Councils, to the Food Controller direct.'

Commandeering Stocks of Foodstuffs.

No. G. 8416-27 / P. P. 6-18-36.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, 11th November 1918.

OFFICIAL MEMORANDUM.

The following instructions are issued for the guidance of local officers in commandeering foodstuffs for public use :—

1. Under Notification No. G. 7918—P. P. 6-18-30, dated the 30th October 1918, Deputy Commissioners of Districts have been empowered under Rule 3 (B), (2), (*c*) of the Defence of India Regulation to take over stocks of articles, the prices of which have been fixed.

2. At present, maximum prices have been fixed for ragi, rice, paddy and jolam in certain specified areas. Steps are being taken to fix prices similarly throughout the State and orders in this matter will issue in another day or two. Immediately on receipt of these, Deputy Commissioners can take steps to commandeer the stocks of articles, whenever necessary.

3. In the beginning, stocks may be commandeered from persons holding large stocks. The Deputy Commissioner, either himself or through a responsible officer, may take over the stocks by issuing an order in writing to the person holding stocks to deliver the quantity named to the officer empowered, in such manner as may be suitable. The supplies required will be drawn from the several stock-holders in a village, or other area, without unduly pressing on any one.

4. In order not to inconvenience the individuals from whom the stocks are commandeered, at least a year's supply for the person, his family and dependents will be left with him. In calculating these requirements, two pallas of ragi, rice or jolam or four pallas of paddy may be taken as needed per individual per year.

5. When stocks are taken over, the officer empowered to take delivery will prepare a *mahazar* showing the quantity taken over, as per actual measurement, in the presence of a Panchayet of not less than three respectable local residents. Payment will be made to the individual immediately on taking over the stocks, and in any case, within a week, at the price fixed by the Deputy Commissioner in the notice. The stock taken over will be placed in the safe custody of a responsible person and despatched to the destination indicated, or, used to meet the demands of poor people requiring grain, sales being effected to them in small quantities at a fixed price. The sales may be effected through (1) Co-operative Societies where such exist and are willing to undertake the business, (2) respectable merchants who may be licensed for the purpose, and (3) where these means are not available, through respectable non-official gentlemen or committees formed for the purpose.

6. Every care shall be taken to avoid abuses.

7. Separate orders are under issue placing an advance of Rs. 10,000 at the disposal of each Deputy Commissioner for commandeering stocks as above indicated. Further detailed instructions will issue shortly, but action on the lines pointed out in this memorandum may be taken as required.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Honorary Presidents of Bangalore and Mysore City Municipal Councils.
The Director of Civil Supplies in Mysore.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
dated 14th November 1918.

OFFICIAL MEMORANDUM.

In continuation of the instructions issued in Official Memorandum No. G. 8416-27—P. P. 6-18-36, dated the 11th November 1918, in the matter of commandeering food-stuffs for public use the following further instructions are issued :—

(1) The Deputy Commissioners of Districts will obtain from the District Economic Superintendents *daily* statements of stocks commandeered in the district, in the form appended, and submit the same, for the information of Government, from day to day.

(2) They are also requested to see that strict economy is exercised in the disposal of the stocks taken over. Correct accounts will be maintained by the officers concerned, of the stocks taken over and sold respectively.

If necessary, the Deputy Commissioners may utilise the services of selected officials of all departments for part of their time, where necessary, till things settle down and till new officials are specially appointed by the Revenue Commissioner for the purpose.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Commandeer Stocks.

No. G. 8777-89 / P. P. 134-18-9

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.
Dated the 14th November 1918.

OFFICIAL MEMORANDUM.

It is understood that considerable inconvenience and distress is being caused by the shortage of food stuffs in the market in consequence of people holding back stocks in the expectation of higher prices. Instructions have recently been issued for the guidance of local officers in commandeering food stuffs for public use. In Government Order No. G. 8450-512—P. P. 134-18-1, dated 11th November 1918, an accurate census of stocks has been directed to be taken as a preliminary to a systematic regulation of the food supply. But in order to meet the acute situation in several places at present, Deputy Commissioners are requested to take immediate action to commandeer stocks, urgently wanted, without waiting for the details of the census to be completed. Steps should be taken to see that the stock commandeered is properly distributed to the several markets where food grains are urgently required and that it is equitably distributed to all people in need of food stuffs.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Food Controller in Mysore.
The Deputy Commissioners of Districts.
The Presidents, Bangalore and Mysore City Municipal Councils.
The Director of Civil Supplies in Mysore.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.
Dated Bangalore, the 16th November 1918.

OFFICIAL MEMORANDUM.

With reference to para 5 of Government Order No. G. 8450-512—P. P. 134-18-1, dated 11th November 1918 and the Appendix thereto, the accompanying Forms A, B, C are prescribed for the submission of the returns of stocks in villages, taluks and districts, respectively. Form A will be printed in Kannada and forms B and C in English.

2. The Superintendent, Government Press, is requested to print and supply the requisite number of copies to the Revenue Commissioner who will arrange for the distribution of the printed forms to the several districts and City Municipalities.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Food Controller in Mysore.
The Deputy Commissioners of Districts.
The Presidents of the Bangalore and Mysore City Municipalities.
The Director of Civil Supplies in Mysore.
The Superintendent, Government Press, with a request that proofs of the forms, etc., may be sent to the Revenue Commissioner for passing for final printing.

No. Q.M. G.-8966-79—P.P. 134-18-8, DATED 16TH NOVEMBER 1918.

Operations to control the Food-situation.

No. G. 9378-432—P. P. 134-18-26, DATED 25TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 9378-432—P. P. 134-18-26, dated 25th November 1918.

In Government Order No. G. 16084-134—G. M. 644-17-1, dated the 27th May 1918, the Government appointed a Controller of Civil Supplies and Prices in Mysore with the following functions:—

(i) To watch the prices of food grains and other necessaries of life in the State in all important trade centres and to watch the movement of trade in such commodities by way of large exports and imports;

(ii) to advise Government immediately as to the measures to be taken for the maintenance of the supply of commodities of general use for the purpose of securing the public safety under the Rules issued with Notification No. J. 4039—Legis. 15-17-4, dated the 3rd April 1918, and other enactments in force so that the commodities for control may be at once specified and the necessary notifications may issue for controlling stock and prices;

(iii) to receive and examine applications from merchants and others for the movement of traffic in the State and take needful action in consultation with the local Railway authorities;

(iv) to suggest measures to prevent the cornering and holding up of stocks;

(v) to make proposals wherever necessary, to open shops whether by Government, or preferably by local bodies, at which articles of necessity would be sold at a fair price;

(vi) to take necessary action to keep the general public informed of the arrangements made and when prices have been fixed or supplies made available by Government at fixed rates, to see that the prescribed conditions are complied with; and generally,

(vii) to suggest action to be taken by Government to secure the objects in view, as may be necessary from time to time under the Defence of India Regulation, No. I of 1918.

2. Subsequent to the issue of the order, several instructions have been given from time to time during the past several months, to regulate the work of controlling the supply of certain commodities and the prices thereof, under the new agency created. A large number of notifications have also been issued under the Defence of India Regulation, I of 1918, and the rules framed thereunder, to fix prices, restrict exports, for opening depots in the cities of Bangalore and Mysore for the sale of ragi to the poor and other allied matters. After reviewing the food situation, Government have recently issued an elaborate order laying down the instructions necessary for taking an accurate and detailed food census in the State. They have appointed a Food Controller to work in co-ordination with the Director of Civil Supplies and ordered the appointment of local advisory committees of non-officials and merchants in the districts. Subsidiary instructions have been issued in an Official Memorandum regarding the commandeering of food stuffs and certain provisional rules regarding the taking of stock have been published with instructions to the Revenue Commissioner to amplify and issue them finally for the guidance of local officers, prescribing the necessary forms and registers. A sum of Rs. 10,000 has also been placed at the disposal of Deputy Commissioners for the purpose of commandeering stocks. In exercise of the powers vested in Government, they have also published a notification fixing maximum wholesale prices in the several district areas, of paddy, rice, ragi and jola. Subsequently, the Deputy Commissioners have been requested to take immediate action to commandeer

stocks of food grains urgently wanted, without waiting for the details of census to be completed; and, for the purpose of compelling stockholders to declare their stocks within a fixed time a notification has been issued under the Defence of India Regulation, *vide* Appendix I. The Food Controller, the Director of Civil Supplies and the Deputy Commissioners are now requested to carefully study all the orders on the subject and the further instructions hereunder issued for their guidance in conducting the operations to control the food situation until further orders. The instructions will be liable to be revised according to emergency or altered conditions from time to time; and those now issued should, so far as they do not modify or supersede previous orders, be followed in conformity with the directions already given in the several Government orders and memoranda referred to above.

3. Under Government Order dated the 11th November 1918, the Food Controller has been placed under the orders of the Revenue Commissioner, who is made responsible for the supervision and direction of all food supply arrangements within the State. The Revenue Commissioner is requested to keep himself in close touch with the Deputy Commissioners in regard to commandeering operations as well as the food census and see that all the orders connected with these two branches of work are strictly carried out. He will submit for the consideration of Government forthwith, after consulting the Food Controller and the Deputy Commissioners, if necessary, a scheme for assuming some control over the crops that are being harvested and will be harvested during the next few weeks. It is necessary that all export of such crops should be absolutely prohibited and it is therefore desirable either to buy up on behalf of Government all the paddy and ragi that may be harvested in the State or to introduce some measure under which their export outside the State may be effectively prevented. The Revenue Commissioner is requested after personal inspection of important centres where large stocks are held, to check the taluk and district returns carefully and supervise the commandeering operations of the Deputy Commissioners of Districts, with a view to see that undue hardships may not be caused and normal requirements of the villages for three months are not in any way interfered with, and that proper calculations as regards a year's supply for individuals are made before any stock is taken over. The Revenue Commissioner is also requested to superintend the cash transactions in the districts as far as possible and ensure, by obtaining quick returns, the recoupment of all advances given to the Deputy Commissioners and the Food Controller. The Deputy Commissioner is authorised to exercise his discretion in the matter of employing local agencies of merchants or societies for the distribution of grain after the stock is commandeered in the several centres. Details as to the arrangements that may be made with the merchants for such distribution in local areas will be left to the discretion of the Deputy Commissioner, who will be guided by the rules framed by Government in this behalf and published as Appendix II to this order. The Revenue Commissioner will be given the disciplinary power of removal and suspension over all the temporary executive and ministerial staff sanctioned by Government for the commandeering and stock-taking operations.

4. The duties and functions of the Food Controller will be as follows:—

(1) He will be responsible for the distribution of all available stock in the State to the different districts in accordance with the rough statement of requirements which will be separately communicated to him, under a monthly programme as fixed therein during the next three months, which will be liable to revision at the end of this period.

(2) He will be directly in charge of and responsible for the proper management of the provincial depots to be opened forthwith in Bangalore, Mysore and Tumkur where sufficient stocks of rice and ragi should be kept in order to facilitate the distribution of these food grains to the two Cities and the Deputy Commissioners according to their requirements indicated in the statement referred to above.

(3) He will take charge of all the stock of rice imported from outside as soon as it is delivered by the Director of Civil Supplies and be responsible for its proper distribution.

(4) He will control the traffic of food grains from district to district according to the three months' programme provisionally fixed and no Deputy Commissioner will be competent to move grain from his district to another or to import grain from another district into his district without the approval of the Food

Controller. To exercise such control, the Food Controller will secure necessary transport facilities through the Director of Civil Supplies.

(5) The Food Controller will be ultimately responsible for the successful management of the commandeering operations, keep complete statistics of all the stock commandeered in the different surplus taluks of the State, make necessary arrangements for opening depots, if need be, at the taluk and district headquarters to store and distribute food grains from such centres.

(6) The Food Controller will be given an advance of three lakhs of rupees for transactions relating to his provincial depots and will take timely action for the recoupment of such advances within fixed but limited periods, submitting to Government weekly statements of disbursements and recoupments. He will be authorised to incur incidental expenditure under purchase of bags, hiring of special conveyances, carts, etc., engaging railway waggons for transport of food grains according to urgent demands from place to place.

(7) The Food Controller will be authorised to call for any information from the Deputy Commissioners direct and freely tour about in the districts to keep in close touch with the commandeering and stock-taking operations. He will inspect the taluk and the district depots as often as possible, generally control the arrangements for the supply of food grains from these depots either through merchants or other local agencies, as indicated in the instructions now issued.

(8) The Food Controller will have control over all exports of food grains from the State and will countersign all priority certificates that may be issued by the Director of Civil Supplies to merchants within or outside the State for the export of such commodities. In this connection he will, in consultation with the Inspector-General of Police, devise such measures as will effectually stop all exports excepting those authorised by specific Government Orders.

(9) The Food Controller will be responsible for supplying to the Director of Civil Supplies such quantities of food grains for exports to British Districts as have been agreed to and see that nothing in excess of those requirements goes out of the State on any pretext whatsoever. A confidential statement of such requirements will be furnished to the Food Controller by the Chief Secretary to Government.

5. The duties and functions of the Director of Civil Supplies will be as follows:—

(1) The Director, in consultation with the Revenue Commissioner, will advise Government regarding the prices of essential food grains from week to week with a view to see whether the notification under the Defence of India Regulation requires any modification or not.

(2) The Director will be responsible for all arrangements connected with the import of rice from Burma, the Madras Presidency and other parts of India.

(3) The Director will issue priority certificates for regularising sanctioned exports and for traffic from the provincial depots to the districts after ascertaining in advance all the requirements from the Food Controller and the Deputy Commissioners and keep Government informed of the arrangements made by him for the transport day to day.

(4) The grain depots now under his control and the establishments thereunder sanctioned by Government from time to time shall be transferred to the Food Controller together with all transactions current for the supply of grains to different centres and the accounts connected therewith within seven days from the date of this order, after which, the Director of Civil Supplies will have nothing to do with the buying of grain inside the State for State requirements.

(5) The Director will be responsible for the timely export of food grains due from the State according to the sanctioned scheme and take charge of the quantity from the Food Controller once a week.

(6) The Director will be authorised to receive and examine applications from merchants for transport within the State and for the movement of traffic generally and to issue certificates for traffic in respect of commodities other than paddy, rice, ragi and jolam.

(7) The Director will prohibit or restrict the movement of such commodities as are non-essential in order to facilitate the movement of food grains, especially rice

and ragi, and at all times will comply with the requisitions of the Food Controller under the latter head.

(8) A statement of priority certificates issued by him every day should be submitted to Government, copies thereof being forwarded to the Revenue Commissioner and the Food Controller for their information.

DEPUTY COMMISSIONERS.

6. (1) The Deputy Commissioners are directly responsible for the commandeering operations and will be authorised to utilise the District Economic Superintendents, Sub-Division Officers and Amildars for such work and a notification has been issued investing these officers with the necessary powers.

(2) The Deputy Commissioners will be responsible for the prevention of unlicensed export of ragi and rice from their districts; the circular memorandum dated the 24th August will be considered as cancelled. Under no circumstances will the Deputy Commissioners issue licenses for the export without consulting the Food Controller.

(3) The Deputy Commissioners will be personally responsible for the proper working of Ookads and inspect them as often as possible obtaining additional staff, if any required, from the Inspector-General of Police regarding patrol and *bandobasth* as may be deemed necessary from time to time.

(4) The Deputy Commissioners will be responsible for all district headquarter depots and for the issue of permits for traffic by road either from village to village or taluk to taluk or from villages to recognised *santhes*.

(5) The Deputy Commissioners will be responsible for the correct preparation of stock accounts of their district, a proper tabulation of all village and talukwar statements prepared on receipt of the declarations that are made by stock-holders in pursuance of the notification issued.

(6) The Deputy Commissioners will be responsible for the equitable distribution of stocks within their districts as well as distribution of imported rice after it is handed over by the Food Controller to deficit taluks. They will also be responsible for the delivery of surplus stocks commandeered in their districts for the deficit taluks of other districts on the requisition of the Food Controller.

(7) The Deputy Commissioners will maintain correct day to day accounts of the disbursements made out of the advance of Rs. 25,000 which will be placed now at their disposal for commandeering stocks and submit to Government a weekly statement thereof taking particular care to see that advances are recouped promptly as soon as the grain is distributed.

(8) The Deputy Commissioners will be responsible for the depots at district head-quarters which will be placed in the direct charge of their Personal or Treasury Assistants.

(9) The Deputy Commissioners will be responsible for the preparation of consolidated returns for their districts under food census and transmission of the same to the Revenue Commissioner's Office not later than the 15th of December.

AMILDARS.

7. (1) The Amildars of taluks will be responsible for the accurate estimate of stocks being prepared in the first instance before commandeering operations are taken. Any hardships caused by erroneous estimates on their part under this head will be seriously noticed.

(2) They will be responsible for making at once a correct forecast of the next harvest under paddy, ragi and jola.

(3) The Amildars will be responsible for the preparation of the talukwar statement of food census after collecting the villagewar statement from the Patels so as to ensure their submission within the due date.

(4) The Amildars will be directly in charge of the taluk depots, if any, opened in their taluks directly under Government management.

The Amildars will be given an imprest of Rs. 500 for commandeering operations and for emergent expenses, which will be placed at their personal debit for recoupment in due course and as promptly as possible under the rules.

No. G. 9378-432—P. P. 134-18-26, DATED 25TH NOVEMBER 1918.

8. Government are pleased to sanction the following appointments and additional establishments to facilitate prompt despatch of work as indicated above :—

(1) Mr. Abdul Aziz Khan is appointed Assistant to the Food Controller.
(2) „ B. S. Ranoji Rao is appointed Assistant to the President, City Municipality, Bangalore, in addition to his own duties.
(3) „ C. Lakshmana Rao is appointed Personal Assistant to the Deputy Commissioner, Shimoga.
(4) „ Abdul Hukh will be appointed Personal Assistant to the Deputy Commissioner, Kolar, on relief from his present duties.
(5) „ E. H. Thomson is appointed Personal Assistant to the Deputy Commissioner, Hassan.

The Revenue Commissioner is authorised to depute competent Taluk Sheristedars or other officers of the Police, Excise and Registration Departments as Food Inspectors. The Inspector-General of Police, the Excise Commissioner and the Inspector-General of Registration will be requested to comply with the Revenue Commissioner's requisitions in this respect as far as possible.

9. A revised list of maximum prices will now be issued, *vide* Appendix III, superseding the notification dated 12th November 1918. The Food Controller is authorised to take over harvested crops at the prices thus fixed wherever possible with a view to increase the stock available for distribution to deficit taluks.

Care has been taken in issuing the revised notification to fix the retail as well as wholesale prices and also the prices at which Government can commandeer stocks and to give the description of sorts under rice. The attention of the Deputy Commissioners and the other local officers is invited to these details, and to the fact that sufficient margin has been provided for to admit of incidental expenses as well as merchants' profits being met in fixing the wholesale and retail rates. The Deputy Commissioners are requested to see that, when commandeering stocks, the sanctioned prices are paid forthwith and not within a week as indicated in the previous orders.

10. A revised set of rules to supersede the provisional rules printed as appendix to Government order dated 11th November 1918 is also issued. *Vide* Appendix IV.

11. A memorandum giving clear instructions to all officers in respect of commandeering operations is also issued. *Vide* Appendix V.

The commandeering operations should at present be confined to the following taluks :—

Tumkur District.—Tumkur, Gubbi and Kunigal.
Bangalore District.—Bangalore, Dodballapur, Hoskote and Kankanhalli.
Kolar District.—Malur, Bowringpet, Kolar and Chintamani.
Hassan District.—Hassan, Arsikere and Arkalgud.
Mysore District.—Heggaddevankote, Hunsur and Mysore.
Kadur District.—Kadur and Tarikere.
Shimoga District.—Shimoga, Tirthahalli and Channagiri.
Chitaldrug District.—Davangere, Harihar, Holalkere and Hosdurga.

12. A special grant of Rs. 1,000 will be made to the Deputy Commissioners for disbursements under rewards for the detection of illicit traffic in food grains as well as for information regarding concealment of stocks. The Deputy Commissioners and Food Controller are now authorised to give rewards up to Rs. 100 in each case and the Revenue Commissioner is authorised to give rewards up to Rs. 250 in each case. The system of rewards should be widely published for the information of all concerned.

13. With a view to keep a strict watch over disbursements from the advances given to the Food Controller and the Deputy Commissioners, it is necessary to exercise some centralised check by Government. The Financial Secretary is therefore requested to occasionally go on tour and personally scrutinise the advance accounts submitting notes of inspection to Government for their information, any undue delay being brought to notice for special action.

14. As regards the import of rice from Burma, Madras and other parts of India, the Director of Civil Supplies is requested to submit a clear statement of the present situation showing the stock in hand, the stock already purchased and expected

to arrive during the next one month and further purchases ordered as likely to be required. He is also requested to make detailed enquiries regarding the chartering of a steamer from Rangoon.

15. The requirements of the different parts of the State, *viz.*, the eight districts and the two City Municipalities, have been carefully considered by Government and the arrangements made to supply the requisite quantities in respect of each minus locality will be separately communicated to the officers concerned. All the officers concerned are requested to take due care and necessary advance measures to see that the arrangement is strictly adhered to during the next one month; and the Director of Civil Supplies is requested to distribute the imported rice, make the necessary intra-State arrangements for their transport in accordance with the requisitions of the Food Controller.

16. Government hope that now definite responsibilities have been fixed for all grades of officers and detailed instructions issued under each item of work, supervising authorities will see that those instructions are carefully carried out and they will bring to the notice of Government any violation or abuse in any respect whatsoever, which will be severely dealt with. They are also requested to note the good work done by any individual officer or group of officers working under them. Government will be glad to take due notice of such work at the conclusion of these operations.

APPENDIX I.

Notification No. G. 9336—P. P. 134-18-20, dated 23rd November 1918.

In supersession of Government Notification No. G. 8945—P. P. 134-18-9, dated 16th November 1918, and in exercise of the powers conferred by Rule 3 B (2) (*a*) of the rules issued under the Defence of India Regulation, I of 1918, the Government of His Highness the Maharaja are hereby pleased to direct that all owners of paddy, rice, ragi, jolam and navane, who have in their possession or control any stock in excess of 2 pallas of rice, ragi, jolam and navane and 4 pallas of paddy shall, by the 10th December 1918, furnish particulars of such stock, in the form hereunder prescribed, to the Amildar or Deputy Amildar in whose jurisdiction the stock is held. In Municipal areas, the declaration shall be made to the President and handed over to such officer or officers as the President may authorise in this behalf. In rural tracts, the returns shall be handed over by the declarant to the village patel who will arrange to forward them to the taluk office with a consolidated list. Illiterate persons who cannot write their returns may apply to the shanbhog who shall write the return for them free of cost.

Any person who omits to make the return within the prescribed date or makes a false return will be liable to be prosecuted and sentenced to imprisonment for a term extending to three years or fine or both.

FORM OF DECLARATION.

I hereby declare that the following is a true and correct account of the stock of the undermentioned food grains held by me, in my possession or under my control.

Particulars of food grains.	*Quantity held in pallas of 100 seers.*

No. G. 9378-432—P. P. 134-18-26, DATED 25TH NOVEMBER 1918.

APPENDIX II.

Notification No. G. 9337—P. P. 134-18-21, dated 23rd November 1918.

In exercise of the powers vested by sub-rule (2) 'a) and (b) of Rule 3 B of the Rules issued under the Defence of India Regulation, I of 1918, the Government of His Highness the Maharaja are hereby pleased to issue the following rules for regulating the transport and sale of certain food-grains in the State:—

RULES FOR REGULATING THE TRANSPORT AND SALE OF CERTAIN FOOD GRAINS.

Rice, Paddy, Ragi, Jola, and Navane.

1. Every person other than a licensed dealer having in his possession or under his control 5 pallas of ragi, rice, jolam or navane or 10 pallas of paddy shall maintain a correct account of the stock held by him and of its disposal from time to time. The account shall be open for inspection at any time by any officer of and above the grade of Deputy Amildar. A monthly return of the stock showing the receipts and disposals during each month and the balance at the end of the month shall be furnished by him (i) in Municipal Towns, to the President or other officer named by him in this behalf and (ii) in non-municipal areas, to the Amildar or Deputy Amildar through the patel of the village.

2. No person shall be allowed to transport from one village, taluk or district to another village, taluk or district, ragi, rice, jolam and navane in excess of 1 palla or paddy in excess of 2 pallas except with the permission in writing of the officers mentioned below:—

(i) *From one village to another in the same taluk.*—The Amildar or Deputy Amildar of the Taluk or Sub-Taluk or other officer whom the Government may authorise him to nominate in this behalf.

(ii) *From one taluk to another in the same district.*—The Deputy Commissioner of the District or other officer authorised by him in this behalf.

(iii) *From one district to another.*—The Food Controller or other officer authorised by him in this behalf.

3. In granting permission for transport from one place to another, the following considerations will prevail:—

No permission shall be granted for the transport of grain *(a) from* any village, taluk or district in which the stock is not sufficient to meet the requirements of the village, taluk or district for at least three months from 1st December 1918 or *(b) to* any village, taluk or district in which the stock available exceeds three months' requirements.

4. No one shall deal in ragi, rice, paddy, jolam or navane, either wholesale or retail, except under and in accordance with the terms of a license issued by the President in Municipal Towns and Deputy Commissioner or other officer authorized by him in non-municipal areas. Such licenses may be issued to firms, individuals, Co-operative Societies or Committees as may be deemed proper and necessary.

5. Wholesale licenses shall be subject to the following conditions:—

(i) The licensee shall obtain his supply only from places wherein the stock exceeds the requirements of the locality for three months and on permits issued to him under Rule 3.

(ii) The licensee shall not hoard his stock but shall dispose of it within reasonable time to retail dealers in the same locality or in such other localities as may be prescribed by the officer issuing the license within his jurisdiction. He may also sell to individual customers quantities of not less than 25 seers at a time and not exceeding two pallas or such quantities as may be prescribed by the officer issuing the license.

Any tendency on the part of the licensee to hoard the stock for profiteering or other purpose, when there is public demand for it, will render the stock liable to be commandeered and taken possession of by

Government at the rate fixed by them in this behalf and sold to retail dealers or otherwise disposed of by them in such manner and at such rate as they may consider proper.

(iii) The licensee shall maintain a correct account of all purchases and sales made by him and furnish a monthly return in such form as may be prescribed by the Deputy Commissioner or Municipal President as the case may be. The account shall be open for inspection by the Deputy Commissioner or President or other officer authorized by them in this behalf.

6. Licenses for the retail sale of the controlled food grains shall be subject to the following conditions:—

(i) A notice-board will be put up in front of the shop showing the maximum rates at which the grain will be sold.

(ii) Sales should be made to persons who are temporary or permanent residents in the localities to be specified in the license and for their *bona fide* requirements and in quantities not exceeding Rs. 5 worth of rice or paddy or 3 Rs. worth of any ragi, jolam, or navane to any person at any one time. *Bona fide* travellers should be regarded as temporary residents for the purposes of this rule.

(iii) An account showing the total daily receipts and sales and the balance in stock at the end of each day should be maintained, and be available for inspection at any time by the President or other officer deputed by him in Municipal towns and Deputy Commissioner or Amildar or other officer deputed by him in non-municipal areas.

(iv) Any licensee who withholds stock without making it readily available for sale to the public will be liable to have his stock commandeered by Government and disposed of in the manner specified in Rule 5 (ii) above.

7. Licenses for retail sale at *Santes* will be subject to the same conditions *mutatis mutandis* as those specified in Rule 6.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Note.—(1) The prices for paddy will be 45 per cent of the prices fixed for rice.
(2) The wholesale prices will apply to transactions by cart-loads of ragi or to transactions of not less than 5 pallas of rice, jola, etc., or 10 pallas of paddy at a time.
(3) Prices for paddy and rice of the new harvest will be 20 per cent less than the prices fixed above.
(4) The commandeering prices are fixed for delivery at the District Head Quarters in the case of all Districts except Chitaldrug where delivery will be at Davangere and except Kadur District where the place of delivery for ragi will be Kadur.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

No. G. 9378-432—P. P. 134-18-26, dated 26th November 1918.

No. G. 9378-432—P. P. 134-18-26, DATED 25TH NOVEMBER 1918.

APPENDIX IV.

Official Memorandum No. G. 9339-50—P. P. 134-18-23, dated 23rd November 1918

The following instructions are issued for the guidance of local officers in taking a census of stocks of certain food grains :—

A general notification will be issued by the Government calling upon all persons holding a stock of not less than two pallas of rice, ragi, jolam or navane or four pallas of paddy to give a statement in the form prescribed therein, of their stock to the patel of the village on or before the date fixed therein.

2. On receipt of the statement, the patel will have them examined and verified by the Village Committee. He will also prepare in consultation with the committee an approximate estimate of stocks held in quantities less than the limit referred to in Rule 1, and the number of families holding such stocks. He will then prepare a consolidated list for the village in Form A and send it together with the original statements to the Hobli Shekdar within three days. At the same time, he will indicate the cases where he has doubt of the accuracy of the return and apply for a verification by search and actual measurement.

3. Within a week of the receipt of the statements from all the villages, the Amildar will cause a consolidated statement in Form B to be prepared for the entire taluk and submit it to the Deputy Commissioner with a statement of individual stocks in the taluk in excess of 50 pallas each.

4. The Deputy Commissioner will within three days of the receipt of the statements from all the taluks and City Municipal Councils furnish a talukwar statement in Form C to the Food Controller, the Revenue Commissioner and Government.

5. In the case of municipal towns, stock will be taken under the orders of the Municipal President, who will, after verification of the returns by the Municipal Councils, forward a consolidated statement to the Amildar of the taluk, and in case of the City Municipal Councils, to the Deputy Commissioners.

6. Not less than one per cent of the returns of stock in each taluk (inclusive of those referred to in Rule 2) should be verified by actual inspection and measurement by the Amildar or the Food Inspector who will be empowered in this behalf by the Deputy Commissioner under Rule 3 B (3) of the Rules under the Defence of India Regulation.

7. All such verifications shall be made in the presence of the stockholder, or in his absence, of some adult member of his family and of not less than two respectable inhabitants of the locality.

By Order,

C. S. BALASUNDARAM IYER.
Chief Secretary to Government.

No. G. 9378-432—P. P. 134-18-26, DATED 25TH NOVEMBER 1918.

APPENDIX V.

Official Memorandum No. G. 9351-63—P. P. 134-18-24, dated 23rd November 1918.

The following instructions are issued for the guidance of local officers in commandeering food stuffs for public use:—

1. Under Notification No. G. 7918—P. P. 6-18-30, dated the 30th October 1918, Deputy Commissioners of Districts have been empowered under Rule 3 B, (2) (*c*) of the Defence of India Regulation to take over stocks of articles, the prices of which have been fixed and Revenue Sub-Division Officers, Amildars and Deputy Amildars will be similarly empowered.

2. Commandeering and maximum wholesale and retail prices have been fixed for ragi, rice, paddy and jolam in all districts.

3. In the beginning, stocks may be commandeered from persons holding large stocks. Any officer duly empowered in this behalf may personally take over the stock after issuing an order in writing to the person holding stocks to deliver the quantity named, in such manner as may be suitable. As far as possible, the supplies required will be drawn from the several stock holders in a village or other area, without unduly pressing on any one.

4. In order not to inconvenience the individuals from whom the stocks are commandeered, at least a year's supply for the person, his family and dependents will be left with him. In calculating these requirements, two pallas of ragi, rice, or jolam or four pallas of paddy may be taken as needed per individual per year.

5. In order to avoid unnecessary cross traffic, the following general rules for the re-adjustment of stocks will be followed:—

(*a*) When the stock in any village is in excess of its requirements for three months, the surplus will be allotted to the nearest deficit village, if any, in the taluk.

(*b*) When the stock in a taluk is in excess of its requirements for three months, the surplus will be allotted by the Deputy Commissioner to the nearest deficit taluk, if any, in the same district.

(*c*) Similarly, when the stock in a district is in excess of its requirements for three months, the surplus will be allotted by the Food Controller to the nearest deficit district.

NOTE.—In calculating these requirements two pallas of ragi, rice, navane, jolam or four pallas of paddy will be taken as needed per head of population for a year.

6. When stocks are taken over, the officer empowered to take delivery will prepare a mahazar showing the quantity taken over, as per actual measurement, in the presence of a panchayet of not less than three respectable local residents. Payment will be made to the individual immediately on taking over the stocks, and in the presence of the panchayetdars.

7. Correct accounts in the forms prescribed should be kept of the quantity commandeered and steps taken to see that the stocks commandeered are properly distributed.

8. Deputy Commissioners will obtain from the Amildars daily statements of stocks commandeered in the district in the form appended and send the same to the Food Controller from day to day, copies being sent to the Revenue Commissioner and the Government.

9. Every care shall be taken to avoid abuses and all complaints of irregularities should be properly enquired into and dealt with.

No. G. 9378-432—P. P. 134-18-26, DATED 25TH NOVEMBER 1918.

Celebrations of Armistice.

No. G. 9698-712 · P. P. 136-18-25, DATED 28TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 8989-9002—P. P. 136-18-9, dated the 19th November 1918, directing that the conclusion of Armistice should be celebrated in the State on the 27th November 1918, and suggesting the shape which the celebrations may take.

2. Memo No. G. 9232-46—P. P. 136-18-14, dated the 22nd November 1918, directing that the celebrations ordered in the Government Order read above, should be arranged to be observed on the 7th December 1918, instead of on the 27th November 1918.

Order No. G. 9698-712—P. P. 136-18-25, dated 28th November 1918.

To meet the cost of the celebrations referred to above, the following amounts are sanctioned from State Funds to supplement any sums that may be raised by voluntary subscriptions and grants from Municipal Funds:—

	Rs.
Bangalore District (except Bangalore City) ..	1,000
Bangalore City	3,000
Mysore District (except Mysore City) ..	750
Mysore City	1,500
Shimoga District	500
Kolar do	500
Tumkur do	500
Hassan do	500
Chitaldrug do	500
Kadur do	500
Total ..	9,250

2. The allotments made by the District Headquarter Municipalities for the coronation celebration of 1911 are noted in the margin, and in case the Boards are agreeable, amount not exceeding the same may be sanctioned on the present occasion also. In the case of Minor Municipalities grants not exceeding Rs. 40 from each may be recommended.

		Rs.
Bangalore City	...	3,000
Kolar	...	200
Tumkur	...	500
Mysore	...	2,000
Hassan	...	400
Shimoga	...	200
Chikmagalur	...	500
Chitaldrug	...	200

3. In addition to the above, a sum of Rs. 100 each for the districts of Bangalore and Mysore and Rs. 50 each for the other districts will be placed at the disposal of the Deputy Commissioners through the Muzrai Superintendent to meet the expenses of the special prayers to be offered in all places of worship.

4. The entire expenditure will be met from the grant provided for recruitment charges.

Correspondence ending with letter No. 977, dated 26th July 1918, from the Chief Commandant, Mysore State Troops, proposing certain rules for regulating the grant of sick leave and pay during such leave to the temporary followers sent for Field Service but invalided to India.

Order No. G. 9599-600—Mily. 375-17-4, dated 28th November 1918.

The rules are approved as shown in the appendix to this order.

C. S. BALASUNDARAM IYER'
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops, Bangalore.
The Comptroller to Government (through the Financial Secretariat.)

Exd.—C. L.

APPENDIX.

Sick leave up to a maximum extent of two months will be granted to temporary followers engaged for Field Service if they satisfy the following conditions:—

(i) That they have been engaged for the period of the war.

(ii) That they have served continuously overseas for a minimum period of four months, and

(iii) That in the opinion of a medical board they are likely to become fit for service overseas again within the period of two months.

All invalided temporary followers who do not satisfy the above conditions or who on rejoining the depot after the expiry of the two months' sick leave are found to be unfit for duty overseas will be discharged from service.

A temporary follower invalided to India will get his full pay and Field Service Allowance up to the date of his arrival at the Depot or of his admission into any war Hospital in India and subsequently he will be entitled up to the date of his discharge only to the rank pay of the class to which he belongs.

No. 8002-8013—MED., DATED 2ND NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 8002-8013—Med., dated 2nd November 1918.

In order that the campaign against the Influenza epidemic may be more effective, Government consider it necessary to issue the following supplementary instructions:—

1. *Thymol.*—The Senior Surgeon is requested to withdraw circulars issued by him prohibiting the use of the drug as the appropriate medicines to be used in each case should be left to the discretion of the medical officer concerned according to circumstances. As no authoritative treatment is recommended by the Senior Surgeon, Government do not consider it expedient to bar or push any particular remedy. Further, as Thymol was mentioned in Government Order No. 98-102, dated 12th October 1918, the Senior Surgeon should not have issued the circular without reference to Government.

2. *Control over the staff.*—All medical and other agency employed in district areas other than the Municipal areas of Bangalore and Mysore will be under the administrative control of the Deputy Commissioners. Similarly all staff relating to Special Influenza Hospitals in Mysore and Bangalore will be under the control of the Municipal Presidents. The Senior Surgeon and the Sanitary Commissioner will be advisory authorities and no orders in administrative matters need be issued by them. They should address Government regarding such orders if their advice is not accepted by the Presidents and Deputy Commissioners.

3. *Influenza Hospital.*—In order to enable the Presidents to obtain regular expert professional help and advice, Dr. Mylvaganam will be the visiting officer for the Influenza Hospital at Bangalore and Dr. Krishnaswamy Iyer for the Influenza Hospital at Mysore. Influenza cases should not be sent to the Epidemic Diseases Hospital.

P. G. D'SOUZA,
For Chief Secretary to Government.

To—The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Presidents of Bangalore and Mysore City Municipalities.

Government Proceedings No. 5044-63—San. 68-16-6, dated the 9th March 1918, sanctioning the re-organisation of the Vaccination Department and requesting the Sanitary Commissioner to frame suitable rules prescribing qualifications of Vaccinators, etc., and submit them for the approval of Government.

2. Correspondence ending with letter No. G. C. 65-2, dated the 30th July 1918, from the Sanitary Commissioner, submitting draft rules relating to the duties and control of Deputy Inspectors of Vaccination and of Vaccinators and recommending that the rules of travelling allowances to the Deputy Inspectors of Vaccination may be fixed according to the rules allowed to Assistant Deputy Inspectors of Schools.

Order No G. 8821-30—Sany. 128-17-5, dated 15th November 1918.

The rules proposed by the Sanitary Commissioner are approved with slight modifications. A copy of the rules is appended to this order.

2. The batta to the Deputy Inspectors of Vaccination will be three-tenth pay, subject to a minimum of annas 12. Government see no reason to increase the road mileage further than annas 3 per mile.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller, Mysore Government.

APPENDIX I.

Rules Relating to the Duties of Deputy Inspectors of Vaccination.

1. Three grades of Deputy Inspectors of Vaccination with three appointments in each grade having been sanctioned in Government Order No. 5044-63—Sany. 768-16-6, dated the 9th March 1918, the existing three District Sanitary Assistants will hereafter simply be styled Deputy Inspectors of Vaccination and placed in the first grade, with a personal allowance of Rs. 10 per mensem. They will be relieved of duties pertaining to sanitary inspections and be required to devote their attention exclusively to vaccination work. The two existing Deputy Inspectors will be absorbed in the new scale.

2. The following qualifications are prescribed for appointments as Deputy Inspectors of Vaccination :—

(*a*) Completed Secondary School Leaving Certificate or an equivalent examination.

(*b*) Diploma of Sanitary Inspector.

(*c*) Certificate of physical fitness for a hard camp life.

(*d*) Certificate of good conduct, and

(*e*) Training in a recognised Vaccine Institute in the theory and practice of Vaccination.

No. G. 8821-30—Sany. 128-17-5, dated 15th November 1918.

As a rule the last grade Deputy Inspectors will be recruited from the staff of Sanitary Inspectors, due consideration being given to seniority in service and merit.

Promotions to the 1st and 2nd grades will be according to vacancies and approved service rendered in the next lower grade.

3. On and from the date of the issue of these rules, the Deputy Inspectors of Vaccination will be transferred to the District Boards for the purpose of disciplinary control. The powers of appointments, promotions, transfers and retirements of Deputy Inspectors, however, are vested in the Sanitary Commissioner to Government who will however consult the District Board, on whom he exercises these powers.

4. The Deputy Inspector of Vaccination shall be on duty in places other than his head-quarters not less than twenty days in each month.

5. The Deputy Inspector shall submit to the President, District Board, monthly programmes made out separately for each taluk, in advance showing the localities that he intends to inspect during the following month. The date of submission of each programme is 10th. The President of the District Board will after approval of the programme forward it to the Taluk Board concerned for information. The President of the Taluk Board may request the Deputy Inspector to deviate from an approved programme subject to his reporting to the President of the District Board his reasons for considering such deviations necessary. The Deputy Inspector may depart from the programme if an outbreak of small-pox or other urgent cause necessitates his presence elsewhere. In such case he shall immediately submit a report to the President of the District Board and intimate the fact to the Amildar of the Taluk.

6. Programmes should be so arranged that all unions and other important villages may be inspected by the Deputy Inspector not less than once each year.

7. It is the duty of the Deputy Inspector—

(*a*) to regulate, and exercise general supervision over the work of vaccinators,

(*b*) to prepare the programmes of vaccinators and furnish takids to Amildars for signature and despatch to patels under the Karnool system of Vaccination.

(*c*) to verify not less than 50 per cent of the cases done by the vaccinators, to inspect the vaccination registered and test their accuracy and to call attention to any defects, false returns and excess in the number of unvaccinated children.

(*d*) to obtain every year from the Amildars of taluks, Khaneshumari (*vide* Government Order No. 4437-484—L. R. 643-14-5, dated the 13th November 1916) figures pertaining to number of children under twelve years unprotected against small-pox and to maintain a village-war register shewing, side by side, the number of unvaccinated children and the vaccination done during the year, with date of vaccination.

(*e*) to visit localities where epidemics of small-pox occur and to supervise the arrangements made to check them.

(*f*) to see that the children are vaccinated as soon after birth as possible and that vaccination is not postponed to a later period.

8. Weekly diaries of the Deputy Inspector will be submitted to the President, District Board, who will forward them with his remarks to the Sanitary Commissioner after scrutiny by the District Sanitary Officer.

9. Copies of small-pox reports should be sent by the authorities concerned direct to the Deputy Inspector of Vaccination as well as to the Deputy Commissioner and President of the District Board. The Deputy Inspector of Vaccination shall do all in his power to notify to the Presidents of Municipal Councils the proximity of Epidemic of small-pox in the adjoining rural areas.

10. The Deputy Inspector shall make himself acquainted with all matters likely to prejudice the satisfactory conduct of vaccination and shall endeavour to persuade all persons showing unwillingness, to accept it. He should during inspections discuss matter with the people in a friendly manner to show the benefits of vaccination.

11. The Deputy Inspector may issue orders of a routine character to vaccinators but he shall bring to the notice of the President of the District Board any irregularities in work, defects in vaccination, methods and inaccuracies in the returns.

APPENDIX II.

Rules Relating to the Revision of Scale and Disciplinary Control of Vaccinators in the State.

1. Under Government Order No. 5044-63—Sany. 68-16-6, dated the 9th March 1918 the revised scale of vaccinators will consist of —

1st grade 32 on Rs. 25
2nd grade 32 on Rs. 20
3rd grade 50 on Rs. 15

No. G. 8821-30—Sany. 128-17-5, dated 15th November 1918.

2. The total of 114 appointments sanctioned for the State will be distributed as under :—

	1st grade	2nd grade	3rd grade	Total
Bangalore District ..	5	5	7	17
Kolar do ..	4	4	7	15
Mysore do ..	6	6	10	22
Tumkur do ..	5	5	6	16
Shimoga do ..	3	3	5	11
Kadur do ..	2	2	5	9
Hassan do ..	4	4	6	14
Chitaldrug do ..	3	3	4	10
Total ..	32	32	50	114

Out of this staff, one 2nd class vaccinator in each district will be styled Reserve Vaccinator for employment exclusively during emergencies, such as outbreaks of small-pox and to relieve vaccinators going on leave. The Reserve Vaccinator will be entitled to mileage under the rules when he is posted from one taluk to another for duty.

3. On and from the date of issue of these rules the present staff of vaccinators working in the districts will be transferred to the District Boards for direct supervision and disciplinary control.

4. No vaccinator can be employed under the new scale who does not possess general educational qualification equal at least to the English Lower Secondary Standard and who has been trained in the art and the technique of vaccination for a period of two months at the local or other recognised Vaccine Institute. As a rule only local men will be trained and employed as vaccinators in districts.

5. The Presidents of the District Boards are, however, empowered to grant exemption from the qualification rule in the case of existing vaccinators of not less than ten years standing who have rendered approved service.

6. Vaccinators will be entitled to a fixed travelling allowance of Rs. 8 per mensem subject to the condition that they have been on tour at least twenty-one days during the month. The Sanitary Commissioner will be authorised to fix minimum cases for each taluk according to local circumstances and retrench travelling allowance due if the work falls short of the minimum.

7. Vaccinators will be directly subordinate to the Deputy Inspectors of Vaccination and will submit all their reports and returns to them. All official correspondence carried on by vaccinators should invariably be addressed to or pass through the Deputy Inspector of Vaccination.

8. The Presidents of the District Boards will exercise all powers pertaining to the disciplinary control of vaccinators and to their appointments, transfers and promotions and dismissals.

9. In regard to itinerary and procedure of work, the Karnool system of vaccination introduced into districts under Government Order No. 5276-307—Med. 111-05-3, dated the 22nd November 1905, will continue to be in force.

10. It shall be the duty of the vaccinator to keep himself informed of the outbreak of small-pox in his area and bring the fact forthwith to the notice of the Deputy Inspector of Vaccination.

11. The vaccinator shall keep a register in the form appended, showing particulars of vaccinations done and subsequent inspections carried out. At the close of every week he shall embody the particulars of work in a weekly diary to be submitted, with as little delay as possible, to the Deputy Inspector of Vaccination.

12. Once every quarter the Deputy Inspector shall draw up a memorandum showing the progress of vaccination in the districts, the estimated number of unprotected children available for vaccination and special action if any, taken to reduce this number, with explanatory notes as to the causes that hindered progress of work during the quarter and the facilities needed to ensure better results. The memo should be submitted to the President of the District Board who will, if necessary, have it scrutinised by the District Sanitary Officer and place it before the District Board for information.

13. The Sanitary Commissioner and the District Sanitary Officer shall, on the basis of the weekly diaries furnished to them by the Deputy Inspectors as well as a result of their own inspections, advise the Presidents of District Boards from time to time as to the defects in work and procedure requiring attention in order that the standard of vaccination is maintained at a high level.

14. As regards vaccination work in Municipalities, each Municipality should make its own arrangement and pay for it from its own funds. In case the Vaccination Regulation is in force, the work will strictly be regulated by the rules issued under the Regulation and by the special bye-laws framed for the local area.

ANNEXURE.

Letter No. 2191-155, dated 20th—24th September 1918, from the Officiating Inspector-General of Police in Mysore, to the Chief Secretary to Government of Mysore.

"I have the honor to forward herewith copy of report on the working of the Mysore Mines Regulation, No. IV of 1906, during the official year 1917-18 received from the District Magistrate, Kolar District.

2. *Cases.*—During the year under review there were 309 cases or nearly double the number reported in the preceding year. The increase was chiefly under Sections 6, 16 and 13 'Unlawful possession of mining materials' and 'Breaches of Sanitary Rules framed under Section 34. This increase may probably be due to greater alertness on the part of the Mining Watch Establishment.

Of the 309 cases, 136 ended in conviction, 166 in acquittal or discharge and 7 were awaiting trial at the close of the year as against 76, 86 and 10 respectively in the preceding year.

3. *Persons.*—Three hundred and thirty-seven persons were involved in these cases of whom 142 persons were convicted, 185 were acquitted or discharged and 10 were awaiting trial as against 80, 86 and 11 respectively in the previous year.

4. Besides these cases, 22 cases relating to stolen mining materials were dealt with under the Indian Penal Code of which 20 cases with 31 persons ended in conviction and the rest in acquittal.

5. In addition to the above cases dealt with by the watch establishment the Police dealt with 74 cases involving 100 persons. Of these 54 cases involving 60 persons ended in conviction, 14 cases involving 30 persons ended in acquittal or discharge and 6 cases involving 10 persons were awaiting trial at the close of the year.

6. There has been an increase in the number of mining accidents during the year, being 54 against 46, while there has been a decrease in the number of deaths therefrom, which was 59 against 68 in the year previous."

Exd.—C. R.

No. G. 9143-4—Legis. 21-18-2, dated 21st November 1918.

No. D. Dis. 80—18-19, dated 5th September 1918, from the District Magistrate, Kolar District, to the Officiating Inspector-General of Police in Mysore.

In pursuance of Government Order No. J. 3503-4—Legis. 30-06-6, dated the 17th May 1907, I have the honor to forward herewith the Twelfth Annual Report on the working of the Mysore Mines Regulation.

2. During the year under report, 302 cases involving 327 persons were disposed of by the Magistrates under the various sections of the Mysore Mines Regulation, of which 136 cases involving 142 persons ended in convictions and the remaining 166 cases with 185 persons in acquittal or discharge, against a total number of 162 cases concerning 166 persons in the previous year, with convictions in 76 cases with 80 persons and discharges or acquittals in 86 cases with 86 persons, thus resulting in an increase of 140 cases with 161 persons in the year under report.

3. The number of cases dealt with during the year under report was about double that of last year. The increase was due to a larger number of prosecutions for offences relating to (1) unlawful possession of mining materials under Sections 6, 16 and 13, Mysore Mines Regulation and (2) breach of Sanitary Rules framed under Section 34 of the Regulation, the figures under these heads for the year under report being 57 and 231 as against 36 and 105 respectively in the year previous.

Besides these cases 7 cases with 10 persons were pending disposal before the Magistrate at the close of the year.

4. In addition to the cases dealt with under the Special Law, 22 cases involving mining material held to be stolen property were brought and dealt with under the general law of Crimes *viz.*, under Section 379, Indian Penal Code. Of these 22 cases, 20 cases ended in the convictions of 31 persons and the rest in acquittal.

5. During the year under report, 74 cases relating to 100 persons were prosecuted by the Police under Sections 6 to 19 of the Regulation as against 56 cases involving 57 persons in the year previous, as compared in the sub-joined table.

Sections	1916-17				1917-18			
	Prosecuted		Convicted		Prosecuted		Convicted	
	Cases	Persons	Cases	Persons	Cases	Persons	Cases	Persons
6 & 13, Mysore Mines Regulation ...	33	34	18	18	56	76	41	47
16 & 13 do do ...	3	3	2	2	...	...	...	...
6, 16 & 13 do do ...	...	...	..	...	7	12	2	2
7 & 13 do do ...	7	7	4	4	2	3	2	2
12 & 13 do do ...	1	1	1	1	1	1	1	1
17 & 19 do do ...	5	5	5	5	1	1	1	1
18 & 19 do do ...	4	4	4	4	7	7	7	7
Total ...	56	57	34	34	74	100	54	60

6. *Section 6 unlawful possession of mining material.*—Of the 56 cases relating to 76 persons put up before the Magistrate for trial, 41 cases concerning 47 persons resulted in convictions, 10 cases with 21 persons in acquittal and the remaining 5 cases relating to 8 persons were pending trial at the close of the year.

There were 5 cases of some interest under this section during the year under report.

(1) One watchman Abboy Naidu was arrested on suspicion by three constables on Patrol at Rodger's Camp, Mysore Mine, in possession of a packet containing gold bearing sand valued at Rs. 68. The accused was sentenced to one year's rigorous imprisonment.

(2) On information, the Ooregum Police searched the 4 huts occupied by 4 Malayalis working as Jumper Mestries and stuff coolies in Kennedy's Shaft lines, Nandydroog Mines, Native gold (gold nuggets) valued at Rs. 268 was discovered therein. All the four accused were sentenced to one year's rigorous imprisonment each.

(3) On information furnished by the Detective Police, one Rangiah Chetty, an Arrack Vendor was arrested by the Bowringpet Town Police at Bowringpet, in possession of a packet containing sponge gold valued at Rs. 275-13-0. The case against the accused was pending with the Magistrate at the end of the year.

(4) On information given by the Detective Police, one Munigadu who was going on the road leading from Belganapalli to Robertsonpet, was arrested by the Champion Reefs Police in possession of a small cloth bundle containing sponge gold worth Rs. 118. This case also was pending at the close of the year.

(5) In another case 7 persons were caught in possession of native gold at the same time. They were all employees in the Nandydroog Mine. The value of the gold seized was estimated at Rs. 305. The offences were brought home to the offenders who were sentenced to several terms of imprisonment each.

7. *Section 7, Licenses required for gold dealers and goldsmiths.*—Two cases involving 3 persons were put up before the Magistrate for trial for working as goldsmiths without licenses during the year, against 7 cases with 7 persons in the previous year. In both the cases there were convictions but one of the accused in one case was acquitted.

The accused in the above cases subsequently obtained licenses on payment of the prescribed fees, the total number of goldsmiths' licenses issued during the year, being 31 against 35 in the previous year.

8. *Section 12, possession of unwrought Gold.*— There was only one case against one person (other than a goldsmith) under Section 12 of the Mysore Mines Regulation, and it ended in the conviction of the accused as per recent ruling of the Chief Court pronounced on the 5th December 1917 in Chittoor Muniswamy's case.

In the year 1916-17, there were 4 cases under this head, of which one case against one person resulted in conviction.

9. *Sections 6, 16 and 13, Mysore Mines Regulation.*—In all 7 cases concerning 12 persons were placed before the Magistrate during the year against 5 cases relating to 5 persons in the previous year. Of these 2 cases with 2 persons ended in convictions, 4 cases with 9 persons in acquittal and the remaining one case concerning 1 person was pending disposal before the Magistrate at the close of the year.

10. *Section 17, undesirables.*—One case was put up and the same ended in conviction as against 5 in the previous year.

The Superintendent of Police, Kolar Gold Fields, attributes the decrease in the number of such cases, in great measure to action taken in the past and present under the Security sections of the Criminal Procedure Code, Section 17 of the Regulation being resorted to only when there is an absolute necessity.

11. *Hawkers and pedlars, Section 18, Mysore Mines Regulation.*—Seven cases concerning a similar number of persons were prosecuted by the Police of Kolar Gold Fields Railway, for clandestine selling of goods and they ended in convictions, the figures for the previous year being 4 cases with 4 persons.

Thirteen Hawkers' licenses and 47 Pedlars' licenses were issued during the year under report as against 22 and 54, respectively, for the year previous.

12. *Safety and discipline of Mining employees.*—Proceedings were instituted by the Chief Inspector of Mines in 3 cases with 3 persons during the year under report as against 11 cases concerning 11 persons in the previous year. All the 3 cases ended in convictions.

13. *Mining accidents.*—The total number of mining accidents which occurred during the year under report was 54 resulting in the death of 29 persons underground and 30 persons in the Mines Hospital owing to complications that subsequently set in. The number under this head during the year 1916-17 was 46 affecting 68 persons.

The accidents were as usual, due to fall of loose racks, airblasts or rock-bursts, misfires and other causes. In one of the accidents due to a serious air-blast in the Nandidroog Mine 5 persons died and one Mestri was badly injured.

Copies of final reports relating to investigations held by the officers of the Department of Mines and Geology were duly received in the Court of the Special Magistrate and prosecutions were also undertaken by that Department wherever it was thought desirable to do so.

14. *Breaches of Sanitary Rules, Section 36, Mysore Mines Regulation.*—During the year under report, 231 cases involving 233 persons were put up before the Magistrate for breaches of Sanitary laws framed under Section 36, Mysore Mines Regulation, as against 105 cases with 109 persons in the previous year. Of these, 79 cases relating to same number of persons ended in convictions, the delinquents being sentenced to small sums of fines, and the remaining cases ended in acquittals, due mostly to the withdrawals of prosecutions, the work in relation to which the complaints were lodged, having been executed to the satisfaction of the Sanitary Authorities.

The amount of fines realised during the year aggregated to Rs. 227-4-0 as against Rs. 171 in the previous year.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Paragraph 12 of Government Order No. J. 4550-46—Cts. 312-12-1, dated 10th May 1918, directing the submission of necessary proposals incidental to the introduction of the scheme for the separation of Judicial and Executive functions.

2. Letter No. R. O. C. 580, dated 18th July 1918, from the Registrar, Chief Court of Mysore, offering certain suggestions in the matter.

3. Letter No. J. 21, dated 4th September 1918, from Mr. S. P. Rajagopalachari, Under Secretary on Special Duty, submitting a detailed *report on the measures necessary in connection with the introduction of the Separation Scheme in the two districts of Bangalore and Shimoga.

(*Printed as an annexure.)

Order No. G. 7962-69—Cts. 27-18-3, dated 1st November 1918.

Mr. Rajagopalachari has in his report dealt with the general questions on which immediate orders of Government are necessary as also the detailed questions concerning the two Districts of Bangalore and Shimoga into which the scheme has to be brought into effect from the 1st of January 1919.

2. The main headings under which the question has been discussed are as noted below :—

1. Selection of officers.
2. Accommodation.
3. Supply of furniture, stationery, etc.
4. Selection of officials.
5. Disposal of records.
6. Draft notifications.
7. Miscellaneous.

3. Government have considered the several recommendations and are pleased to pass orders in respect of items 3, 4, 5 and 7.

(i) Under the new scheme, there will be one First Class Magistrate's Court (excluding the City Magistrate) at Bangalore and one at Shimoga and a Second Class Magistrate's Court in Bangalore, Closepet, Shimoga and Sagar. Sanction is accorded to the purchase of articles of furniture, etc., required for each of these new courts at a cost of Rs. 500 and Rs. 400 for a 1st class and a 2nd class court respectively. A list of articles required is hereto appended and the Comptroller is requested to place a sum of Rs. 1,300 at the disposal of each of the District Magistrates at Bangalore and Shimoga for making the necessary purchases. The District Magistrates are also requested to get the required furniture locally made in good time.

(ii) The Mysore Code Volumes, and such of the Regulations and rules as are required for the use of these courts and also the Mysore Chief Court Reports will be supplied on the requisitions of the District Magistrates concerned by the Curator, Government Book Depot; The Inspector-General of Education is requested to issue necessary instructions to the Curator in the matter.

(iii) Sanction is also accorded to the purchase of the marginally noted books for the use of the courts referred to above and the Comptroller is requested to admit charges up to Rs. 80 in the case of each court incurred for the purpose.

1. Ratanlal's Law of Crimes.
2. Sohoni's Criminal Procedure Code.
3. Amir Ali's Evidence Act.
4. Sanjiva Rao's All India Criminal Digest.

(iv) The Superintendent of Government Stationery is directed to supply the required registers, forms and stationery on the indents of the District Magistrates concerned.

(v) The present rules for the disposal of the Criminal Courts Records are suitable and no fresh rules are necessary at present in the matter.

No. G. 7962-69—Cts. 27-18-3, dated 1st November 1918.

The amount required for the purchase of furniture and books, *viz.*, Rs. 3,080 (2,600 for furniture Rs. 480 for books) will be met out of the lump sum of Rs. 25,000 provided in the current year's budget for "Judicial Reforms."

4. The proposals of the special officer for the temporary accommodation of the courts of Shimoga, Sagar and Closepet are approved. As regards Bangalore, Government consider it unnecessary to shift the two offices referred to by him from the District Office building and directs that the two new courts in Bangalore City be located in rented buildings. The District Magistrate is requested to take action accordingly.

5. As regards the selection of officials for these new courts Government are pleased to direct that the Deputy Commissioners and District Magistrates be empowered to select competent officials subject to the conditions that only those who have passed the Criminal Higher and the Criminal Lower are eligible, for appointment as Head-clerks and clerks respectively and that the strength fixed for each class of court in the Government Order of the 10th May 1918, is kept in view. The new hands should be instructed to join their appointments by the 15th of December 1918, and be ready for beginning the work of the new courts on the first working day in January 1919.

The establishment of these courts will continue to be under the control of the District Magistrates.

6. Of the suggestions under "Miscellaneous" made by the Special Officer, the more important ones on which orders of Government are necessary, a circular will issue regarding the grant of remands and the disposal of cases on the files of the present Amildar and Assistant Commissioner Magistrates in the Districts of Bangalore and Shimoga.

Government entirely agree in the proposals of the Special Officer and are pleased to direct the Inspector-General of Police to issue a standing order to the Police in the Bangalore and Shimoga Districts to invariably obtain remands from the local *ex-officio* magistrates and not to take the accused persons to the trying magistrate if his court is not located in the same taluk.

As regards the suggestion made in the matter of avoiding *de-novo* trials the Chief Court are requested to issue a circular to the magistrates in the Districts of Bangalore and Shimoga to dispose of before the end of December 1918, all serious pending cases, especially those where the accused are in custody.

Orders in regard to the recruitment of officers for the new magistracy, permanent accommodation for the courts, the territorial jurisdiction, etc., will be passed separately.

C. S. BALASUNDARAM IYER,

REPORT REGARDING THE INTRODUCTION OF THE SEPARATION OF JUDICIAL AND EXECUTIVE FUNCTIONS.

Part I (General).

1. *Recruitment.*—One of the most urgent and important points for consideration in connection with the introduction of the scheme is the recruitment of officers for the appointment of 1st and 2nd Class Magistrates.

As the scheme is to be brought into operation from 1st January 1919 only into two districts, the number of officers immediately required is *three* 1st class Magistrates and four 2nd class Magistrates. In para 6 of the Government Order, Government have ordered that, pending the elaboration of a suitable scheme, the officers required immediately may be selected from the existing cadres as well as from among the members of the Bar. It will be a decided advantage in working the scheme at the beginning if except in the case of the members of the Bar, only those who have actually exercised judicial powers Civil or Criminal, were appointed as Magistrates.

It is suggested that the appointments may be distributed as under:—

3 1st class Magistrates .. { 1 Assistant Commissioner of senior rank. 1 Senior Munsiff. 1 Member of the Bar.

4 2nd class Magistrates .. { 1 Assistant Commissioner. 1 Munsiff. 1 Senior Amildar. 1 Member of the Bar.

Recommendations may be invited from the Chief Court as regards the names of persons under each class who in their opinion would be eligible for appointment as Magistrates. These recommendations should reach Government before the middle of October to enable them to make final selections at least by the middle of November 1918. The officers should join duty not later than the 15th December 1918 so that they may be quite ready for starting work on the 1st January 1919.

No. G. 7962-69—Cts. 27-18-3, dated 1st November 1918.

The Chief Court in their letter No. R. O. C. 980, dated 18th July 1918, observe that the framing of the rules for recruitment may wait till the extension of the scheme to all the districts. But to facilitate discussion, I have framed three alternative schemes for the consideration of the Government.

According to the first scheme all the appointments will be made from time to time from a list of 12 approved candidates prepared in consultation with the Chief Court. The 2nd scheme is based on the idea of recruitment by a competitive examination which is in force at present in the case of Munsiffs, and the third is a combination of the two, providing for the selection of Members of the Bar alone, by means of a competitive examination.

The three schemes (*vide* Appendix I) may, it is suggested be sent to the Chief Court and their opinion obtained as regards their suitability.

With regard to administrative control over these officers, the Magistrates may, for the present, be placed under the respective District Magistrates. After the scheme is fully given effect to the question of placing them directly under the Chief Court may be considered.

2. *Accommodation.*—The next question is that of accommodation for the new courts in the centres selected by Government. The details for each district will be dealt with in the district reports.

I may add here that owing to the creation of new offices during recent years the existing office buildings seem to be congested everywhere and that it may not be therefore possible, speaking generally to find spare accommodation. New buildings or temporary arrangements such as renting private buildings, etc., will be required in most of the places. After I complete visits to all the districts, I shall submit a programme of building construction for the Courts during the next five or ten years.

3. (i) *Furniture.*—It is necessary to supply all new courts with furniture as it is understood that the present stock of furniture in the Courts of Amildars and Assistant Commissioners will be required for their use. A general sanction for incurring expenditure up to a limit of Rs. 500 in the case of First class Magistrate's Court and Rs. 400 in the case of a 2nd class Magistrate's Court may be accorded by Government. The amount that will be required during the current year will be Rs. 1,000 for the two new 1st class Courts excluding the Bangalore City Magistrate's Court and Rs. 1,600 for the four 2nd class Courts, or in all Rs. 2,600.

A specimen list of articles required for each court is appended (*vide* Appendix II).

(ii) *Stationery.*—The required quantity of stationery including forms should be supplied by the Superintendent of Stationery, as is now done to all courts on indents, proportionate reduction being made in the supply to the Taluk and Assistant Commissioner Magistrates' Courts. An order may issue from the Secretariat to the Superintendent of Stationery and other officers concerned.

(iii) *Books of Reference.*—The marginally noted books may be ordered to be supplied by the Curator to the new Courts on a requisition from the District Magistrate.

In recent years, it is understood that the Magistrates' Courts are being supplied with commentaries on the Penal Code, the Code of Criminal Procedure and the Evidence Act. A sum of Rs. 80 for purchasing the marginally noted books may be sanctioned in the case of each Court.

Mysore Code Volumes.
The Municipal Regulation.
The Village Sanitation Regulation and Rules.
The Vaccination Regulation.
The Indian Penal Code.
The Indian Evidence Act.
The Criminal Procedure Code.
The Criminal Digest.
The Mysore Chief Court Reports.
The Mysore Service Regulations
The Treasury Manual.
1. Nelson's Penal Code or Ratanlal's Law of Crimes, or Mayne's Criminal Law.
2. Sohoni's Criminal Procedure Code.
3. Amir Alli's or Cunningham's Evidence Act.
4. Sanjiva Rao's Digest.

4. *Contingencies and Imprest.*—A sum of Rs. 200 for each Court has been sanctioned in the Government Order relating to the separation scheme and this amount seems enough.

4. *Selection of officials.*—As regards to the selection of officials for the new Courts, it may be observed that it will not be possible in view of the varying rates of pay to employ the existing Magisterial Clerks for Clerical work in the new Courts. The Deputy Commissioner and District Magistrate will have to be given some discretion to select competent officials from the whole of his establishment for this work subject to the condition that only those who have passed the Criminal Higher and the Criminal Lower are eligible for appointment as Head-clerks and clerks, respectively. As regards powers of patronage,

the posts carry only a pay of Rs. 50 and below and therefore the Deputy Commissioner may be empowered to make the appointments. The establishment will continue to be under the control of the District Magistrates.

It is necessary that the actual appointments should be made by the Deputy Commissioners before the 1st December in the Bangalore and Shimoga Districts and that the Clerks should be required to join their appointments by the 15th December so that they may be quite ready for opening the new Courts on the 1st January 1919. The Deputy Commissioners may be informed accordingly.

5. *Records.*—The records of the new Courts will be sent to the District Magistrates' Offices as is now done according to the rules in force for Criminal records.

6. *Drafts of Notification.*—I submit drafts of the necessary notifications that will have to issue for constituting the new Courts in the two districts—Bangalore and Shimoga (*vide* Appendix III).

A few remarks are appended below on these drafts :—

Draft No. I. This notification is necessary as the territorial jurisdiction as well as the place of location of the courts has been changed. It has to issue under Section 12 and not under Section 14 of the Criminal Procedure Code though the term "Special Magistrate" is used in the Government Order with reference to the new Magistrates.

Draft No. II. This notification will have to issue in the case of every officer who is newly appointed to the post.

In the case of 2nd class Magistrates power to commit for trial under section 206 is very necessary and it is added in this notification.

Draft No. III. The Chief Court have, in their letter No. R. O. C. 580, dated 18th July 1918, stated that the Amildar and Assistant Commissioner Magistrates who are to retain certain preventive functions may be regarded as Special Magistrates under Section 14. It does not appear that this suggestion will meet the objects in view. Special Magistrates are intended to have restricted local jurisdiction as well as restricted powers. The best course seems to be to withdraw the Magisterial powers under Section 41, Criminal Procedure Code, from the existing Amildars and Assistant Commissioners and then to issue a general notification under Section 39 of the Code appointing all Amildars and Assistant Commissioners in charge of Revenue Sub-Divisions *ex-officio* Magistrates of 2nd and 1st class respectively. Such a general notification was issued by the Madras Government in 1893, while giving effect to the scheme of Stationary Sub-Magistrates. If any powers under the 4th schedule of the Code are wanted for these *ex-officio* Magistrates the District Magistrates may be asked to apply for them.

7. *Miscellaneous.*—(1) *Designation of Magistrates.*—The Chief Court observe that if the charges of the 1st class Magistrates be described as sub-divisions they may be Sub-Division Magistrates and the 2nd class Magistrate described as Deputy Magistrates. The change of designation suggested does not appear to be appropriate. It will be misleading to call a 1st class Magistrate as 'Sub-Divisional Magistrate' as his territorial jurisdiction under the scheme corresponds neither with the Revenue Sub-division nor the Sessions Division. There is no real basis for designating 2nd class Magistrate as 'Deputy Magistrate' and the introduction of the word 'Deputy' will tend to confusion with the Deputy Commissioners who are also Magistrates. It seems better to call them simply as '1st class Magistrates' and '2nd class Magistrates' The designation 'City Magistrate' may remain in the Bangalore and Mysore Cities as it will help to differentiate the two first class Courts located in those places.

It does not appear necessary to appoint the first class Magistrates as Sub-Division Magistrates because it is desirable, at least for the present, that the District Magistrate should continue to have close touch with the work of the subordinate Courts.

(2) One criticism repeatedly made in the Press on the scheme is that owing to the reduction on the number of Criminal Courts, parties will have to travel long distances and be put to much trouble. Some inconvenience is inevitable in the circumstances but this may be obviated to some extent by establishing Bench Courts at all the Taluk Headquarter Stations. Government have accepted this principle in para 5 of the Government Order dated 10th May 1918. It is requested that orders may issue immediately constituting Benches in all the taluk headquarter stations in the two districts of Bangalore and Shimoga. The Deputy Commissioner of Shimoga has already sent up recommendation for Benches in all the taluks and is very anxious to have them constituted at once so that they may be trained in Magisterial work before the 1st January 1919.

(3) I beg to offer another suggestion which may help in the speedy disposal of Criminal cases. At present batta is not generally paid to all witnesses in Criminal cases

No. G. 7962-69—Cts. 27-18-3, dated 1st November 1918.

and great difficulty is experienced by the Police and parties in bringing witnesses, with the consequence that cases are delayed. The Chief Court may be consulted as regards the desirability of granting batta to all witnesses.

(4) With a view to avoid *de novo* trials as much as possible, I would suggest that the Chief Court be requested to issue instructions to the Magistrates in the two districts to dispose of all serious pending cases, especially those where the accused are in custody, before the close of December 1918.

(5) It is also suggested that a definite standing order may issue to the Police that remands should be obtained invariably from the local *ex-officio* Magistrate and that accused persons should not be taken to the trying Magistrate if his court is not located in the same taluk.

APPENDIX I.

Rules for Recruitment to the Special Magistracy.

Part I.

Second Class Magistrates.

1. All appointments of second class Magistrates will be made by Government from time to time by selection from an approved list of twelve persons eligible for such appointments.

2. Amildars, Munsiffs, Assistant Commissioners, all Law Graduates in the service of Government and Members of the Bar of not less than five years' standing who desire inclusion in the list may apply to the Chief Court not later than the 31st May every year. In the case of those who are already in Government service, such applications should be sent through the Heads of Departments concerned. A register of all applications will be maintained by the Chief Court.

3. The Chief Court will, from the applications received, prepare a list of twelve names who, in their opinion, are qualified for appointment as 2nd class Magistrates, subject to the condition laid down in Rules 4 and 5 and send the list with the register of applications to Government not later than the 1st of July every year.

4. No one who is above the age of 35 in the case of members of the Bar and above the age of 45 in the case of those who are already in service should be included in the list.

5. Government will finally select twelve names from the list forwarded by the Chief Court and also, if necessary, from the list of applicants. Not less than 25 per cent of the names in the list should be of persons belonging to backward communities who are insufficiently represented in the public service. Ordinarily twenty-five per cent of the number on the list should be reserved for members of the Bar.

6. The list will be revised once a year before the end of August and communicated confidentially to the Chief Court.

7. No one will ordinarily be confirmed as second class Magistrate until he has put in two years' duly approved service.

8. All first appointments of Magistrates of the 2nd class (except in the case of Assistant Commissioners, Munsiffs and permanent Amildars) will be in the last class.

First Class Magistrates.

Appointments as 1st class Magistrates will be made by Government in consultation with the Chief Court from time to time as vacancies occur.

2. Selection will ordinarily be confined to the Senior Munsiffs, Assistant Commissioners and also to the Senior Magistrates of the second class who have shown particular aptitude for the work.

Part II.

Competitive Examination for Recruitment to the Special Magistrate.

A competitive examination for the selection of the candidates for appointment as 2nd class Magistrates will be held ordinarily once every two years. Particulars as to the number of candidates to be selected, etc., will be notified in the Gazette at least three months before the date of the examination.

No. G. 7962-69—Cts. 27-18-3, dated 1st November 1918.

RULES FOR RECRUITMENT TO SPECIAL MAGISTRACY.—III.

1. All appointments of 2nd class Magistrates will be made by Government from time to time from an approved list of persons eligible for such appointments.

2. The list will contain 12 names consisting of nine persons already in Government service selected as hereinafter described and three members of the Bar who are successful in a competitive examination held for the purpose.

3. Amildars, Munsiffs, Assistant Commissioners and all Law-Graduates in the service of Government who desire inclusion in the list may apply to the Chief Court not later than 31st May every year. In the case of those who are already in Government service such applications should be sent through the Heads of Departments concerned. A register of all applications will be maintained by the Chief Court.

4. The Chief Court will, from the applications received, prepare a list of nine names who, in their opinion are qualified for appointment as 2nd class Magistrates subject to the conditions laid down in Rules 5 and 6 and send the list with the register of applications to Government not later than 1st of July every year.

5. No one who is above the age of 35 in the case of the Members of the Bar and above the age of 45 in the case of those who are already on service should be included in the list.

6. Government will finally select nine names from the list forwarded by the Chief Court and also, if necessary, from the list of applicants. Not less than 25 per cent of the names in the list should be persons belonging to backward communities who are insufficiently represented in the Public Service. Ordinarily 25 per cent of the numbers on the list should be reserved for members of the Bar.

7. The list will be revised once a year before the end of August and communicated confidentially to the Chief Court.

8. No one will ordinarily be confirmed as a 2nd class Magistrate until he has put in two years' duly approved service.

9. All first appointments of Magistrates of the 2nd class (except in the case of Assistant Commissioners, Munsiffs and permanent Amildars) will be in the last class.

10. The three members of the Bar referred to in Rule 2 will be selected from among the successful candidates in the examination held for the posts of Munsiffs. The number selected as a result of this examination will be increased so as to provide sufficient number of persons for the posts of 2nd class Magistrates also.

No. G. 8235-94, DATED 9TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The following orders regarding the measures to be adopted in combating the influenza epidemic in the various districts:—

1. No. G. 103-113, dated the 12th October 1918, placing a sum of Rs. 3,000 at the disposal of the Deputy Commissioner of each district for the employment of additional staff, the purchase and transport of medicines to the infected localities and for meeting other charges, and requesting them to apply for additional grants if need be.

2. No. 190-238, dated the 21st October 1918, and No. C. B. 309-351, dated the 6th November 1918, authorising the Deputy Commissioners of Districts to entertain temporary staff wherever necessary for distributing the medicines, supply of food to poor people affected with influenza and providing them with sheds and other temporary accommodation, and directing that the cost on account of establishment should not exceed Rs. 100 per mensem for each taluk.

3. No. C. B. 276-287, dated the 27th October 1918, directing that, with a view to dispensing of medical relief promptly in infected localities, a motor be hired and placed at the disposal of the Senior Medical Officer of each district for a period from a fortnight to a month.

Order No. G. 8235-94, dated 9th November 1918.

Some of the Deputy Commissioners have since applied for additional grants for relief measures in connection with the arrest of influenza. The following additional amount will be placed at the disposal of the Deputy Commissioners of Districts chiefly for the supply of conji, medicines:—

		Rs.
1.	Mysore District ..	5,000
2.	Shimoga ,, ..	5,000
3.	Chitaldrug ,, ..	5,000
4.	Tumkur ,, ..	4,000
5.	Hassan ,, ..	3,000
6.	Kolar ,, ..	2,500
7.	Bangalore ,, ..	2,500 and
8.	Kadur ,, ..	2,500

*Inclusive of the sum of Rs. 250 sanctioned in Government Order No. C. B. 363-364.

6. The services of all Sanitary Officers also should be utilised for two weeks for distributing medicines in infected localities. All other District Officers also should co-operate in the work connected with the check of the disease and the Deputy Commissioners should utilise their services freely.

3. All grants sanctioned for the districts and also for the Cities of Bangalore and Mysore in connection with influenza will be met from the balance of Rs. 1,82,000 available under special non-recurring grant.

4. The weekly reports called for from the Deputy Commissioners about the utilization of the grants and the measures adopted for checking the disease are not very punctually submitted. They are requested to submit the reports regularly in future showing in detail the amounts utilised from time to time under each head of relief according to instructions already issued.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.
The Comptroller, Mysore Government (through the Financial Secretariat).
The Deputy Commissioners of Districts.
Other Heads of Departments.

No. G. 8206-9, DATED 7—8TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. G. C. 237, dated the 1st November 1918, from the Sanitary Commissioner in Mysore, submitting a note on the organization of relief measures in the Mysore City in connection with the prevailing epidemic of influenza.

"NOTE.—From the 13th October 1918, the work of giving medical relief through the agency of the Sanitary staff was started. At first it was not popular, only about 800 people having received relief from the 13th to 16th. From the 16th onwards, however, the measure gained so much popular favour that the staff was not able to cope with the demand in the various mohallas. A meeting of the Municipal Council was held on the 16th and the Council resolved to divide the City into eight wards with 20 sub-divisions, the Municipal Councillors of the Mohallas concerned and other respectable residents being requested to supervise the operations. The suburban villages are also included in these sub-divisions.

2. The relief measures consist of the distribution of conjee to patients who need it and of giving money doles to the destitute sick. A sum of Rs. 30 is placed at the disposal of each of the parties in charge of the wards and recouped from time to time.

3. In addition to the existing Government Dispensaries, five Unani Ayurvedic Dispensaries have been established. These are all stationary dispensaries and only in urgent cases the pandits and hakims in charge go to treat patients in their houses. Thirty-seven medical depots have been opened in various parts of the City and placed in charge of either medical pupils that have gone from Bangalore or of local volunteers. English Ayurvedic medicines are dispensed in these depots.

4. The distribution of conjee was commenced from the 16th October. A motor lorry was placed at the disposal of the Municipal Council for the purpose by the Palace Authorities. A second lorry was added to this on the 23rd October. Conjee prepared in the Bidadi and other places is sent out with the lorries sufficient in quantity to afford relief on an average to 3,000 people. I fear, however, that the conjee is being distributed without much discrimination. It is to some extent taken and used by able-bodied beggars and others who crowd round the lorries. It is essential that an organization of voluntary workers or, if volunteers cannot be secured, of paid workers should be formed whose duty it should be to go from house to house, find out the actual number of persons ill with the disease, estimate the quantity of conjee required for the day, get a supply on an indent and personally distribute the conjee to the sick in their own houses. Unless this is done the distribution of nourishment would miss its aim.

5. The stock of fuel kept at the cremation grounds is sufficient to meet the probable daily demand. A supply worth Rs. 3-8-0 is issued for each body to be cremated. It is proposed to supply fuel free to the poor and at cost price to the others.

Arrangement is made to keep graves ready excavated in grave yards.

6. The Epidemic Diseases Hospital was inspected. There were on the 29th October 52 patients, of whom 36 were cases of influenza. From the beginning of the epidemic, 82 patients were admitted for influenza into the Hospital, of whom 19 had pneumonia. Of these 19, 12 died and among the rest (63) 8 deaths occurred.

Accommodation is available in the Hospital for 12 more patients. Should the existing dilapidated sheds be repaired, an additional 34 patients could be accommodated. The extra bedding and clothing needed have been purchased.

7. The contact camps in the Idiga Chamundi Extension, Jalapuri and Erangere are used exclusively by plague contacts. So far, no influenza contacts have ever asked for shed accommodation.

8. It will be seen that the 82 admissions into the Epidemic Diseases Hospital bear out a very small proportion to the total mortality in the City from influenza and a much more inconsiderable proportion to the number of people attacked with the disease. As I have already brought to the notice of Government, the Epidemic Diseases Hospital is, on account of its association, hardly the place calculated to find popular favor in the case of

a disease like influenza. What is required is an open air camp hospital in a central locality and easily accessible to patients. Government have since passed orders directing the conversion of the Exhibition buildings into a temporary Influenza Hospital. Mr. P. Shama Rao, First Class Sub-Assistant Surgeon, who has not much inoculation work to do now, may be placed in charge of the Hospital, the menial staff and necessary equipment being found by the Municipality."

Order No. G. 8206-9, dated 7—8th November 1918.

Recorded with the remark that Mr. P. Shama Rao, First Class Sub-Assistant Surgeon in charge of inoculation work, will at once be placed in charge of the newly opened Camp Hospital, Exhibition Grounds, Mysore.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Sanitary Commissioner in Mysore.
The Senior Surgeon in Mysore.
The President, Mysore City Municipal Council.
The President, Bangalore City Municipal Council.

Applications for the Renewal of Lice

No. G. 8913-14—Geol. 32-18-1, dated 16th November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 4 of letter No. 193, dated 17th July 1918, from the Officiating Director, Department of Geology, submitting for orders of Government that Rule 27 of the Rules for the grant of exploring and prospecting licenses and mining leases which requires the submission of applications for renewals of prospecting licenses not less than seven days before the date on which the licenses terminate, may be amended so as to require such applications to be submitted in future not less than one month before the expiry of the licenses.

Order No. G. 8913-14—Geol. 32-18-1, dated 16th November 1918.

The Director reports that the period of seven days is too short for obtaining the orders of Government and communicating the same to the applicants and that in many cases the licensees continue work beyond the original term of the licenses in anticipation of their renewal. Such continuance of work is both irregular and objectionable and should not be permitted. With a view, therefore, to allow sufficient time to the Director for obtaining and communicating sanction of such applications, Government are pleased to direct that applications for renewals of licenses should in future be submitted to the Director of Geology not less than two months before the date on which they terminate.

The necessary alteration in the rules will be notified in the Gazette.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Officiating Director, Department of Geology in Mysore.
The Chief Inspector of Mines in Mysore.

Ex—G. W. B.

Natives of Mysore.

No. 1270-1320—E. A. G. 317, DATED 7TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Rule IV of the Mysore Civil Service Rules laying down that candidates for the competitive examination for admission to the grade of Assistant Commissioners must be natives of Mysore by birth or domicile.

2. Rule (1) of the rules for the appointment of Probationers issued with Government Order No. 9060-9102—G. M. 401-16-1, dated the 2nd January 1917, prescribing that the candidates for the appointment should be natives of Mysore.

3. Rule 5 of the Clerkship Rules issued with Government Order No. 75—E. A. G., dated the 24th November 1916, directing that no person who is not a native of Mysore by birth or domicile shall be entertained in service without the permission of Government.

4. The following orders providing for the appointment of the subjects of His Highness the Maharaja of Mysore in the different departments:—

(a) Government Order No. G. 1198-200—G. M. 310-12-39, dated 9th August 1913, regarding appointments in the Industries and Commerce Departments.

(b) Government Order No. 892-4—Ry. F. 41 E. 13-14, dated 23rd January 1914, regarding appointments in the Railway Department.

(c) Government Order No. 6695-743—Agri. 107-12-13, dated 24th February 1914, regarding recruitment to the Agricultural Department.

(d) Government Order No. G. 8445-93—G. M. 292-14-1, dated 9th February 1915, regarding the selection of apprentices for the Geological Department.

(e) Government Order No. J. 2613—Cts. 199-14-1, dated 25th January 1917, regarding the appointment of Munsiffs.

(f) Government Order No. J. 4609-18—Police 234-15-10, dated 10th May 1918, regarding appointments in the Police Department.

Order No. 1270-1320—E. A. G. 317, dated 7th November 1918.

In the orders read above, Government have laid down in the case of some of the departments in the State that recruitment shall be confined to natives of Mysore as far as possible. They are now pleased to prescribe as a general rule for all departments and all grades of the service that only natives of Mysore by birth or domicile should be entertained in future, whether for permanent or temporary appointments in the superior service and that where it is found necessary to appoint any person other than a native of Mysore, the matter should be reported to Government and their sanction obtained. Recommendations for the entertainment of non-Mysoreans in the State Service should be accompanied by a full statement of reasons and a certificate that no qualified subject of His Highness the Maharaja of Mysore was available for the post though the vacancy had been duly advertised.

By the term "Native of Mysore by domicile" shall be understood a person who has voluntarily fixed the habitation of himself and his family in the Mysore State, not for a mere special or temporary purpose, but with the present intention of making it his permanent home. A continued residence for five years shall be *prima facie* evidence of his having acquired a domicile.

2. In order to ensure that due attention is paid to the instructions contained in paragraph 1, drawers of salary bills of establishments will be required to affix the following certificate in addition to the one prescribed in Clerkship Rules and Government Order No. 464-513—E. A. G. 276, dated 5th August 1918.

"I also certify that no appointments have been made otherwise than under the provisions contained in Government Order No. 1270-1320—E. A. G. 317, dated 7th November 1918."

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.
The Secretaries to Government.
The Deputy Commissioners of Districts.

No. 1334-1389—E. A. G. 285, DATED 11TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 9060-9102—G. M. 401-16-1, dated 2nd January 1917, laying down a scheme for the systematic recruitment to the Gazetted and Upper Subordinate ranks in the public service.

Order No. 1334-1389--E. A. G. 285, dated 11th November 1918.

As laid down in the concluding paragraph of the order read above, certain Heads of Departments were consulted as to the number of Probationers required in their departments for vacancies likely to be caused by retirement or by expansion of the staff during the next three years. On a consideration of the proposals received, Government direct that sixteen Probationers, as shown in the accompanying statement, be appointed in the several departments.

The Committee for the selection of Probationers will consist of.—

1. The Financial Secretary (Chairman).
2. Chief Engineer,
3. Revenue Commissioner,
4. Inspector-General of Police,
5. Inspector-General of Education,

with Mr. M. S. Ramachandra Rao, B.A., B.L., as Secretary. In the selection of candidates, the Committee will be guided by the principles laid down in paragraphs 3 and 4 of the Government Order referred to in the preamble. The Committee will be requested to take all steps necessary so as to enable them to submit their final recommendations to Government before the 15th December 1918.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Members of the Committee for the selection of Probationers.
The Secretary to the Committee.
The Heads of Departments.

No. 1390-1398—E. A. G. 57. dated 12th November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. G. C. 135-3, dated the 5th September 1918 from the Sanitary Commissioner in Mysore, submitting for approval a revised list of questions for the inspection of the offices under his control.

Order No. 1390-1398—E. A. G. 57, dated 12th November 1918.

The following arrangements proposed by the Sanitary Commissioner for the periodical inspection of the offices and institutions under his control are approved.

Name of office or institution	Inspecting Officer	Frequency of inspection	To whom the inspection reports should be submitted
1. Sanitary Commissioner's Office.	Sanitary Commissioner	Once a year	Government.
2. Public Health Institute ..	Director ..	do ..	do through the Sanitary Commissioner.
3. Vaccine Institute ..	(i) Superintendent ..	do ..	Sanitary Commissioner.
	(ii) Sanitary Commissioner.	do ..	Government.
4. Offices of District Sanitary Officers.	Deputy Commissioner of the District.	do ..	Sanitary Commissioner.
	Sanitary Commissioner	do ..	Government.

2. A memo of points to which the inspecting officers are requested to give their particular attention in the course of inspection is appended to this order.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—G. W. B.

APPENDIX.

MEMO OF QUESTIONS FOR THE INSPECTION OF THE OFFICE OF THE SANITARY COMMISSIONER WITH THE GOVERNMENT OF MYSORE AND OTHER OFFICES SUBORDINATE THERETO.

(Questions applicable to all offices.)

1. Name of Inspecting Officer with designation.

2. Duration of Inspection .. { Date commenced..... / Date concluded.....

3. Previous Inspection .. { Date..... / Name of Inspecting Officer.....

GENERAL.

1. Is the office accommodation sufficient and suitable? Are the rooms and premises kept clean?

2. Is an attendance register in use? Is the attendance regular? Who checks the register daily?

3. How many clerks are working in each branch of the office and what is the qualification of each?

SERVICE REGISTERS, LISTS OF ESTABLISHMENTS, ETC.

4. Is an up-to-date list of the establishment, both clerical and menial, maintained?

5. Is a record of the qualifications and services of the ministerial officers maintained up-to-date?

6. Is a service register maintained for every permanent official and brought up-to-date? Are these registers arranged in order and kept in the records in a separate box? Who keeps the key of the box?

7. Is a character roll maintained for each official and are these also brought up-to-date?

8. Is an office order book maintained? Are orders of leave, punishment, etc., regularly recorded and given effect to?

9. Is a register of applications for appointments maintained and are selections made therefrom?

10. Are all appointments made in accordance with rules pertaining to the department?

DISTRIBUTION OF WORK.

11. Is a record of the distribution of work among the several clerks in each branch maintained? Is the work assigned to each official sufficient, without being excessive?

12. Does each official maintain a diary or personal register, and do the entries show sufficient work for each day? What is the general condition of the work indicated by these records? Is it up-to-date and efficient?

ARREAR LISTS.

13. Is an arrears statement prepared by the Chief Ministerial Officer in the form prescribed in Government Order No. 672-721—E. A. G. 300, dated 12th August 1918, and submitted by the 5th of the month following?

14. Are the lists scrutinised carefully and reminders sent promptly where necessary ?

15. Are similar monthly statements called for from subordinate offices, if any, and scrutinised before the 15th of the month following ?

16. A copy of the latest arrear list may be appended.

REPORTS AND RETURNS.

17. Is a register of periodicals maintained in the form prescribed in Government Order No. 244-94—E. A. G. 29-6, dated 1st August 1918, and posted up-to-date ? Is it scrutinised by the head of the office ?

18. Is a calendar showing the dates of periodicals, reports and returns due to and from the office maintained and kept up-to-date ? How many such returns were over due at the time of the inspection ?

FURNITURE LIST.

19. Is a register of furniture maintained ? Are all articles of furniture entered therein together with details as to the cost and date of purchase of each ? Is the register verified once every quarter and the result reported to the head of the office ? Is a note made in the register of all articles lost or which have become unserviceable ? Is the furniture adequate to the needs of the office or more than necessary ? What is the condition of the furniture kept ?

STATIONERY AND FORMS.

20. In whose custody is the office stationery ? Are the stock and issue registers regularly maintained ? Are they submitted monthly for the inspection of the officer in charge ? Is a verification by stock-taking done once a year ?

21. Is a general indent book maintained for monthly issue of stationery ?

22. Are old and unserviceable articles sold by public auction and the proceeds credited to Government ? (*Vide* Rule 19, of the Stationery Rules.)

23. Who keeps the stock of departmental and office forms ? Where are they kept ? Are they neatly arranged ? Is a stock register of the forms maintained ? Are all receipts and issues noted in the register ?

24. Is a register of periodical issue of stationery maintained ? (*Vide* Rule 36 of the Stationery Rules.)

FILE OF STANDING ORDERS.

25. Is a complete set of the standing orders relating to the work of the office maintained ? Are circular instructions relating to several branches of the office maintained by the concerned clerk in each branch in separate files ? Are these files complete and up-to-date ?

26. Is each provided with a table of contents and if bulky, also an index ?

27. Is a similar file maintained of circulars issued from the office ?

28. Are the departmental Codes and Manuals, if any, kept up-to-date ?

LIBRARY.

29. In whose charge is the Office Library and where is it kept ?

30. Is a register maintained for entering books and publications as they are received and is it written up-to-date ?

31. Is a catalogue of the Office Library maintained up-to-date ?

32. Is the stock of books verified with reference to the catalogue once a year ?

33. Are all books received into the library correctly labelled and deposited in their appropriate places ?

34. Are all correction slips inserted in their proper places in the volumes of enactments, rules, etc. ?

35. Are any books issued without a receipt or lent to strangers without the permission of the head of the office ?

36. Is a monthly report of books, removed and not returned, submitted ?

37. Are cases of loss of or damage to any books reported promptly and orders obtained for their replacement ?

TOUR.

38. Is a definite programme drawn up and adhered to ?

CORRESPONDENCE REGISTERS.

39. Are the registers of inward and outward correspondence properly maintained as required by the office manual ?

40. How many of such registers are maintained ? Are a peon bock and tappal book maintained ?

41. Are the registers written up neatly? Are the entries concise and clear ?

42. Are all receipts classified in the manner laid down in Rule 11 of the General Rules of Office Procedure ? Are disposals regulated in the manner laid down in Government Order No. 1832-81—E. A. G. 260, dated 26th April 1918.

43. Is there any delay in the fair copying and despatching of letters ? Are all papers despatched invariably on the day they are signed or the following day ? A few issues may be examined with reference to the peon book and tappal book.

44. Is a register maintained to enter all covers as they are received in the office ?

45. Are all the registers periodically examined by the ministerial head of the office and signed by him in token of his inspection?

46. Are all disposals promptly made over to the record-keeper, duly arranged and stitched? What is the number of such records remaining to be sent to the record room?

CASH AND CONTINGENCIES.

47. Are the following registers prescribed by Rule 25 of the General Rules of Office Procedure maintained?

(1) Cash book.
(2) General ledger or classified abstract of the monthly totals of the cash book.
(3) Contingent register.
(4) Order book for contingent charges.

48. What is the amount of permanent advance held by the office? Is an account of it correctly kept? What is the balance on hand? Is it forthcoming?

49. Is there any money on hand awaiting remittance to the treasury or payment to parties? Details may be furnished?

50. Are there any long standing advances made out of the office imprest, awaiting adjustment? Details may be furnished?

51. Are all charges incurred on account of contingencies entered into the contingent register from day to day? (*Vide* Article 81 of the Civil Account Code?) Are totals struck at the end of the month?

52. The necessity for any unusual charges may be scrutinised.

53. Are all contingent charges incurred under due authority, sanction of higher authorities being obtained where necessary?

54. Is the contingent bill drawn at the end of each month in the manner laid down in the Civil Account Code and are the initials of the head of the office obtained?

55. Is the expenditure kept within the budget grant?

56. Is the account of the service postage labels correctly written up? Who keeps them and where? Does the stock on hand agree with the book balance? Is it periodically verified by the head of the office?

57. Are salary bills prepared with reference to the attendance register, leave register and office order book? Are drafts of the pay bills maintained?

58. Is an acquittance roll maintained? Are all salaries drawn, duly disbursed and proper receipts taken therein? Is a stamped receipt obtained for payments of over Rs. 20? Is the register examined every month by the head of the office?

59. Are the bills and payments posted in the cash book and the postings made under the initials of the head of the office?

60. Is undisbursed pay short-drawn invariably in the pay bill of the next month?

61. Has necessary sanction been obtained for drawing the pay or allowances of incumbents of appointments requiring sanction of the higher authorities?

62. Are all sums drawn on travelling allowance bills disbursed and acquittance taken?

63. Are drafts of the office travelling allowance bills maintained?

64. Is there any undisbursed travelling allowance kept? If so, how is it dealt with?

65. Are personal claims of officers to pay or allowance or increment disposed of without undue delay?

66. Are pension applications prepared and submitted to the authorities concerned in time?

RECORDS.

67. The rules, if any, under which the records are arranged may be quoted. If no such rules exist, the system of arrangement followed subjectwar or chronological, etc., may be briefly explained?

68. Is the arrangement of records in accordance with the rules?

69. Are all the records sorted according to the prevailing system? If not what is the quantity of papers remaining to be sorted? What time is necessary to complete their sorting?

70. In whose charge are the records kept? Are records permitted to be removed without a substitute slip signed by the requisitioning official?

71. A list of the records taken out of the record room and outstanding for long periods may be given.

72. What is the arrangement for the custody of important and confidential records? In whose charge are they? Is a separate list of such records maintained?

73. Does the record room present a clean and tidy appearance?

74. Have rules been framed for regulating the periodical destruction of unserviceable records and have all time-expired papers been eliminated according to such rules and under due authority?

MISCELLANEOUS.

75. Are the following lists maintained under the Organisation and Development Scheme ?

(1) List of important questions requiring consideration at a time.

(2) List of subjects for study *re* subjects connected with the department in which individual officers may usefully specialise.

76. Is an inspection minute book maintained and written up as laid down in para 4 of Government Order No. 10870-918—E. A. 43-14-1, dated the 10th April 1915?

77. Extent to which points noted for action at previous inspections have been attended to.

78. General remarks, if any.

3. Are the entries checked by a responsible officer? If so, by whom?

4. Note the condition of the furniture and apparatus. Are any broken?

5. Examine the register of :—
   (*a*) Bacteriological work,
   (*b*) Chemical work, and
   (*c*) Medico-legal work.

6. How many specimens were examined under each of (*a*), (*b*) and (*c*) during the current year and how many are pending?

7. Specify the longest pending specimens awaiting examination. What is the cause of delay?

8. Are correct accounts maintained of the receipts for fees? Are they remitted to the Treasury regularly?

9. Mention any research or other special work engaging attention. What is the progress made?

IV. VACCINE INSTITUTE, BANGALORE.

1. Examine the register of calf-vaccination and verify current entries in respect of condition of vesicles by actual inspection.

2. What arrangements are made for the collection of lymph at any hour of the day or night at the proper stage of the development of the vesicles? Are the arrangements satisfactory?

3. Is any special method employed in regard to the storage of lymph and is it satisfactory?

4. What is the number and condition of the calves in the Institute at the time of inspection?

5. What are the articles, the supply whereof is obtained on the contract system? Are they supplied at the tendered rates?

6. Is the quality of the articles supplied satisfactory?

7. Examine the stock register of the lymph manufactured. Are issues promptly made and entered?

8. How many indents for lymph were disposed of during the current year and how many remain to be complied with?

9. What is the longest pending indent? What is the cause of delay?

10. What is the amount realised from sale of calves during the current year? Are receipts promptly remitted to the treasury?

11. What is the amount realised during the current year from the sale of the vaccine lymph to medical officers and vaccinators outside the State?

12. Is a proper demand, collection and balance statement maintained? Review the current statement.

13. Have there been any complaints received from the medical subordinates, vaccinators or from the general public in regard to the purity of the efficiency of the lymph? If so, what was the nature of the investigation made or other action taken and with what result?

The Deputy Commissioners of Districts.
The Secretaries to Government.

Exd.—C.R.

No. 1414-1468—E. A. G. 263, DATED 18TH NOVEMBER 1918.

GENERAL RULES OF OFFICE PROCEDURE.

CHAPTER I.

ORGANIZATION AND DISCIPLINE.

Division into branches.
G. O. No. 5203-51—E.A. 4-14, dated 19th November 1914.

1. The work of every office should, if possible, be specifically divided into definite sections or branches each under the charge of a responsible official.

Duties of the head of each branch.

2. The official in direct charge of the branch should be held responsible for its general efficiency. He must, among other matters, see that the clerks under him are fully employed; that cases are punctually and properly submitted; that the routine duties are carried out thoroughly and regularly; that the rooms of the branch are kept neat and tidy, and that the files, papers and registers are preserved in proper order.

Distribution of work

3. *The head of every branch should, under the orders of the officer in charge of the office, maintain a record of the distribution of the work among the members of the clerical staff.* Ordinarily the work of every clerk will be that allotted to him but he will be bound to undertake by working overtime, if necessary in time of stress, any other work which may be assigned to him by the head of the branch or other competent authority.

4. *One of the officials should be specially charged with the duty of seeing that all rules and standing orders pertaining to the work of the office are duly observed and to bring to the notice of the head of the office any violation of the rules or other irregularities.*

Working hours.

5. Each office may appoint its hours of work according to its convenience. Where no other specific hours of attendance are appointed with the sanction of Government, *the ordinary office hours will be from 11 a.m. to 5 p.m.*

Attendance.

6. An attendance register will be maintained either for the whole office or separately for each branch thereof and examined every day by some responsible official.

Confidential nature of official information.

7. Official information should not be divulged or official documents copied for private or non-official use. Except with the permission of the head of the office, no official paper should be taken home.

CHAPTER II.

ORDER OF BUSINESS.

Correspondence registers.
G. O. No. 5203-51—E. A. 4-14, dated 19th November 1914.

8. For the registration of papers received or sent out, every office should (in the absence of any other system of registration prescribed by competent authority) maintain the following registers:—

(1) "From" Registers (Registers of receipts).

(2) "To" Registers (Registers of letters issued).

(3) Peon Book (Register of covers delivered by messenger).

(4) Tappal Book.

Marking nature of papers.
G. O. No. 1832-81—E. A. G. 260, dated 26th April 1918.

9. (i) In order to regulate the proper treatment of papers the following classification should be made of all papers other than the ordinary or routine.

1. Immediate.
2. Urgent.
3. Confidential.

(ii) Papers requiring the attention without delay of the persons to whom they are addressed whether at the office or at their private residence should be marked "Urgent." Those requiring instant attention should be marked "Immediate" and placed at once in the hands of the persons to whom they are addressed whether by night or by day.

(iii) Papers requiring more than the usual personal attention of the ordinary authority should be marked "Important".

(iv) The marking should be made either by the Head of the Office, his office assistant, if any, or chief ministerial officer.

(v) The maximum time allowed for the disposal of papers is given below :—

Immediate.—Three days from date of receipt.

Urgent.—Fifteen days from date of receipt.

Papers requiring a reply within a specified time.—Such time as may be specified.

All other papers.—Two months from date of receipt.

Cases of extreme importance falling under the above classes should be reserved by the head of the office for his personal attention, while those of lesser importance should, by a recognised distribution, be entrusted to the Personal Assistant of the office, or other corresponding officer. The other cases may be dealt with by the establishment in the usual course, the responsibility for every paper resting with some officer or other, who should periodically, at intervals not exceeding one week to one month, according to the nature of papers, take stock of work. The main thing is that the responsibility for every paper should be made definite in every office, and that all pending papers are properly searched and scrutinised at suitable intervals.

Confidential papers.

10. (i) When any paper is marked "Confidential" the head of the office or other officer so marking it shall indicate by whom it shall be dealt with and the official so indicated shall be held responsible for the maintenance of secrecy.

(ii) The entries of confidential papers in the office registers should be made from slips furnished by the chief ministerial officer or head of the branch who deals with the papers and should be very general sufficient merely to admit of the papers being traced.

(iii) Confidential papers must be kept under the personal custody of the chief ministerial officer or the head of the branch until orders

are obtained for their transfer to the record room.

(iv) When confidential papers are sent out of the office, they should be put in double covers, the inner one being sealed and marked confidential and superscribed only with the name of the addressee and the outer one bearing the usual official address.

Despatch.

11. Papers must be despatched on the day they are signed or the next day. Abnormal delay in the issue of letters must always be reported to the head of the office by the chief ministerial officer whose duty it shall be to check the despatch register once a month.

Check of registers, etc., by chief ministerial officer. (Rule 59 of the Disposal Number System.)

12. The ministerial head of the branch or office should examine the correspondence and other registers of the office or branch once a month at least (between the 1st and 3rd) to see that reminders are being promptly issued and that there is no undue delay in disposal and for the same purpose should examine the bundles of papers pending with each clerk. At each examination, he should date and initial the registers. He should keep with him a daily calendar of periodicals posted for the whole year and score off the entries as each periodical is attended to.

He should also see that the disposed of papers have been promptly sent to the record room and the record-keeper's initials obtained.

Unanswered reference lists. G. O. No. 672-721—E. A. G. 300, dated 12th August 1918

13. *It shall be the duty of the chief ministerial officer to prepare a statement of arrears in the following form for the whole office and submit the same not later than the 5th of the month succeeding the one to which it relates.*

Abstract of arrears in the office of .... for the month of .... 19 .

Papers	Less than a week	Less than a month but more than a week	More than a month	More than two months	Total
I. Pending in the office—					
(a) Correspondence					
(b) Petition					
(c) Periodicals					
(d) Other classes of business, (if any), categorically ..					

Papers	Less than a month	More than a month but less than two months	More than two months	Total
II. Pending receipt of information from other offices—				
(a) Correspondence				
(b) Petitions				
(c) Periodicals				
(d) Other classes of business (if any), categorically ...				

III. Number of disposed of files remaining to be sent to the record room.

IV. Number of registers examined by the Chief Ministerial Officer during the month and dates of such examination.

V. Arrear lists received from subordinate offices.

Name of office	Period to which list relates	Date of receipt	Remarks

VI. Any other matter on which the head of the office wishes to have information.

To the above statement should be appended a list of papers pending for more than a month in the office and of references, reports, etc., pending with other offices for more than two months. These lists need not be renewed each time. Once prepared, they may be corrected from time to time and kept in use till they become too full of corrections to be easily perused.

Unanswered reference lists from subordinate offices.

14. *Subordinate officers should send a copy of the monthly abstract with the appendices to the officers to whom they are subordinate before the 15th of the month following that to which they relate.*

Stock list of reports and returns.
G. O. No. 244-94—E. A. G. 296, dated 1st August 1918.

15. A list of periodicals for the submission, scrutiny or review of which the office is responsible should be kept in every office and changes if any should from time to time be posted in it. This is a permanent list and the reports and returns should be grouped in it as "monthly," "quarterly," etc. The list should contain the following headings:—

1. Serial number.
2. Name of report or return.
3. From whom due.
4. To whom due.
5. Reference to orders containing instructions for the preparation of the return.

Circular files.
G. O. No. 345-94—E. A. G. 298, dated 1st August 1918.

16. Each clerk dealing with cases should be required to maintain a file pertaining to his branch of work of rulings issued by Government and other superior authorities as well as by the head of the office. Matters embodied in departmental codes and manuals need not be included in the circular file. The files should be examined from time to time by heads of offices to see that they are up-to-date and are properly indexed for ready reference.

Office registers.
G. O. No. 295-344—E. A. G. 297, dated 1st August 1918.

17. A label should be affixed to the outside cover of each register showing the number, name, authority prescribing, volume and period of retention.

Registers must be written in volumes continuously numbered. The practice of opening fresh registers every year when the previous volume contains a large number of blank pages should be discouraged.

Stock list of registers.

18. In every office a stock list of registers should be maintained in a bound book in the following form:—

No.	Name of register	Headings of the columns of the register	Authority prescribing	Period of preservation	Remarks
1	2	3	4	5	6

No. 1414-1463—E. A. G. 263, DATED 18TH NOVEMBER 1918.

All changes made as regards the form or maintenance of the registers should be immediately noted against the entry concerned quoting the authority in column 4.

CHAPTER III.

RECORD ROOM ARRANGEMENT.

General mode of record arrangement.
G. O. No. 738-87—E. A. G. 293, dated 14th August 1918.

19. A separate shelf or space must be set apart for each department of business.

On the front of the shelf the name of the department to which the papers therein lodged appertain should be printed or written legibly and in bold characters on a thick label to be attached to the shelf.

The front and sides of the shelf in which papers of permanent value are lodged should be fitted with wire work so as to admit of the free circulation of air.

Record Requisition Slip
1. Serial number of the Issue Register.
2. The date, number and description of the paper put up.
3. The officer for whom put up.
4. The date on which it is given.
5. The necessity for the reference.
6. Signature of clerk taking it.
7. Initials of the Record-keeper.

20. When papers are taken out of the record room for reference, an entry to that effect should be made in the Record Issue Register to be maintained by the Record-keeper and a slip containing the marginally noted particulars of the record should be substituted for every paper so removed. The person taking papers out of the record room should be held responsible for returning them as soon as possible. On the return of the papers the slip is to be returned and cancelled.

Record Issue Register.

21. The Issue Register should be in the form given below :—

Record Issue Register.

Serial No. of the requisition	Date of receipt of requisition	Date of issue from records	Number, date and description of the paper given	Purpose for which taken	Full signature of the clerk taking	Initials of the record-keeper or his assistant delivering	Date of return	Signature of the clerk returning	Initials of the Record-keeper or his assistant receiving	Remarks
1	2	3	4	5	6	7	8	9	10	11

Outstanding records.

22. The register should be periodically examined by the Record-keeper and all outstanding records should be called in by means of a circular note in the appended form :—

The following records obtained for reference have not yet been received back in the record room. They may be

kindly returned or the reason for further detention may be noted against each :—

Serial No.	Date, number and description of the record detained	When obtained and by whom	Date of return or reason for detention

NOTE.—In offices where there is no separate record-keeper or a separate record-room, a responsible official under the supervision of the ministerial head of the office should be entrusted with the custody and arrangement of records.

Arrangement of Records.

Files.

23. The arrangement of correspondence in every office will be regulated by the special rules prescribed in that behalf, but generally in offices where "From" and "To" Registers are maintained, papers should be arranged either in subject bundles or in chronological order. In offices where the Disposal Number System has been adopted, the arrangement will be by disposal numbers.

Gazettes.

24. Where separate rules exist, as in the Revenue Department, as to the mode of keeping Gazettes, they should be followed. In all other cases, the following arrangemet should be adopted ;—

As each Gazette is received, portions of special interest to the office should be detached and eventually bound for preservation. The rest of the Gazette should be put in an annual bundle and destroyed at the end of two years.

Newspapers.

25. Newspapers should be dealt with like Gazettes, that is to say, cuttings should be made of useful matter and the rest of the papers should be filed chronologically and disposed of as waste paper at the end of two years.

Other periodical publications.

26. Such publications as can go into the library should be put therein, the library catalogue being entered up as additions are made.

27. Administration reports of departments with which an office has any degree of concern and magazines required for reference should be periodically bound up, the volumes being numbered. The annual reports of all other departments should after perusal be filed and sold as waste paper at the end of two years.

28. Volumes of the Monthly Proceedings of Government should be unbound and portions of interest detached, two years after the period to which the proceedings relate. The detached portions should be conveniently bound and the rest destroyed.

Periodicals.

29. Periodical reports and returns should be filed in annual bundles and arranged according to their serial number in the stock list.

Destruction of papers.

30. Destruction of papers should take place once a year at an appointed time and the papers proposed for destruction should be carefully scrutinised by the head of the office.

Mode of destruction.

31. All manuscript papers and all printed papers which have not been published should be burnt in the presence of the chief ministerial officer.

32. Gazettes, newspapers and other printed papers which have been published may be sold as waste paper.

Precautions against fire.

33. Before closing the office for the night, the manager, head clerk, or under his written authority, a clerk named by him will visit each room and see that all lights are put out, that in offices in which electric lights and fans are provided, the switches have been turned off and that all waste paper has been removed.

34. None but safety matches shall be used in offices.

35. Kerosine oil or any easily inflammable material should always be stored in an outbuilding or godown.

36. The sealing of papers should always be done under the direct supervision of a responsible clerk who will see that due care is taken.

37. No naked lights should be used in any office. All candles or wicks must be protected by glass. All oil lamps must have metal (and not glass) reservoirs. The carrying of lighted lamps other than lanterns should be avoided.

38 Waste paper should not be allowed to accumulate in large quantities. Every evening, the waste papers of the day should be removed. Galvanised iron or other buckets should be kept always full of sand or dry earth.

39. In every room in which a kerosine oil lamp is in use, a small box of dry and loose earth with a scoop should be kept for use in extinguishing burning oil.

40. Smoking in the record rooms is strictly prohibited.

CHAPTER IV.

Library.
G. O. No. 5203-51—E. A. 4-14, dated 19th November 1914, and Rule 70 of the Disposal Number System.

41. All books and periodicals belonging to the library of each office should be placed under the charge of the Head Clerk, or some one responsible official and kept, where practicable, in a separate room.

42. A catalogue of the office library will be prepared and revised from time to time.

43. No book should be lent to strangers without the permission of the Head of the Office.

44. A receipt must be taken from any person removing a book, to be returned to him or cancelled when the book is returned.

Duties of Librarian.

45. The duties of the Librarian shall be:—

(1) to take charge of all books and publications made over to him;

(2) to maintain the library catalogue up to date by entering therein all receipts immediately;

(3) to correctly label all receipts and deposit them in their appropriate places;

(4) to keep series of serial publications in a separate file till they are complete for being bound and to take orders for binding collections.

(5) to insert correction slips in volumes of enactments, rules, etc.;
(6) to report loss or injury and to promptly obtain orders about replacement or repair;
(7) to submit monthly reports of books removed and not returned;
(8) to maintain a register of books and publications received.

Weeding out unnecessary and obsolete books.

46. The Library should be examined by a responsible officer once in five years and all obsolete and unnecessary books removed, the library catalogue being suitably amended at the same time.

Responsibility.

47. Every officer upon receiving charge of an office to which a library is attached must satisfy himself as to the state of the library. Unless he then reports that the books are out of order, it will be assumed that he received the library in good order and he will be held thenceforward personally responsible for any defect.

CHAPTER V.

CASH, PAY BILLS, ETC.

Cash transaction.
G. O. No. 5203-51—E. A. 4-14, dated 19th November 1914.

48. An official of sufficient status should look after the cash transactions in each office and should maintain the following registers:—

(1) Cash book for entering daily receipts and expenditure of all kinds.
(2) General ledger or classified abstract of the monthly totals of the Cash Book.
(3) Contingent register.
(4) Order book for contingent charges.
(5) Acquittance roll.

NOTE.—The maintenance of registers (1) and (2) may be dispensed with in the case of offices whose cash transactions are inconsiderable, provided that the permision of the Head of the Department is obtained.

Acquittance Roll.

49. The acquittance roll is a record of salaries and allowances disbursed to the establishment and of the receipts taken from the payees in acknowledgment. It should be drawn after approval of the pay bills.

Scrutiny of acquittance roll.

50. The acquittance roll should be examined every month by the Head of the Office or other officer deputed by him for the purpose; who should satisfy himself that proper receipts have been taken for all sums disbursed and that the bills and payments have been posted in the Cash Book.

Custody of cash.

51. Office funds must be deposited at the close of each day in the cash chest, the key of which should be kept by the official entrusted with and held responsible for cash transactions. He shall be forbidden to keep office funds in his personal possession or mixed up with private money.

Guarding cash.

52. When other arrangements for safeguarding treasure do not exist, one of the servants must sleep at night in or near the room where the cash is kept and when the amount in the cash chest exceeds Rs. 500 two men should be deputed for this duty.

53. *A register should be maintained in each office showing the articles of furniture together with details as to the cost and date of purchase of each. When any article is lost or becomes unserviceable, the fact should be noted in the register. Once a quarter the furniture register should be verified and the result reported to the Head of the Office.*

Furniture list.

54. A register of articles of stationery received and issued should also be kept in every office. The Stationery register should be submitted monthly for the inspection of the officer in charge and verified by stock taking once a year.

Stationery Register and indents.

55. The stock of stationery and forms in each office should be under the charge of the chief ministerial officer or some clerk deputed by him. Supplies should be issued to the various clerks on monthly indents made by them in a general indent book in which their acknowledgment should in each case be obtained.

Custody of stationery.

CHAPTER VI.

INSPECTION.

56. *A test inspection of the work of one or more officials of the office should be carried out once a month by the Head of the office or his Assistant to make sure that there are no irregularities or heavy arrears.*

Test inspection.
Rule 5 of the Efficiency Rules appended to G. O. No. , dated

57. *The head of every office should thoroughly inspect his office at least once a year, between 1st January and 1st March every year, or other specified period. The inspecting officers should pay particular attention to the condition of furniture and building, the observance of the prescribed hours of attendance, the distribution of duties, the proper maintenance of registers, the arrangements of records and the observance of the rules of office procedure.*

Annual inspection.
G. O. No. 10870-918--E. A. 43-14-1, dated 10th April 1915.

58. The inspection report should be drawn up in the form, if any, prescribed for the office, and submitted to the immediate superior authority within a month from the date of completion of inspection.

Inspection report.

59. *An inspection minute book should be maintained in every office in the form given below in which should be entered all orders given as the result of inspection, which require specific action on the part of the office. The steps taken to comply with each order should be noted by the Manager or other official in charge, and when it has been fully carried out, the entry should be scored out under the dated initials of the officer in immediate charge.*

No. 1545-1594—E. A. G. 84, DATED 25TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 1545-1594—E. A. G. 84, dated 25th November 1918.

The existing rules for the control of office libraries (Government Order Nos. 11016—G. 218, dated 30th January 1877 and G. 5208-51—E. A. 4-14, dated 23rd November 1914) aim at preventing the loss of books through dishonesty and carelessness but do not lay down any arrangements for ensuring the systematic equipment and co-ordinated working of such libraries. There is also a certain amount of exclusiveness in lending out books from office libraries which detracts from their usefulness.

2. The attention of Government was called to the necessity of effecting an improvement in these and other respects and the question was referred to a committee constituted under the Organization and Development scheme. The recommendations of the Committee have been circulated to Heads of Departments for opinion and the question has now come up for the orders of Government. After considering all the views on record, Government direct that the arrangements detailed below should be followed in regard to the management of libraries in Government offices.

3. There will be three classes of libraries, *viz.*,
   (1) Ordinary Office Libraries.
   (2) Special Departmental Libraries, and
   (3) A Central Library.

4. The ordinary office libraries will contain Codes, Regulations, Manuals and other books required for constant reference in an office. The management of these libraries will rest, as heretofore, with the heads of the offices concerned. A standard list of books required for different classes of offices should be drawn up and maintained by the Heads of Departments concerned, for reference and guidance.

5. The second class of libraries contemplated in these arrangements are termed Special Departmental Libraries. These will contain reference books and general treatises, reports and periodical publications bearing on the technique and administration of the respective departments and in particular, publications relating to similar departments in other parts of India and in other countries of the world. Such libraries should be opened in the offices of all the Heads of Departments. The Medical Department Library, however, will be located in the Victoria Hospital, Bangalore. They will be under the control of the Head of Department concerned, with a subordinate officer or committee of such officers in direct charge. It will be the duty of this officer or committee to get up-to-date catalogues and bibliographies and recommend a judicious selection of books to be purchased. The officer in charge should also see that requisitions for the loan of books are promptly complied with, that books lent out are quickly returned, that useless and obsolete books are periodically eliminated and generally that the library arrangements are efficient.

6. Some of the Heads of Departments have not furnised definite proposals as to the initial and recurring allotment of funds required to equip and maintain the libraries in the manner proposed. The existing allotments, with the additional funds recently sanctioned in some cases, if judiciously applied, should go a long way in improving the libraries. If any additional allotments are required, separate proposals may be submitted for the same, with a statement of requirements and suggestions regarding the source from which the additional expenditure may be met.

7. The General Library of the Secretariat will be amalgamated with the Legislative Library and constituted into a Central Library and an attempt will be made to obtain for the library as complete a collection as possible of blue books, reports and general treatises dealing with the different branches of the public administration. The library will be under the control of the Chief Secretary who will be assisted in its management by a Committee of Secretariat Officers.

8. A Library Committee composed of the officers noted in the margin will be appointed to advise the officers of the several departments on questions of efficient organization and administration of libraries. The Committee will see that the special libraries are properly organized and worked in co-ordination and in order to enable it to do this, a list of the books purchased for the several departmental libraries and important changes made in library arrangements should be communicated to the Committee.

The Financial Secretay (Chairman)
The Revenue Commissioner.
The Inspector-General of Education.
The Chief Secretary to Government.
The Comptroller to Government.
The Secretary, Economic Conference.
The Librarian of the Mysore University.
Mr. C. Hayavadana Rao.
Mr. C. Nagappa.

9. -The Special Libraries and the Central Library (Secretariat Library) will be open to all officers, whether belonging to the departments concerned or not, and also to the members of the public approved by the officers in charge of the libraries. Books of these libraries should not however be lent out to other than departmental officers. If necessary, they should be sent by post to such officers in the mofussil. Other officers and non-official gentlemen should be allowed to make use of the books on the library premises.

The library catalogue should be maintained up-to-date and a list of new acquisitions to these libraries should be sent every quarter to all officers of the department and also to other officers and non-official gentlemen who may register their names for the purpose. Duplicate copies of important books of frequent reference should be purchased and all facilities should, as far as possible, be provided to encourage the use of the libraries.

10. A paragraph should be added in the annual administration reports of the several departments regarding the condition and working of the office libraries under their control.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

CONFIDENTIAL. **Surprise Inspections.**

No. 1603-1652—E. A. G. 243, dated 29th November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 10870-10918—E. A. 43-14-1, dated the 10th April 1915, issuing instructions for the systematic inspection of offices.

Order No. 1603-1652—E. A. G. 243, dated 29th November 1918.

In Government Order No. G. 10870-10918—E. A. 43-14-1, dated the 10th April 1915, general instructions have been issued regarding the systematic inspection of offices and detailed rules have been separately prescribed for the different departments and offices.

2. In addition to these detailed inspections, which are generally conducted after previous notice, it is desirable that a system of surprise test inspections should be developed in all the important departments especially where large amounts of money or Government properties are kept. Government are accordingly pleased to direct that Heads of Departments, Deputy Commissioners and other officers should, from time to time, inspect their own offices and the offices and institutions under their control, without giving notice of their visit. The chief points to be looked into are:—

(*a*) whether officers and subordinates attend office and work regularly;
(*b*) whether records, registers, etc., are kept in an orderly manner;
(*c*) whether cash, stores, etc., are properly looked after and regular and up-to-date accounts kept.

It is not necessary to examine the books or records in detail or to fill up the prescribed form of inspection report during these inspections. A thorough examination of a few important points selected at the discretion of the inspecting officer will suffice.

3. The Financial Secretary and the Comptroller should also arrange to hold surprise inspections of cash, stores and accounts in important offices.

4. A brief record of surprise inspections held should be left in the Inspection Minute Books of the offices concerned, but no formal report need be submitted unless any grave or important irregularities are brought to notice. The number of surprise inspections held by officers should be noted in the annual administration reports of the departments concerned.

5. It should be clearly understood that these instructions supplement, and do not supersede, the standing orders in force for the detailed inspection of offices in the several departments.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Decentralization of Powers in the Revenue Department.

No. R. 6030-81—L. R. 193-17-3, DATED 18TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ THE FOLLOWING—

(1) Government Order No. R. 3105-44—L. R. 212-06-1, dated 11th September 1906, delegating to the Revenue Commissioner certain additional powers which were being exercised by Government.

(2) Government Order No. R. 985-6—L. R. 542-07-2, dated 13th August 1908, delegating to the Revenue Commissioner the power to sanction refunds and remissions of salt, sayer and mohatarfa revenues.

(3) Government Order No. R. 3118-27—L. R. 136-10-1, dated 11th November 1910, delegating to the Revenue Commissioner the power to sanction refunds of such items of revenue as are realized by Revenue Offices and credited to XIX Miscellaneous.

(4) Government Order No. R. 6185-233—L. R. 641-13-14, dated 16th December 1916, delegating certain higher Revenue powers to Deputy Commissioners, Assistant Commissioners and Amildars.

(5) Government Order No. R. 3810-9—L. R. 75-16-6, dated 11th October 1917, empowering Deputy Commissioners to sanction remission of irrecoverable arrears of revenue not exceeding Rs. 50.

(6) Correspondence ending with letter No. D. Dis. 74-Gl., dated 25th July 1918, from the Revenue Commissioner in Mysore, furnishing his views with regard to the delegation of certain additional powers to the Revenue Commissioner and the Deputy Commissioners.

Order No. R. 6030-81—L. R. 193-17-3, dated 18th November 1918.

Government are pleased to direct that the following additional powers be delegated to the Revenue Commissioner and the Deputy Commissioners.

TO THE REVENUE COMMISSIONER.

(i) Power under Section 160 of the Land Revenue Code to direct from time to time by what officers distraint of defaulters' property is to be made.

(ii) Power to sanction purchase of furniture, etc., by Revenue Offices within budget allotments.

(iii) Power to sanction investigation of arrear claims under Article 5 of the Civil Account Code.

(iv) Power to sanction arrears of increments under Government Order No. Fl. 4280-329—S. A. 21-15-18, dated 3rd March 1916.

(v) Power to sanction disbursement of potgi according to decennial revision.

TO THE DEPUTY COMMISSIONERS.

(i) Power to sanction the writing off of the assessment on assessed waste lands appropriated for village extensions.

(ii) Power to sanction under Rule 41 of the Revenue Rules the sub-division and reservation to Government of the portions containing sandal trees, in land to be disposed of under the darkhast rules notwithstanding that the portion is below the prescribed minimum, and the grant of the remaining portion for cultivation with a proportionate reduction of assessment.

2. Cases of inordinate delay in the Revenue Department in passing arrear claims and sanctioning increments may be brought to the notice of Government by the Comptroller to Government.

3. The Revenue Commissioner is requested to send up for the approval of Government draft of the amendments in the Revenue Rules and standing orders rendered necessary by the grant of additional powers under this order.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 5516-55—L. R. 252-06-3, dated 29th November 1906, approving the regrouping of taluks into Sub-Divisions.

2. Notification No. R. 1067—L. R. 21-11-12, dated 11th August 1911, directing the abolition of the Bangalore Sub-Division and placing the Bangalore Taluk under the direct charge of the Deputy Commissioner.

3. Abstract of the discussion at the meeting of the Deputy Commissioners held at Mysore in October 1916, to the effect that the Deputy Commissioners should be relieved of the direct charge of taluks so as to enable them to exercise better supervision and control over the work of all offices and to give greater attention to the general administration of the district.

4. Paragraphs 5 and 6 of Government Order No. R. 6185-233—L. R. 641-13-14, dated 16th December 1916, directing that, as a rule, no Deputy Commissioner should be in direct charge of taluks, and requesting the Revenue Commissioner to submit proposals for the extension of the Sub-Divisional system to the taluks in direct charge of Deputy Commissioners.

5. Correspondence ending with letter No. 552, dated 23rd March 1917, from the Revenue Commissioner in Mysore, submitting in consultation with the Deputy Commissioners of Districts, proposals for re-constituting the Revenue Sub-Divisions.

6. Letter No. C. 148—Gl., dated 30th July 1918, from the Revenue Commissioner in Mysore, forwarding for the orders of Government, copy of letter No. C. 17-18—H. C., dated 5th July 1918, from the Deputy Commissioner, Hassan, suggesting that pending the issue of final orders about the re-adjustment of Sub-Divisions, he may be given relief by attaching Arkalgud to the Saklespur Sub-Division, and Hassan and Alur to the Channarayapatna Sub-Division.

7. Government Order No. G. 16146-195—G. M. 584-16-1, dated 28th May 1917, directing the raising of the cadre of Assistant Commissioners from 66 to 80, three of the new appointments being for the charge of the new Sub-Divisions to be created in connection with the scheme of decentralization in the Revenue Department and four for appointment as Personal Assistants to the Deputy Commissioners of Bangalore, Tumkur, Mysore and Shimoga.

Order No. R. 6720-778—L. R. 397-16-8, dated 30th November 1918.

The Government have already declared their intention to relieve Deputy Commissioners of taluk charges so as to leave them unfettered for District administration and to enable them to exercise more general supervision and control over the several departments under their charge. The proposals submitted by the Revenue Commissioner in this behalf involve the creation of eight new Sub-Divisions, one in each district. By Government Notifications Nos. R. 9479—L. R. 315-16-3, dated 13th March 1917, and R. 9391—L. R. 390-16-2, dated 10th March 1917, the Deputy Commissioners of Bangalore and Mysore Districts have already been relieved of the direct charge of taluks and they have besides been given Personal Assistants. Personal Assistants have been given also to the Deputy Commissioners of Shimoga and Tumkur. The Deputy Commissioners who have not yet been given any such relief are those of Hassan, Kolar, Kadur and Chitaldrug.

2. Government are now pleased to direct that three new Sub-Divisions be constituted in the districts of Hassan, Kolar and Kadur according to the scheme proposed by the Revenue Commissioner (*vide* Appendix A) with effect from 1st December 1918, and with an establishment consisting of:—

(i)—*Assistant Commissioner.*

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. R. 4602-16—L. R. 276-16-3, dated 21st September 1918, sanctioning certain proposals of the Agricultural Committee of the Economic Conference, regarding the measures necessary to be taken to increase the production of food-stuffs in the State.

Order No. R. 6605-19—L. R. 276-18-4, dated 29th November 1918.

The following modifications in the Government Order read above are ordered:—

(1) In para 1. The limit of the *malki* for assessed lands to be given for an upset price of half its value, will be raised from two years' assessment to five years' assessment.

(2) No assessment will be payable for cultivation of gomal and kharab lands during the first year of occupancy, half the assessment at the rates prevailing for similar lands in the village will be payable during the second year, the full assessment being leviable during the third year.

Settlement of Boundary Line.

No. R. 6590-9—L. S. 3-16-5, DATED 29TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. A. C. 1024, dated 8th July 1918, from the Revenue Commissioner in Mysore, forwarding for orders, the joint report of the District Surveyor, Chitaldrug District, and the Land Records Inspector, Bellary District, regarding the settlement of the boundary line between certain villages of the Molakalmuru Taluk and certain villages of the Bellary District, received with letter No. 426 dated 18th June 1918, from the Deputy Commissioner, Chitaldrug District.

(Printed as an accompaniment with enclosures.)

Order No. R. 6590-9—L. S. 3-16-5, dated 29th November 1918.

The discrepancies investigated in the joint report relate to 24 cases as noted below:—

Five cases shown in Sketch I
Fifteen cases shown in Sketch II
Four cases shown in Sketch III

2. Of these, 18 cases (15 of Sketch II and Nos. 2, 3 and 4 of Sketch III) have since been re-investigated by the Special Boundary Commission appointed in Government Order No. R. 8985-9—L. S. 53-14-6, dated 26th February 1917, and orders in these cases will be passed along with the others dealt with by the Special Commission, whose report is now under the consideration of Government, separately.

3. In regard to the remaining six cases (1-5 of Sketch I and 1 of Sketch III) the Survey Superintendent is of opinion that the following proposals made in the joint report may be accepted.

No.	Sketch	Case	British village	Mysore village	Result
1	I	1	Lakshmipuram	Melina Kanave.	No change.
2	I	2	..	Bommadevana-halli.	Addition of 41 acres and 93 cents to Mysore village.
3	I	3	..	..	Addition of 74 cents to Mysore village.
4	I	4	..	..	Addition of 2 acres and 11 cents to British village.
5	I	5	..	..	An incorrect British offset mark lying within the British village may be erased.
6	III	1	Jagirakot.	Kanakoppa.	No change.

4. The above proposals are approved. Necessary alterations should be made in the Survey Records and village maps and accounts.

Exd.—c. r.

No. R. 6590-9—L. S. 3-16-5, dated 29th November 1918.

Letter No. A. C. 1024—Gl.5, dated 8th July 1918, from K. R. Srinivasaiengar, Esq., M.A., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

With reference to your letter No. R. 5395—L. S. 3-16-3, dated the 1st December 1916, calling for a report as to whether the Collector of Bellary is agreeable to the suggestions made by the Superintendent, Revenue Survey, in the matter of certain discrepancies in the boundary line between four villages of the Molakalmuru Taluk and certain villages of the Bellary District, I have the honor to forward herewith copies of letter No. S. C. 426—Rev. 1916-17, dated the 18th June 1918, and its enclosure from the Deputy Commissioner, Chitaldrug District. The cases referred to in paragraph 5 of the Collector's letter are those which were originally investigated by the District Surveyor and which were the subject matter of correspondence eding with your letter No. R. 5062, dated the 24th November 1915. These cases have all been however subsequently investigated by Mr. T. Chokkanna and a representative of the British Government and a report on the result of the joint investigation has been submitted with this office letter No. C. 1416—Gl. 1917-18, dated the 7th January 1918.

2. The enclosures to your letter are herewith returned.

Letter No. Ref. on S. C. 426—Rev. of 16-17, dated 18th June 1918, from the Deputy Commissioner, Chitaldrug District, to the Revenue Commissioner in Mysore, Bangalore.

As desired in your Memo No. C. 1024, dated 9th December 1916, I have the honor to forward herewith for information copy of letter No. G. C. 4 of 1918, dated 29th May 1918 received from the Collector of Bellary with an expression of his opinion, together with the sketches and one statement and a report connected with the discrepancy in the boundary between the four villages in the Molakalmuru Taluk and certain villages in the Bellary District.

Letter No. G. C. 4 of 1918, dated 29th May 1918, from the Collector of Bellary, to the Deputy Commissioner, Chitaldrug District.

In reply to your letter No. Ref. on S. C. 426—Rev. of 16-17, dated 20th December 1917 and 26th February 1918, I have the honor to state as follows:—

2. *Sketch I, Case 4.* The proposal of the Land Record Inspector and the District Surveyor in this case is to include 2 acres, 11 cents in the British village of Lakshmipuram. But the Survey Superintendent Mysore, states in his note received with your reference that no good reason has been shown in justification of this measure and that the well known principle (*viz.*,) that the older of the two surveys should be accepted unless it is shown to have been in the wrong, should be followed. This principle is doubtless sound but it cannot be followed uniformly, *e.g.*, in cases 2 and 3 of sketch I, the portion lying between the Mysore and the British demarcations have been proposed to be included in the Mysore villages though according to the above principle they should be included in the British village. In the case in question the enjoyments of the Mysore raiyats extends exactly up to the British line of demarcation and no further. This appears to me to be a sufficient reason for the correction of the Mysore map. Your Superintendent recommends that this case may be left over for investigation by the Special Commissioners but they have completed their work. The case under reference was not investigated by them and considering the smallness of the area involved, *viz.*, 2·11 acres, it is clearly not worth while to reserve the case for another set of commissioners.

3. *Sketch III, Case 1.* I think that the discrepancy along this frontier is a matter of indifference as the Mysore and the British boundary lines run very close to each other and I will agree to either line.

4. *Sketch III, Case 2.* This case was lately investigated into by the Special Commissioners appointed with reference to Government Order 194—Rev. dated 23-1-1917 (*vide* case in sketch XIII of the Special Commissioners.) The final orders of both the Governments on their report will have to be awaited. Nothing need therefore be done, on the joint reports of the Land Record Inspector and the District Surveyor.

5. In this connection I have to inform you that the Special Commissioners appointed with reference to Government Order No. 194—Rev., dated 23rd January 1917, has besides the case referred in the preceding para investigated into 17 cases out of the 24 cases investigated by the Land Record Inspector and the District Surveyor as shown below :—

Case No. 3 in Sketch III of the District Surveyor and Land Record Inspector.	**Corresponding sketch of the Joint Commissioner's No. XIII.**
Case No. 4 in Sketch III of the District Surveyor and Land Record Inspector.	
Case Nos. 1 to 15 in Sketch II of the District Surveyor and Land Record Inspector.	**Corresponding sketch of the Joint Commissioner's Nos. XIV to XVI.**

No. R. 6590-9—L. S. 5-16-5, dated 29th November 1918.

Your reference under reply does not refer to these cases. Presumably you accept the recommendations of the Land Record Inspector and the District Surveyor. But the cases having been also investigated into the joint Commissionery no action need be taken in regard to them till the orders of both the Governments on the Joint Commissioner's report are received.

6 The only cases not investigated by the Special Commissioners and not mentioned in your reference under reply are

all the five cases of sketch I

1st case in sketch III.

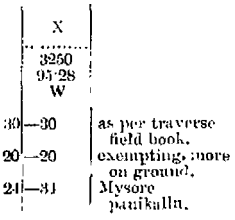
Presumably you accept the recommendation in the Joint report of the Land Record Inspector and the District Surveyor. However, I would like to know definitely if this is so.

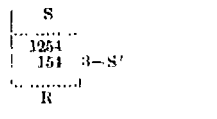
7. Enclosures received with your letter Ref. S. C. 426--Rev. of 1916-17, dated 26th February 1918, are returned.

Report on the result of Joint inspection of boundary discrepancies between Bellary Taluk and the villages of Molakalmuru Taluk by the Land Records Inspector, Bellary, and the District Surveyor, Chitaldrug.

2. This report was drafted in consultation with the District Surveyor whose Kanarese report is submitted herewith. The District Surveyor has signed the sketches prepared by me in token of the correctness of the Mysore boundary shown in them.

Sketch No. I of Laksmipuram village of Bellary Taluk.—(1) Between Laksmipuram of Bellary Taluk and Meginakanvi of Molakalmuru Taluk:—At point V which is a boundary offset station, the village boundaries of Maginakanvi, Laksmipuram and Hanumanahal (of Hospet Taluk) meet. The whole of the British line shown in black ink in this sketch No. I is of Survey No. 46 of Lakshmipuram which is a big major circuit field and this field has been omitted in the village plan. The whole field is almost covered with continued ranges of links one above the other with a small patch of plain ground between two rocks. There are British Forest Cairns close to British boundary marks from A to V except A. B. C. H. and V. According to Survey Traverse Field book the British stone V is to be with offset 30 at 30 on the "G" line X W produced towards W, but on ground the offset mark was found chisled on a sandy stone at an offset distance of 20 at 20 on the same "G" line produced towards W. There are Mysore trijunction "Bondhs" at this place with "panikallu" which is at an offset distance of 24 at 34 on same "G" produced towards W. The marginally noted field book shows clearly the positions of these several points. The distance between Mysore "Panikallu" and the point as per British traverse field book is only 6 links. The District Surveyor states that as the point as per traverse field book falls at the inward corner of one of these "Bondhs" and as the variation is slight correction of the traverse field book is not necessary and that a British stone may be planted in the right place as per Traverse Field book effacing the old mark which is in a wrong place. I agree with him as such doing will not affect the survey measurements for the adjoining village of Hanumanakal of Hospett Taluk. At stations marked T. S. R. Q. and as there are British boundary offset stones and Mysore "Panikallus" and "Bondhs". The British stones and Mysore "Panikallus" are close to one another and there are no discrepancies on the boundary along these stations from T.and P.except the following slight one which may be ignored. At point S, there is a British mark of an offset station inscribed on a stone. This stone is not recognised either in British Survey Traverse field book or in Mysore Survey. This, therefore, seems to be an authorized one and the mark may, therefore, be ordered to be removed. There is a British Forest Cairn at this place and it may be considered to be a line Cairn:—





Case 2.—'O' is only a station at which the Theodilite was set up and it is not a boundary Tri-junction station. The boundaries of the three villages namely Melinakanivi and Bommadeverahalli of Mysore and Laksmipuram converge at N which is an offset station with offset 32 at 11 on "G" line X. O. produced towards O. At this station "N" the British offset stone and Mysore "Panikallu" are close to each other. There are three stone built Bondhs and one Forest Cairn of Mysore and one British Forest cairn close to one another at this place. In the survey plan of Melinakanivi, this Trijunction point is shown to be at about 10 chains from P by scale. The measurement noted for the line from P to N in the survey record for Survey No. 19 of Melinakanivi

agrees with that given in the British Survey record for the same lime and the measurement has been varified on ground. Hence the marking of Tri-junction "bondhs" in the plan of Melinakanivi at point N is incorrect. In the plan of Bommadeverahalli the same mistake as that in Melinakanivi plan has been committed. From N. to H,' on one side there is the British Reserved Forest, and on the other the Mysore forest. This Forest and hill number of Mysore is Survey No. 42 of Bommadevanahalli. It is a big number and its northern "F" line is shown in village plan as a big straight line from H. to N. and it seems that its measurement was not actually taken on ground but taken out only by scale after fixing the points at both ends by running a circuit with the theodilite from H. to N. On ground the Mysore Forest line runs along with the British boundary line from H. to N, that is as British demarcation H. I. J. K. L. M. and N. The Station H. is not visible from N. and *vice-versa* as the line runs on tops of hills one after another. There are Mysore Forest Cairns following the British line. It is, therefore, proposed that the plan of Bommadevarahalli should be corrected with reference to British demarcation for this portion and the area of Survey No. 42 of the same village increased by 41 acres 93 cents that is 41 acres 37 guntas. The District Surveyor agrees with the Land Records Inspector.

There is a slight discrepancy between the ground and the recorded measurements in the Traverse field book, for lines K, J. and J. J, and it needs mention here. The limits of enjoyment on ground by both Government run as I. J. K. According to British Survey Traverse field book, there should be a bend stone with offset 82 at 1,284 on the "G" line from K. to J. but on ground there is no stone at this place. There is a mark of an offset stone at J chisled well on a rock at an offset distance of 95 on the same "G" line at 2,279 from K. or 1,294 from I. The discrepancy in the "G" line distance may be due to the measurement of "G" line at the time of Survey from I. to K. but noting the same in the Surveyor's rough field book used on ground as from K to I. The offset measurement differs only by 13 links and this may be due to the incorrectness in fixing the right point at which the offset falls on the long "G" line running over hills. The necessary entries in the Traverse field book may be ordered to be corrected as per measurements now got on ground. There is a mark of an offset stone chisled lightly on a flat stone on ground at an offset distance of 109 at 2,256 on the "G" line K. I. from K. and this is not recognised in the Traverse field book. The mark is therefore an unauthorized one and needs removal.

Case 3.—With regard to the triangular piece of land F. F. G.—

British boundary offset stones are at F. G. and H. There is a Mysore "Panikallu" with two "bondhs" at 7 links to the south of the British line, *i.e.* with offsets 7 at 14 on line F. G. as shown in the sketch. At F. there is a "Panikallu" with 3 "bondhs" and it is at an offset distance of 153 at 135 on the same line F. G. There is a Mysore "Panikallu" at an offset distance of 4 at 17 on line G. H. The eastern portion of this piece of land as far as about 5 chains from G. on G. H. is rocky. The western portion is fit for cultivation and is under occupation of the holder of Survey No. 43 of Bommadevarahalli. On ground there is growth of underwood along H. G. F. E. and D. From the state of things on ground it can be stated that this piece of land which has been left off in survey by both the Governments should be added to Mysore. The District Surveyor and the Land Record Inspector concur in opinion. It is therefore, proposed that this portion with extent of 0 acres 74 cents may be added to Bommadevarahalli correcting the plan thereof with reference to British demarcation.

Case 4.—A. B. and C. are village boundary Theodolite stations and the marks are inscribed on rocks. British boundary offset stones are at D. E. and F. There are four Mysore "bondhs" and one "Panikallu" (the later almost buried) at A and the latter is 43 links from A and 72 links from B, with offset 18 at 40 on line A. B. as shown in the sketch. According to Mysore Survey the northern boundary line of Survey No. 48 of Bommadeverahalli is one straight line from A. to F. There is a hillock to the north of A. B. C. and D. running close to them and the Mysore line (W.) A. F. runs on the top of the hillock. Enjoyment on ground by the owner of Survey No. 48 of Bommadevarahalli is limited to the lines of British demarcation from D. to F. There are also British Forest Cairns at D. E. and F. The physical limits locally termed "bodavu" on ground between Lingammanahalli and Bommadevarahalli diverges from A. In line with this "bodavu" in the west of A' there is a big stone on which the figures of Vamana, sun and moon are inscribed for identifying the limits between the two villages namely Lingammanahalli and Bommadevarahalli, *i.e.*, between the two Governments. The District Surveyor and the Land Record Inspector agree in proposing the correction of plan of Bommadevarahalli with reference to British demarcation from A. to F. and the planting of an offset stone at A'. The area of this portion A. B. C. D. E. and F. is 2 acres and 11 cents. The net result of the joint inspection of the boundary between Bommadevarahalli and Laksmi-

puram is the proposal for the correction of the plan of the former village with reference to the latter for the whole length excepting at A. where the British plan needs slight correction with reference to Mysore plan. If this proposal is approved the net area that is to be added to that of Bommadevarahalli comes to 40 acres 56 cents or 40 acres 22 guntas and there is nothing that is to be added to that of Laksimpuram.

Sketch No. III for Jagirakal.—The "F" line of Survey No. 42 of Kanakuppa towards the British boundary is one one big straight line running from Y2 in the sketch No. II for Lingammanahalli to U in the sketch No. 3 for Jagirakal and in the later sketch a field book as per measurements got on ground for the British Stones and the Mysore line is given. The deviations of British stones from the Mysore line are slight and the land on both sides of the line, U. to Y. belong to one individual as noted in the margin. No action is, therefore, necessary. There are line "bondhs" close to British stones on this line. The Mysore "Panikallu" with bondhs was 26 links away in the west from its proper position. The District Surveyor with reference to Mysore Survey measurements got the "Panikallu" shifted and planted it close to British stone at U and issued instructions to the Reddy of Kanakoppa to have the "bondhs" laid at U.

From U. to H. the Mysore line and the British line coincide with each other with a few negligible deviations as noted in the sketch. Action is not therefore necessary with regard to line from U. to H.

Case 2.—The Mysore "Panikallu" and bondhs at E. were missing. The District Surveyor planted a Panikallu with reference to Mysore measurements at E. There is a line "bondh" near the British stone at 'F' and the latter is in line with the Mysore line G. E. The lines F. G. and F. G. almost wholly cross a yanka. The extent of the two triangles E. E. F. and F. G. G. comes to 18 cents. The District Surveyor states that as the extent encroached on Mysore land is small and undesirable for cultivation no action is necessary. If it is considered necessary that the British boundary line should exactly adhere to that of Mysore, the stone at G. may be shifted to G. and a new stone planted at E.

Case 3.—Regarding the narrow space between Mysore and British lines from E. to B., it can be said from the state of things on ground that this space with extent of 37 cents should go to Survey No. 10 of Kanakoppa and the District Surveyor is of the same opinion.

Case 4.—With regard to the triangular piece of land B. A. A:—The mark of boundary junction Theodilite station has been inscribed on a rock at A, but the Mysore bondhs are at A. which is at an offset distance of 52 at 21 on the line B. A. produced as noted in the sketch. Adjoining the Mysore 'bondhs' there is a big stone on which the figures of "Vamana, sun and moon" have been inscribed. The Theodilite instrument could not be conveniently fixed at A. and consequently it appears, that the British Surveyor set up his instrument at A. Almost the whole length of the lines A. B. and A. B. passes through rocky land. The District Surveyor says that as the Survey of Mysore village Kanakoppa was done earlier, the Mysore demarcation should be adhered to. This triangular piece of land with extent of 26 cents may, therefore, be added to Survey No. 172 of Jagirakal and a British stone planted at A 1. marking the necessary alteration in the village plan. The District Surveyor also states that in the joint inspection of the boundary between Mysore and the Pulukorthi village of Rayadrug Taluk, he and the Land Record Inspector of Rayadrug have reported for the shifting of the boundary limit from A. to A. so that the British and Mysore boundaries coincide.

Statement showing the details for the discrepancies on the Boundary between Bellary Taluk and villages of Molakalmuru Taluk of Mysore.

lines N. m'. M. L. K. J. I. I'. H. H. which represent the British boundary line run on ground the British and Mysore Forest limits, and these limits have been well defined on ground by lines of small rough stones planted all along by the Mysore Forest Department and also by Cairns raised by the British Forest Department. The British plan needs no alteration but the Mysore plan is to be corrected with reference to British plan adding the extent of 41a-93c to Survey No. 42 of Bommadevarahalli.

(c) The British line runs as F. G. and the Mysore line runs as F. F'. G. In the space intervening the British and Mysore lines some portion is rocky. There is on ground a continuous growth of underwood all long the line F. G. and the cultivation of Survey No. 43 of Bommadevarhalli extends almost as far as this line (F. G.) to a length of about 5 chains from F. towards G. From the state of things on ground it can be said that this space should be added to Mysore. The Mysore plan is therefore suggested for correction with reference to British plan.

(d) The line A. B. runs close to a hillock as noted in the sketch. According to British plan, the Mysore Lingammanahalli and Lakshmipuram limits meet at A; but according to Mysore plan and the state of things on ground they meet at A'. with offeset 18 at 40 on A. B. from A. There are the figures of "Vamana Sun and Moon" chistled on a big boulder close to A' in line with the Mysore line A'. B. in Sketch No. II. It is therefore suggested that a British offset stone should be planted at A'.—The enjoyment of Mysore raiyats in Survey. No. 48 of Bommadevarahalli extends only as far as D. E. F. Natural underwood growth runs along D. E. F. Mysore "Bondhs" are only at A'. and F. and there are no intermediate "Bondhs." Hence the adoption of British line of demarcation for Mysore and the correction of Mysore plan as per British plan is suggested.

(e) The limit of enjoyment on ground of both Governments is as I. J. K. According to British Survey Traverse Field book, there should be a bund stone with offset 82 at 1284 from K towards I, but on ground there is no stone at this place. There is a mark of an offset stone at J. chistled well on a rock at 2,279 from K or 1,294 from I with offset 95. The discrepancy in the G line distance may be due to the measurement of the G. line at the time of survey from I. to K. but noting the same in the surveyor's rough field book used on ground as from K. to I. The offset measurement differs only by 13 links and this may be due to the incorrectness in fixing the right point at which the offset falls on the long G. line running over hills. The necessary entries may be ordered to be corrected as per measurements now got on ground. The area of Survey No. 46 is 1812a—15c as per Revenue Registry. The area of the discrepant portion comes only to 23 cents and it may be ignored as it is insignificant when compared with the total extent of the field. There is a mark of an offset stone chistled lightly on a flat stone at an offset distance of 109 at 2,256 on the G W. line K. I. from K. and this is not recognised in the British survey. The mark is therefore an unauthorized one and needs removal.

Village Improvement Scheme.

No. R. 5639-49—R. M. 4-18-22, DATED 7TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

READ—

Government Order No. R. 1193-203—L. R. 12-16-214, dated 2nd August 1917, sanctioning the Village Improvement allotments for 1917-18, and extending till the end of 1917-18 the concession of sanctioning one-half the cost of Village Improvement Works by way of grant-in-aid if the villagers contribute the other half in cash or labour.

2. Correspondence ending with letter No. C. 360—Gl., dated 24th September 1918, from the Revenue Commissioner in Mysore, submitting proposals for allotment of funds to the several districts for the year 1918-19.

Order No. R. 5639-49—R. M. 4-18-22, dated 7th November 1918.

As recommended by the Revenue Commissioner, the marginally noted amounts are allotted for Village Improvement Works in the districts concerned during 1918-19. The balance out of the Rs. 1½ lakhs provided for the purpose in the current year's budget will be kept as reserve to be drawn upon in case of necessity.

		Rs.
Bangalore	...	16,000
Kolar	...	18,000
Tumkur	...	7,000
Mysore	...	10,000
Hassan	...	10,000
Shimoga	...	12,000
Kadur	...	10,000
Chitaldrug	...	15,000
Total	...	98,000

2. The concession of sanctioning as grant-in-aid half the cost of Village Improvement Works when the other half is contributed by the villagers either in cash or in the shape of labour is also extended until the end of 1918-19.

3. Individual cases, where for any reason a more liberal concession, *i. e.*, a grant-in-aid of more than a moiety of the cost is required, should be reported for the orders of Government.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

G. O. No. 215, dated 16th January 1918.

HIDES AND SKINS.

Passing orders on the letter from the Indian Munitions Board, forwarding copy of a note and a press communique, regarding the faulty flaying of hides and the branding of cattle.

Read the following paper:—

Letter—from the Secretary, Indian Munitions Board.
To—the Chief Secretary to the Government of Madras.
Dated—Simla, the 22nd September 1917.
No.—H. 1285—174.

I am directed to forward, for the information of His Excellency the Governor in Council, and for such action as His Excellency may consider advisable, copy of a note on the faulty flaying and on the branding of hides, submitted by Mr. J. Wright Henderson, War Office Representative in India, in connection with leather supplies for the Home Government.

No. R. 5702-23—R. M. 32-18-3, DATED 8TH NOVEMBER 1918.

2. The matters to which Mr. Henderson draws attention are economically of considerable importance and the present practices in this regard undoubtedly result in a large financial loss to the country, as well as, at the present time, diminishing seriously the amount of leather suitable for war requirements. The Indian Munitions Board considers that a good deal of improvement in the flaying of cattle might be effected if District, Municipal and Cantonment authorities were urged to take this matter up and to give it their personal attention. In particular, the loss due to insufficient time for slaughtering being allowed by the Municipal or other responsible authorities might be avoided by revising the rules on this subject at the various slaughterhouses. The results already obtained by the Board at the Bandra Slaughterhouse at Bombay are valuable as showing what can be done by effective supervision.

3. The question of branding of cattle is more difficult, and, in addition to the reasons for the practice mentioned by Mr. Henderson, there is also no doubt the desire of cattle owners to prevent theft of their cattle for the value of the hides by rendering the hides valueless. But here also the Indian Munitions Board considers a good deal could be done if Local Government officers were to use their influence to dissuade cattle owners so far as possible from this practice.

4. A press communique (copy enclosed), as suggested by Mr. Henderson, is being issued on these subjects.

ENCLOSURES.

(1) Faulty flaying and branding of hides.

The attention of the Munitions Board is invited to the fact that a very considerable quantity of raw hides is at present lost to the Army Department through careless flaying and branding with hot irons.

Flaying.—Generally speaking, the best hides for purposes of leather-making come from the various cities and cantonments where cattle are slaughtered for food, but only a small proportion of these fine hides can be turned to good account because the butcher or meat contractor exercises no supervision over the removal of the hides from the carcase, and as the skinner is usually paid at so much per head, his one idea is to get through the work as quickly as possible with the result that the hides in most cases are badly gashed and cut on the flesh side.

2. The destruction of so much otherwise excellent raw material represents a great loss to India financially, and is particularly regrettable in view of the urgent need of all suitable leather for war purposes.

3. From inquiries made it is evident that the main reasons for this state of affairs are :—

(*a*) insufficient time for slaughtering is allowed by the municipal or other responsible authority ;

(*b*) ignorance on the part of the butcher ; he has not been told that a well-flayed hide is at present worth more by 2 annas per pound raw or 4 annas per pound tanned than a badly flayed one and no incentive has been offered to the actual skinner to produce well-flayed hides.

4. That a great improvement can be effected by action on proper lines has been proved in the Bandra Slaughterhouse (Bombay Municipality), where about 200 cattle (cows and oxen) are slaughtered daily. Eight months ago, 65 per cent of these had to be rejected from Army selection because of butcher cuts ; representations were therefore made to the Market Superintendent who granted the workmen an extension of time for slaughtering, and the Assistant Controller for Hides (who buys the hides for the Government tannery) was authorized to pay the skinners a bonus of two annas for every well-flayed hide : the result is that less than 5 per cent have now to be rejected for faulty flaying.

5. *Branding of cattle.*—The following note on this subject was presented some time ago but no improvement can be seen in the hides from the districts chiefly concerned.

BRANDING OF HIDES.

" The branding of cattle by owners is a subject which might be advantageously considered by Government.

At present a large proportion of the leather produced in India is unsuitable for army purposes—and to a great extent for civil purposes—because of the brands on the hides.

In certain districts branding is done to a much greater extent than in others, for instance the proportion of branded hides in Bombay is very small, whereas in the district around Bezwada, Cocanada and the East Coast, also in the south round Dindigal and Coimbatore, probably 40 to 50 per cent of the hides which come on to the market are heavily branded.

Unfortunately, the brand is not always confined to a small part of the hide in the districts where the largest proportion of the hides are branded, the brands take the form of double semi-circular lines covering the butt part of the hide and often extending to the shoulder.

It is said that the branding is resorted to in certain districts in order to render the cattle immune from disease, whilst in other areas, it is said to be a religious custom.

The fact remains that the practice results in reducing the value of the tanned hide; the average reduction at present may safely be taken at 1 to 3 rupees per hide—and otherwise good leather is made unavailable for the needs of the Empire.

If branding is absolutely essential it might be represented to the owners that a small brand in the neck or shoulder would serve the purpose and at the same time not depreciate the value of the hide to any great extent."

6. It is suggested that both matters might be brought to the notice of all concerned through Collectors of Districts and a press communique on the subject might also have good results.

Camp Simla, (Sd.) J. Wright Henderson,
31*st August* 1917. *War Office Representative.*

(2)

Press Communique.

The Indian Munitions Board has recently been devoting attention to the loss of much valuable leather in India which is caused by the faulty flaying of hides and by the branding of cattle.

The best hides for purposes of leather-making come from the various cities and cantonments where cattle are slaughtered for food but only a small proportion of these fine hides can be turned to good account because the butcher or meat contractor exercises no supervision over the removal of the hide, with the result that the hides in most cases are badly gashed and cut on the flesh side.

The destruction of so much otherwise excellent raw material represents a great loss to India financially and is particularly regrettable in view of the urgent need of all suitable leather for war purposes. The value of the hides trade may be judged from the fact that during the last financial year the value of hides exported in the raw state was approximately Rs. 7½ crores and the value of tanned hides exported, Rs. 4½ crores, a total of Rs. 12 crores.

From enquiries made, it is evident that the main reasons for the faulty flaying of hides in India are:—

(*a*) that insufficient time for slaughtering is allowed by municipal and other controlling authorities;

(*b*) that the butchers are ignorant of the fact that a well-flayed hide is at present worth more by two annas per pound raw or four annas per pound tanned than a badly flayed one; and

(*c*) that no incentive has been offered to the actual skinner to produce well-flayed hides.

That a great improvement can be effected by action on proper lines has been proved in the Bandra Slaughterhouse (Bombay Municipality), where about 200 cattle (cows and oxen) are slaughtered daily. Eight months ago, 65 per cent of these had to be rejected from Army selection because of butcher cuts; representations were therefore made to the Market Superintendent who granted the workmen an extension of time for slaughtering, and the Assistant Controller for Hides (who buys the hides for the Government Tannery) was authorised to pay the skinners a bonus of two annas for every well-flayed hide: the result is that less than 5 per cent have now to be rejected for faulty flaying.

With regard to the branding of cattle, a large proportion of the leather produced in India is unsuitable for Army purposes—and to a great extent for civil purposes—because of the brands on the hides. These brands in many cases take the form of double semi-circular lines covering the butt part of the hide and often extending to the shoulder. The prevalence of the practice of branding cattle is much greater in some parts of India than in others and the reasons for the practice vary, but the fact remains that it results at present in a reduction of from 1 to 3 rupees in the value of the hide. In some districts as many as 40 to 50 per cent of the hides are spoiled by branding.

A small brand in the neck or shoulder would probably serve the purpose and at the same time would not depreciate the value of the hide to any great extent.

The Indian Munitions Board is bringing these matters to the notice of the Local Governments in the hope that the influence of District officers and local authorities may effect an improvement in the present practice.

No. R. 5702-23—R. M. 32-18-3, DATED 8TH NOVEMBER 1918.

ORDER No. 215, REVENUE, DATED 16TH JANUARY 1918.

Miscellaneous.

The letter from the Indian Munitions Board read above, forwarding copy of a note and a press communique on the subject of the faulty flaying of hides and the branding of cattle is communicated to the Board of Revenue.

2. The note appended to this order should be published in English and the vernaculars in the village sheet of all District Gazettes and posted at slaughterhouses and markets in the Presidency. Copies of the note should be distributed to important cattle owners and traders in hides.

3. The Government consider that, if Collectors or their Assistants would interview owners of tanneries and lay before them the economic importance of checking branding and insuring careful flaying, the tanners might be in a position to influence buyers so as to bring pressure to bear on both butchers and cattle owners to desist from branding and careless flaying. The Government are also of opinion that Collectors might consult Municipal Councils which possess slaughterhouses as to the possibility of impressing on butchers the importance of careful flaying.

4. The attention of all Municipal Councils and District and Taluk Boards which have slaughterhouses under their control is invited to paragraph 2 of the letter from the Indian Munitions Board and they are requested to render all assistance possible to stop these objectionable practices.

5. The Director of Agriculture and the Superintendent, Civil Veterinary Department, are requested to advise the organizers of cattle shows as to the desirability of according preferential consideration in awarding prizes at shows to cattle without brand marks.

6. The Government would be glad if the Society for the Prevention of Cruelty to Animals would take action, through its organizations in the Presidency, to discourage the practice of branding.

7. The views of the Board of Revenue, the Director of Agriculture, the Superintendent, Civil Veterinary Department, and the Society for the Prevention of Cruelty to Animals are invited as to what further measures could in their opinion be taken to mitigate the evils complained of.

The Home (Judicial) Department.

APPENDIX.

HIDES AND SKINS.

It has been brought to the notice of Government that considerable loss to the trade in tanned hides is caused by the faulty flaying of hides and by the branding of cattle with hot irons.

2. Large numbers of hide are rendered unfit for commercial purposes by the fact that they have been badly gashed and cut on the flesh side in the course of flaying. A well flayed hide is worth 2 annas more per pound raw and 4 annas more per pound tanned than a hide which is disfigured by careless flaying.

3. Cattle are often branded in the form of double semi-circular lines covering the butt part of the hide, sometimes extending to the shoulder. This practice results in an average reduction of from 1 to 3 rupees in the value of the hide. In some places it is observed that 40 to 50 per cent of the hides is spoiled by branding. If branding is considered absolutely essential, a small brand on the neck or shoulder would serve the purpose and at the same time not depreciate the value of the hide to any great extent.

4. The Government hope that all who are interested in the hide trade will do their best to discourage branding and careless flaying.

No. R. 5702-23—R. M. 32-18-3, DATED 8TH NOVEMBER 1918.

ABSTRACT.

Hides and Skins.

Issuing further instructions in the matter of the prevention of faulty flaying of hides and the branding of cattle.

REVENUE DEPARTMENT.

Government Order No. Press 3159. Dated 6th September 1918.

Read the following papers:—

Government Order No. 215, dated 16th January 1918.

From the Board of Revenue, Land Revenue, Forests, Resolution No. 55—Mis. dated 19th February 1918.

From the Superintendent, Civil Veterinary Department, D. Dis. No. 572 of 1918, dated 19th March 1918.

From the Honorary Secretary, Society for the Prevention of Cruelty to Animals, Madras, No. 153, dated 7th May 1918.

From the Director of Agriculture, R. O. C. No. 73-442—Gt., dated 28th May 1918.

ORDER.

In Government Order No. 215, dated 16th January 1918, the Government issued certain instructions on the subject of the steps to be taken to minimise the evils of faulty flaying of hides and the branding of cattle, and in paragraph 7 of the order they invited the views of certain authorities on the further measures that could be taken in the matter.

2. In reply to this reference, the Director of Agriculture has submitted a report in which he points out that branding is generally done,

(*a*) as a remedy for such complaints as swollen joints, rheumatism, etc.,

(*b*) as a means of identification and as a safeguard against cattle theft, especially in the case of cattle imported from Mysore, and

(*c*) as a general measure against ill-luck or the evil eye.

With reference to (*a*) the Government accept the conclusion that nothing need be done, since the branding is usually performed on the limbs affected and not on the body of the animal. As regards (*b*) the Government admit the importance of branding as a safeguard against cattle-thefts, but consider that the object in view can as well be achieved if the brand is made on the neck or shoulder. The Director of Agriculture reports that the practice of branding is most prevalent in the case of cattle imported from Mysore and that it is particularly regrettable in this case as the animals, being usually big ones, should give good hides. The attention of the Mysore Government will be invited to the matter.

In regard to (*c*), branding against the 'evil-eye,' the Government agree that the advantages of giving up the practice should be brought home to the raiyats by agricultural demonstrators and veterinary subordinates. A leaflet (prepared by Mr. Boag) pointing out the loss caused by the branding of live cattle and by the careless removal of the skin from the dead carcase, is forwarded to the Director of Agriculture with the request that it may be published as a leaflet of his department in English and all vernaculars and distributed broadcast to all those interested in the subject. The Deputy Controller for Hides and Wool has been instructed to supply the Director of Agriculture with specimen pairs of hides as desired by him in para 3 of his letter for the purpose of demonstration to the raiyats.

The following letter will be addressed to the Hon'ble the Resident in Mysore.

Tangadi Bark.

No. R. 6459-71—Ft. 237-17-6, DATED 28TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

1. Letter No. R. 10491-2– Ft., dated 24th April 1918, from the Revenue Secretary to Government, to the Conservator of Forests and the Revenue Commissioner, inviting attention to the Press Communique issued by the Madras Government in the matter of increasing the annual output of avaram (Tangadi) bark, and requesting them to furnish their views in the matter of similar measures being taken in the State.

2. Correspondence ending with letter No. 974, dated 24th July 1918, from the Conservator of Forests, furnishing his views in the matter.

3. Letter No. C. 3956—Gl. 17-18, dated the 20th August 1918, from the Revenue Commissioner in Mysore, furnishing his opinion in the matter together with that of the Deputy Commissioners of Districts.

Order No. R. 6459-71—Ft. 237-17-6, dated 28th November 1918.

The Conservator states that conditions in Mysore are not quite the same as those in Madras, and consequently there is no need to offer any special encouragement for the propogation of Tangadi in private occupied lands. He is of opinion that the best course to increase the output of the bark, would be to introduce it extensively through Government or Departmental agency into Amrut Mahal kavals and Government waste lands in the maidan districts of Chitaldrug, Tumkur, Hassan, Kolar and Bangalore, and in the dry maidan parts of other districts which have already earned a reputation for the quality of the bark. He states that the measure will be productive of another advantage in that it will afford shelter and protection to the soil and stimulate the growth of grass. He adds that arrangements have already been made to sow Tangadi seeds in the forest plantations on a small scale, and that if a sum of Rs. 10,000 is placed at his disposal every year, the Forest Department will take up the work of introducing this species on an intensive scale into all the kavals and Government waste lands in the maidan districts of the State.

2. The Revenue Commissioner states that it is not desirable that assessed lands fit for cultivation should be given out for growing Tangadi and suggests that Kharab and other unassessed lands which are not fit for ordinary cultivation may, when applicants come forward to take up the enterprise, be given in blocks of not less than 10 acres on the same conditions as those offered by the Madras Government, *viz.*,

(i) that the land will be free of assessment for the first 4 years and then subject to the highest dry assessment in the village but not exceeding one rupee an acre.,

(ii) that the land will be liable to be resumed at any time, if used for any other purpose.

He adds that in giving out lands in a village, preference may be given to Village Committees when they are prepared to undertake the cultivation, and that by way of serving as an example and object lesson to the raiyats, the Forest Department may also be asked to take up the formation of a few plantations in each district.

3. Government have considered the proposals, and are pleased to approve of them. A sum of Rs. 10,000 asked for by the Conservator of Forests is provisionally sanctioned. He is requested to meet the expenditure by reappropriation in his budget and to work up and submit a detailed scheme showing among other things, the areas in which it is proposed to work it departmentally, and the areas proposed to be assigned for private enterprise. Details for the proposed expenditure should also be furnished. The Revenue Commissioner is requested to give wide publicity to the scheme and issue necessary instructions to the Deputy Commissioners for the speedy disposal of Darkhasts either by individual applicants or by Village Committees.

No. R. 6459-71 —Ft. 237-17-6, dated 28th November 1918.

4. A special report should be submitted to Government by the Revenue Commissioner and the Conservator of Forests, regarding the progress in the working of the scheme at the end of the current official year.

Letter No. Per. 9-4—L. B. 17-18, dated 26th July 1918, from the President, District Board, Shimoga District.

Letter No. 11 A. 4—L. F. of 18-19, dated 11th August 1918, from the President, District Board, Chitaldrug District.

Letter No. Per. 11-4—L. B. 17-18, dated 6th August 1918, from the President, District Board, Mysore District.

Letter No. Per. 9—4-4 of 17-18, dated 15th August 1918, from the President, District Board, Hassan District.

Letter No. C. Per. 8—L. F., dated 15th August 1918, from the President, District Board, Bangalore District.

Order No. 6101-9—L. B. 18-18-10, dated 18th November 1918.

The scheme for affording facilities in rural areas to sink drinking water wells has been in operation for four years now and the statements appended to this order show the progress under the scheme so far. From an examination of the figures given in the statements. Government observe that the progress continues to be unsatisfactory, although various conveniences have been provided for and detailed instructions issued in the reviews of previous years with a view to ensure rapid progress. The work done during 1917-18 shows no improvement over the work done in the previous years and it is observed that while 239 wells were completed during the year under review against 208 of 1916-17 the amount spent on these works is considerably less being only Rs. 69,221 against Rs. 80,075 of 1916-17 and Rs. 1,08,123 in 1915-16. The attention of the Deputy Commissioners has already been drawn to this unsatisfactory progress in Government Order No. 6700-9—L. B., dated 28th May 1918, and the necessity for their constant and personal attention to this important and useful scheme has been emphasised more than once. Government regret that these instructions have had no effect in securing improvement. No explanation has been furnished for the slow progress and under the existing seasonal conditions sufficient labour ought to have been available for non-agricultural work, if suitable arrangements had been made to conserve it. The allotments for 1917-18 were ordered by Government on the assurances given by Deputy Commissioners that a larger amount of work would be turned out during the remaining months of that year. This has not been done.

No. 6101-9—L. B. 18-18-10, DATED 18TH NOVEMBER 1918.

Government once again invite the attention of all the Deputy Commissioners to the clear and stringent instructions issued from time to time in this behalf and direct that the Deputy Commissioners should bring to the notice of Government all cases of slack work on the part of subordinate officers and submit an explanation wherever the work turned out falls short of a programme to be drawn up by the Deputy Commissioners in this behalf. If additional establishment or tools and plant are required to ensure better progress, application should be made forthwith.

The quarterly statements to be submitted in future, should be accompanied by the programmes to be drawn up by the Deputy Commissioners and with an explanatory memo showing how far these programmes have been adhered to.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Presidents of the District Boards.
The Revenue Commissioner in Mysore.

Government Order No. 1104-20—Ml. 83-10-2, dated 2nd August 1910 and Government Order No. 9545-57—Ml. 138-12-10, dated 31st May 1913, prescribing the form of the Annual Report for the Administration of Municipalities in the State.

Order No. 6260-5—Ml. 79-18-17, dated 22nd November 1918.

In order to obviate the delay in the submission to Government of the Annual Administration Reports of the City Municipal Councils and to facilitate the prompt issue of Government review thereon, Government are pleased to lay down the following instructions in modification of the order read above:—

I. Every City Municipal Council shall cause an Annual Administration Report to be prepared in the form and Appendices I to XXI noted on pages 262 to 282 of the Municipal Account Manual and submit it to Government on or before the 15th October every year.

II. The Senior Surgeon, the Sanitary Commissioner and the Inspector-General of Education should supply before the 31st August every year to each City Municipal Council the figures required for Appendices Nos. XIII, XIV and XV of the reports.

III. Soon after the receipt of the reports, the Government will issue a review in the case of each City Municipal Council.

IV. In order to facilitate the preparation of the consolidated section on Municipal Administration for the State Administration Report, the President of each City Municipal Council should submit to Government on or before the 1st October every year a brief report with the necessary statements prescribed in Government Order No. 1502-9—Ml. 96-17-1, dated 7th September 1917.

2. The Comptroller is requested to issue the necessary correction slip to the Municipal Account Manual.

Government Order No. 1104-20—Ml. 83-10-2, dated 2nd August 1910, and Government Order No. 9545-57—Ml. 138-12-10, dated 31st May 1913, prescribing the form of the annual report for the Administration of Municipalities in the State.

2. Government Order No. 320-30—Ml. 55-17-1, dated the 14th July 1917, empowering the Deputy Commissioners of Districts to review the annual Administration Reports of all the Municipalities excepting the City Municipalities.

Order No. 6248-59—Ml. 79-18-16, dated 22nd November 1918.

In order to obviate the delay in the submission to Government of the annual Administration Reports of the Town and Minor Municipal Councils and the Deputy Commissioner's reviews thereon and to facilitate the prompt issue of Government reviews, Government are pleased to lay down the following instructions, in modifications of the orders read above.

I. Every Town and Minor Municipal Council shall cause an annual Administration Report to be prepared in the form and Appendices I to XXI, noted on pages 262 to 282 of the Municipal Account Manual and submit it to the Deputy Commissioner concerned on or before the 15th October every year.

II. The Deputy Commissioners should, in communication with the Senior Surgeon, the Sanitary Commissioner and the Inspector-General of Education, arrange to supply, before the 31st August every year, to each Town and Minor Municipal Council, the figures required for Appendices Nos. XIII, XIV and XV of the reports.

III. The Deputy Commissioners should soon after the receipt of the reports, arrange for a prompt checking of the figures furnished and review each report separately and submit two copies of each Review to Government on or before 1st December every year.

IV. The original reports of the Municipal Councils and the original appendices relating to the reports of Town Municipal Councils and consolidated statements of appendices for the district in the case of Minor Municipal Councils, should accompany the Reviews to be submitted to Government.

V. Soon after the receipt of the Deputy Commissioner's reviews, the Government will issue a consolidated review on the reports of all the Town Municipal Councils in the State, and a Districtwar review in the case of Minor Municipal Councils.

VI. In order to facilitate the preparation of the consolidated section on Municipal Administration for the State Administration Report, the Deputy Commissioners of Districts should submit to Government on or before the 1st October every year, a brief report with the necessary statements prescribed in Government Order No. 1502-9—Ml. 96-17-1, dated 7th September 1917.

2. This order will be applicable to the Municipal Reports and reviews for the year 1917-18 and onwards.

3. The Comptroller is requested to issue the necessary correction slips to the Municipal Account Manual.

Scheme for Training Mechanical Draftsmen.

No. 4261-4—Edn. 52-18-12, dated 21st November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 4261-4—Edn. 52-18-12, dated 21st November 1918.

The question of training a few students of the school of Mechanical Engineering as draftsmen for high class mechanical engineering work, to help in designing machinery, etc., has been under the consideration of Government since the re-organisation of the Public Works Workshop now designated the Central Industrial Workshop.

2. The scope of the scheme and the subjects of study are defined in the Public Works Secretary's note appended to this order. Three subordinates or draftsmen from the Public Works Department and three from among the successful students of the School of Mechanical Engineering, who have an aptitude for machine design and drawing may be selected to undergo training in the school for one year and in the Industrial Workshop during the second year.

3. The scheme is sanctioned, tentatively for two years, and the cost thereof will be apportioned between the Industries and Commerce, the Education and the Public Works budgets as indicated in the annexed note.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. and Agri.

To—The Inspector-General of Education in Mysore.
The Director of Industries and Commerce in Mysore.
The Chief Engineer and Secretary to Government, Public Works Department.
The Comptroller, Mysore Government, through Financial Secretariat.

Exd.—C. R.

NOTE BY THE SECRETARY, PUBLIC WORKS DEPARTMENT, ON THE SCHEME FOR TRAINING MECHANICAL DRAFTSMEN.

1. *Object.*—The course is intended to train Mechanical draftsmen capable of preparing working drawings from rough designs given by the Designing Engineer.

2. *Qualifications for admission and the number of admission.*—The number of students admitted will be limited to six for the present. Sub-Overseers and Draftsmen from the regular Public Works Department who are skilled in making neat and accurate drawings, and passed students of the School of Mechanical Engineering, selected by the Superintendent with due regard for their aptitude for such work, will be eligible for admission.

3. *Period and place of training.*—The candidates selected will undergo a course of training for a period of two years, the first year being in the School of Mechanical Engineering and the second year in the Central Industrial Workshop.

During the course, the candidates will be under the guidance of the Superintendent, School of Mechanical Engineering.

4. *Subjects of study.*—The candidates selected having had preliminary courses both in machine and in freehand drawing, they will be given training in the following subjects :—

First Year.

(1) Strength and use of materials in Machine construction.
(2) Applied Mechanics.
(3) Elements of Machine Design.
(4) Advanced Technical Drawing and Sketching.
(5) Composition and specification writing.
(6) Estimating.
(7) Tracing and taking out prints.

Second Year.

Practical training in the Industrial Workshops under the superintendence of the Assistant Superintendent of the Workshops.

No. 4261-4—EDN. 52-18-12, DATED 21ST NOVEMBER 1918.

5. The Draftsmen's class will be attached to the School of Mechanical Engineering. The staff required for the first year is—

One additional Instructor on Rs. 75
One clerk ,, 25
One peon ,, 8

When the students are undergoing training in the Workshops during the second year, the Assistant Superintendent may be given an allowance of Rs. 50 per mensem. The services of the clerk and peon may be continued.

6. *Accommodation.*—The existing accommodation in the School of Mechanical Engineering is enough.

Slight improvements that may be required in the workshops to accommodate the candidates may be carried out at a cost of Rs. 2,000.

7. *Equipment.*—

	No.	Cost.
1. Drawing boards 54"×32"	6	150
2. T. Squares 54"	6	50
3. Parallel rulers 12"	6	150
4. Do 24"	2	90
5. St. Squares	6 pairs	25
6. High Stools	6	30
7. Drawing tables with drawers . .	6	150
8. Printing frames with trays	2	200
9. Ordinary tables	2	40
10. Dark room table . ..	1	15
11. Almirahs for keeping drawing and stationery	2	100
12. Drawing instruments, 1st class	6	200
13. Scales	6 sets	90
14. French curves	..	15
15. Chairs	4	32
Total ..	1,337	or say Rs. 1,500

8. *Scholarships.*—Candidates selected from the Department will, during their course, be given the pay they are in receipt of in the Department, and during the period of training they will be considered to be on duty. Passed students of the School of Mechanical Engineering will each be given a scholarship of Rs. 15 per month.

9. *Certificate.*—Candidates who complete the course satisfactorily will be given a certificate to that effect.

INITIAL COST.

		Rs.
10.	Improving the Workshop (Cost to be borne by the Public Works Department) .. .	2,000
	Equipment (Cost to be borne by the Education Department)	1,500

RECURRING EXPENDITURE.

		Rs.
To be met from the Industries and Commerce Budget.	Additional Instructor 75×12 for the 1st year ..	900
	Allowance to the Superintendent for the second year 50×12	600
	Pay of clerk 50×12×2	1,200
	Pay of one peon 8×12×2	192
	Cost of stationery, etc., for two years.. ..	500
	Total ..	3,392 or say Rs. 3,400 for two years
To be met by the Education Deparment.	Scholarships 15×3×24	Rs. 1,080
To be met by the Public Works Department.	The pay of the Draftsmen and Sub-Overseers under training will be met by the Public Works Department.	

11. The initial or non-recurring charges will be borne by the Public Works Department and the Education Department and the recurring expenditure by the Industries and Commerce Department, the Education Department and the Public Works Department as indicated in para 10 *supra*.

No. 3966-7—Edn. 34-18-3, dated 15th November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 605-6—26, dated 4—8th July 1918, from the Inspector-General of Education, submitting the budget estimates of the Village School Fund for 1918-19 with an explanatory memorandum.

(*Printed as an appendix in extenso.)

Order No. 3966-7—Edn. 34-18-3, dated 15th November 1918.

The estimates of receipts and expenditure of the Village School Fund proposed by the Inspector-General of Education are as follows :—

	Sanctioned estimates for 1917-18	Proposed estimates for 1918-19	Difference
	Rs.	Rs.	Rs.
Receipts ...	6,30,717	6,52,117	+21,400
Expenditure ...	6,97,462	7,12,550	+15,088

The variations are accounted for in the explanatory memorandum.

2. The Comptroller who was consulted in the matter has stated that the balance of the Village School Fund on the 30th June 1918, was a debit of Rs. 76,300 and that according to the proposed estimates, this minus balance will stand at Rs. 1,15,144 on the 30th June 1919, exceeding the value of the investments at credit of the Fund by Rs. 10,000. He therefore proposes the reduction of the estimates of expenditure by about Rs. 20,000.

3. In view of the marginally noted grants for buildings provided in the State Budget for 1918-19, and the increase in the private enterprise in the construction of school building, Government consider that the proposed allotment of Rs. 1,15,000 for buildings may be reduced to Rs. 1,00,000.

1. Building grants to primary schools Rs. 30,000.
2. Building, etc., grants to aided primary schools Rs. 50,000.

4. With this modification Government are pleased to pass the estimates providing for an income of Rs. 5,97,406 and an expenditure of Rs. 6,97,550. The excess of expenditure over receipts, *viz.*, Rs. 1,00,144 will be met as far as possible by the sale of the securities at the credit of the Fund valued at Rs. 1,05,000.

5. The details of the estimates are given in the accompanying statements, an abstract of which is given below :—

No.	Items	Sanctioned for 1917-18	Sanctioned for 1918-19
	Receipts.	Rs.	Rs.
1.	Opening Balance ...	—15,800	—76,300
2.	Allotment for local cess ..	2,75,000	2,75,000
3.	School fees ...	4,000	4,600
4.	Examination fees ...	23,000	28,000
5.	Interest on investments ...	5,101	Omitted on account of the large debit opening balance.
6.	Contribution from Municipal Fund ...	1,106	1,106
7.	Contribution for constructing school buildings ...	5,000	5,000
8.	Contribution from State Funds ...	3,33,310	3,60,000
	Total ...	6,30,717	5,97,406

No. 3966-7—Edn. 34-18-3, dated 15th November 1918.

Exd.—C. R.

MEMORANDUM ACCOMPANYING THE VILLAGE SCHOOL FUND BUDGET FOR 1918-19.

Receipts.

The estimate of receipts for 1918-19 shows an increase of Rs. 21,400 over that sanctioned for the year 1917-18. The difference is due to the following variations.

Increase.

(1) The estimate of receipts under "School Fees" is based on the average of the fee income during the past three years 1914-15, 1915-16 and 1916-17, and an income of Rs. 600 has occurred under this head.

(2) Similarly the estimate of receipts under "Examination Fees" has been calculated, and an increase of Rs. 5,000 has been entered under this head.

Decrease.

(1) The opening balance for 1918-19 has not been entered as the information regarding it is not available in this office.

The receipts from other sources remain unaltered.

The provision of Rs. 3,33,310 entered under the head of "Contribution from State Funds" includes a sum of one lakh of rupees sanctioned for 1918-19 on account of Village School buildings as per Government Order conveyed in letter No. 10400—Edn. 84-17-25 of the 20th April 1918, from the Secretary to Government for Education and Agriculture.

In regard to "Interest on investments" the usual figure has been repeated in the absence of definite information as to the present condition of the invested balance at the credit of the Village School Fund in view of the excess expenditure shown in the Village School Fund Budget of the year 1917-18 *vide* para 4 of Government Order No. 7525-6—Edn. 28-17-3 of the 29th January 1918).

Expenditure.

The estimated expenditure amounts Rs. 7,12,550 and it is more than that sanctioned in the Budget for 1917-18 by Rs. 15,088. The difference is accounted for below:—

I. INSTRUCTION GENERAL.

A sum of Rs. 15,324 entered over and above the budget allotment of the year 1917-18 is made up of the following items.

Increase.

(1) Rs. 444 due to the two additional appointments on Rs. 15 and Rs. 12 sanctioned in Government Orders Nos. 5876-7—Edn. 3-17-7 of 19th December 1917 and No. 336-7—Edn. 39-16-144 of 11th July 1917, respectively, and to the periodical increments calculated in respect of masters on progressive pay in Anglo-Vernacular Schools.

No. 3966-7—Edn. 34-18-3, dated 15th November 1918.

(2) Rs. 12,000 due to the additional charges sanctioned for Village Elementary Schools under teaching staff, menial staff, rent and contingencies from the following sources, *viz* :—

(*a*) Rs. 5,826 from the fund for Compulsory Education Scheme;

(*b*) Rs. 2,670 from the allotment of Rs. 4,000 for employing additional teachers when the strength increases in schools;

(*c*) Rs. 1,944 the provision set free by the abolition of the scheme of Itinerant Schools; and

(*d*) Rs. 1,560 being the allotment authorised in Government Order No. 10513-4—Edn. 23-16-205, dated 27th June 1917, for the Melkote Girls' School.

(3) Rs. 2,880 due to the Malnad allowances sanctioned for teachers on Rs. 12 also as per Government Order No. 7666-7—Edn. 113-17-2, dated 31st January 1918.

IV. Under *scholarships*, the decrease of Rs. 200 is due to the fact that the scholarships hitherto given to panchama pupils have been merged in the provision of one lakh of rupees for scholarships to backward classes.

V. GENERAL.

Under this head a sum of Rs. 1,15,000 has been entered for building on the strength of letter No. 10400—Edn. 84-17-25, dated 20th April 1918, from the Secretary to Government, Departments of Education and Agriculture.

VI. LOCAL EXAMINATIONS.

Decrease.

Rs. 36 due to the omission of the head peon's personal allowance which ceased on his retirement from the service.

SUMMARY.

The budget estimates provide for receipts amounting to Rs. 6,52,117 and expenditure amounting to Rs. 7,12,550, thus showing an excess of expenditure over receipts by Rs. 60,433. This excess may be given as a grant from State Funds, in case the invested balance at the credit of the Village School Fund has been reduced so as not to admit of the excess expenditure being met from the invested balance.

Closing of Schools during Epidemics

No. 4252-4—Edn. 221-18-10, dated 21st November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 3734, dated the 5th November 1918, from the Inspector-General of Education, suggesting that the Medical and Sanitary Departments may be requested to intimate to the Department of Education in time the prevalence of any epidemic in any locality which renders it desirable that schools should be closed at once and in case of grave emergencies inform the local school Head Masters direct who will thereupon take necessary action and report to the Inspector-General of Education enclosing a copy of the Medical opinion.

Order No. 4252-4—Edn. 221-18-10, dated 21st November 1918.

The proposal of the Inspector-General of Education is approved.

2. The Senior Surgeon and the Sanitary Commissioner are requested to take necessary action to provide the Education Department with full information in such cases at once to enable the Inspector-General of Education to decide whether the schools may be closed or not, with their own opinion.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

Admission to Public Educational Institutions.

No. 4592—EDN. 89-17-42, DATED 29TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 30, Camp Mysore, dated the 26th June 1918, from the Inspector-General of Education, reporting that as a protest against the admission of three Halepyka boys to the Anglo-Vernacular School at Sringeri, the parents of the other boys withdrew their children from the school and started a new National Anglo-Vernacular School, and requesting instructions regarding the policy to be adopted in the admission of students of the depressed classes to public schools.

Order No. 4592—Edn. 89-17-42, dated 29th November 1918.

Government cannot uphold the view that any one shall be excluded from public schools on the ground of caste as schools maintained from the public revenues are intended for the benefit of all classes of people in the State in the same way as Railways, Hospitals, Courts of Law, and other public institutions. The unreasonable social prejudices in such matters have been wearing away with the spread of enlightenment in the advanced communities and the rise in the standards of social life of the depressed classes. Government are gratified to note that in certain parts of the State students of these classes were freely admitted to schools and in some of them allowed to mix freely with the students of other castes. Any retrograde step calculated to revive the dying opposition to the legitimate rights of all castes to enjoy the benefits of such public institutions has to be deprecated. The spirit of intolerance displayed by certain classes of people at Sringeri in setting up the agitation against the admission of Halepyka students therefore deserves no sympathy.

2. Whenever a school is opened as a protest against the admission of pupils of any community in the public schools, the promoters of such movements should be given clearly to understand that the institutions concerned will not be entitled to any grant-in-aid or other concessions from Government, but recognition should not be withheld unless the prescribed standards have not been satisfied.

3. The National Anglo-Vernacular School, Sringeri, will not be entitled to any grant-in-aid as it was opened without the previous sanction of the Inspector-General of Education.

P. G. D'SOUZA,
Secretary to Government,
Departments of Education and Agriculture.

Education of the Children of Soldiers and Non-Combatants.

No. 3974-9—Edn. 149-18-3, dated 15th November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 143, dated 6th August 1918, from the Secretary, Central Recruitment Committee, regarding the grant of certain concessions for the education of the children of men in the combatant ranks of the Mysore Army.

Order No. 3974-9—Edn. 149-18-3, dated 15th November 1918.

Government have already in their Order No. 791-3—Edn. 140-15-1, dated the 24th June 1916, sanctioned certain concessions to promote the education of children belonging to the Military classes. A scheme of scholarships for the education of orphans of soldiers who die in active service was also sanctioned in Government Order No. 4675-9—Edn. 164-15-1, dated 18th October 1917. By way of further encouragement to the children of soldiers and non-combatants having a claim for special considertion from the State by reason of their being employed on active Military service in connection with the present war, Government are pleased to sanction the following additional facilities:—

I. Free Primary Education plus a small annual allowance to cover incidental expenses such as books.

II. Scholarships in Lower Secondary Schools the amount being the same as that prescribed for backward class scholarships with freeships attached.

III. A fair percentage of scholarships in High Schools and Colleges to be exclusively reserved for such students according to a scale to be approved by Government from time to time with reference to the number of such pupils and without prejudice to their competency for open scholarships. When the pupil resides in a hostel and the ordinary scholarship does not cover hostel charges an addition to be made to the scholarship to cover such charges.

2. These concessions will be applicable to the children of soldiers and non-combatants who have died or been incapacitated both during and after the conclusion of the present war, if they are employed in the Mysore Regiments serving at the front or are natives of Mysore by birth or domicile or have joined as recruits from the Mysore State. The Inspector-General of Education and the Registrar, Mysore University, are requested to send up proposals regarding the number and value of the scholarships that should be provided for them under clause III above.

3. The children of soldiers resident in Mysore and not falling under any of the categories enumerated above may apply to the provincial Government concerned for the benefit of the provincial scheme, if any, applicable to the localities to which the father belonged.

Central Industrial Teachers' Class for Women.

No. 4241-4—Edn. 220-17-4, dated 21st November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 20838—739, dated the 25th February 1918, from the Inspector-General of Education in Mysore, submitting proposals for opening a Central Industrial Teachers' Class for women in the Government Girls' High School, Bangalore.

(Printed in extenso as an appendix)

2. Letter No. 5, dated the 9th July 1918, from the Secretary, Education Committee, submitting the views of the Committee on the proposals of the Inspector-General of Education.

Order No. 4241-4—Edn. 220-17-4, dated 21st November 1918.

The Inspector-General of Education reports that there is considerable difficulty in finding the women industrial teachers required for the District and Taluk Girls' Schools and proposes the opening of a Central Industrial Teachers' class in the Vani Vilas Institute, Bangalore.

The class will afford training—

(1) to the students of the school as part of the Industrial Instruction Scheme;

(2) to adult women desirous of qualifying for situations in the Girls' Schools and;

(3) to women teachers deputed from schools in the interior, the training in the case of the last mentioned candidates being for the present limited to one year. He proposes also that the entire expenses of the women teachers from the interior excepting the cost of their dress should be paid by Govment, a suitable Boarding House being provided for the purpose.

2. The total cost of the scheme is estimated as follows:—

Recurring.	Rs.	*Non-Recurring.*	Rs.
1. Establishment ..	2,160 per annum.	1. Building	3,000
2. Materials ..	2,400 do	2. Equipment	4,000
3. Boarding House ..	1,152 do		

3. The Education Committee of the Economic Conference is of opinion that the scheme may be tried as an experimental measure, that the course may, if necessary, be extended to two years and that free boarding may be provided in addition to scholarships.

4. In view of the great need for trained women teachers for taking industrial classes for girls at District and Taluk headquarters, Government are pleased to sanction the proposals of the Inspector-General of Education for a period of three years as an experimental measure. The Inspector-General of Education is requested to take the necessary steps for organising the class from the 1st of January 1919, and to submit for approval of Government a detailed set of rules for the working of the scheme.

5. The cost during the year will be met out of the provision made for Central Industrial School for women in the budget of the Education Department, due provision being made therefor in the budget of the subsequent years.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. and Agri.

To—The Inspector-General of Education in Mysore.
The Comptroller, Mysore Government, through Financial Secretariat.
The Secretary, Education Committee.
The Secretary, Economic Conference.

No. 4241-4—Edn. 220-17-4, dated 21st November 1918.

APPENDIX.

Letter No. 20838-739, dated 25th February 1918, from the Inspector-General of Education in Mysore, to the Secretary to Government, Departments of Education and Agriculture.

I have the honour to invite the attention to Government to their Order No. 414-26—Edn. 152-13-7, dated the 10th July 1914, passing orders on the improvement of female education in the Collegiate and Secondary Grades and the provision therein among others, of the posts of Industrial Teachers for the Girls' Schools at District headquarters. It has been found extremely difficult, if not impossible to arrange for the filling up of the appointments and as yet the posts in Tumkur, Kolar, Shimoga and Chikmagalur have continued vacant, while even in Mysore it has been found difficult to get a competent hand for one of the four posts in the Industrial Section, the post carrying Rs. 25 still continuing vacant. At Chitaldrug, the District Committee had corresponded with this office and arranged for the appointment of a women from Tumkur, but after the Technical Assistant's inspection on 17th February 1917, he had reported that she was not qualified to do the work and in this office letter No. 19979-81—3058-9, dated 22nd February 1917, the Deputy Commissioner and President, Girls' School Committee, Chitaldrug, was addressed on the action likely to be taken by him on the recommendations contained in the inspection note. No reply has yet been received and this has to be taken as an indication of the difficulty of replacing her even when it is definitely known that these women are generally not qualified enough for the work. I beg therefore to suggest that a Central Training Class for Industrial Women Teachers may be opened immediately at the Bangalore Girls' High School, where the Technical Assistant will be able to supervise it from the time of its inception and give instructions for proper management.

II. Selection of Pupils for Training.

Training is proposed to be given in these classes for (1) students of the Girls' School as part of the Industrial instruction scheme, (2) Adult women who have either passed out of the school or who are not connected with any school at all, but who are willing to undergo training in view of the possible appointments later on to posts at the District or the Taluk Girls' Schools, (3) Women teachers from the interior (who had some training in this line, while at school or at the Widows' Home, Mysore) who may be deputed to undergo training for at least one year in this Central Training Class, suitable arrangements as suggested below being made for their comfort while at Bangalore.

III. Staff Required.

The following staff is suggested, which will give some idea of the nature of the subjects to be selected by adult women or teachers on deputation, the details being decided according to the requirements of the centre from which they come. The staff may consist of:—

1. A dress-making and Embroidery Instructress on a salary of Rs. 50 per month.

2. A properly trained cutter and tailor to teach scientific cutting in the classes and who will be able to give instruction in the proper cutting of clothes for the family. A smart man with practical experience will not consent to work for anything less than Rs. 40 a month.

2. (*a*) He will require the assistance of a tailor boy to work at the machine under his directions and this work may for the present be entrusted to the tailor at the school who is now helping to work out the very elementary syllabus in tailoring for the Mysore Government Technical Examinations.

3. A knitting instructor, who can teach machine knitting on the usual hand knitters, hand knitting and darning being handled by the first named instructress. This instruction is a necessity in view of the districts being very badly served in the knitted Hosiery line and also in view of the prospect of eking out a decent livelihood when the girls leave school and try to set up in their own homes. A man who has successfully run a small factory of five or six machines and succeeded in creating a small, but assured market for his articles may be employed and I believe one such will be available at about Rs. 40 a month.

4. A rattan instructor to do the usual kind of work associated with this department of industry. Such an instructor is already in employment at the Girls' High School and this would therefore involve no extra expenditure.

5. A drawing and painting instructor whose services will be chiefly required in connection with the teaching of drawing for patterns to be embodied in embroidery, knitting and rattan sections and who will also be helpful in suggesting designs for pen-painting work. A hand with such qualifications will be available on a pay of Rs. 50 per mensem.

There would be thus instruction in drawing as a preliminary to all industrial training; detailed profitable instruction will be given in embroidery, scientific cutting, knitting and rattan work. Other subjects may be added according to requirements after experience is gained in working these classes.

No. 4241-4—EDN. 220-17-4, DATED 21ST NOVEMBER 1918.

IV. EQUIPMENT.

1. ***Machinery, materials and furniture.***—It has been found from experience that a teacher in the industrial departments cannot successfully handle more than 12 pupils at a time, sometimes only as low a figure as ten according to the nature of the instruction. The following equipment has been provided tentatively on the basis of *ten pupils taking instruction at a time.*

		Rs.
1.	Tailoring outfit including cutting table, sewing machines, mirrors and all accessories is estimated to cost ..	1,500
2.	Five knitting machines will be required and five tables for those estimated at (altogether)	1,000
3.	The equipment in rattan, wool, etc., to start with is put down at	500
4.	Drawing stools, tables and other accessories for those classes at	300
5.	A small library of elementary technical books to cost ..	200

2. ***Building.***—It is highly essential that before work is begun in these classes a separate building or shed should be provided so as to enable this equipment to be arranged properly and effectively. A shed of at least 50′ × 12′ inside dimentions is necessary and it may be partitioned off by the two walls into three rooms of 16′ each, one being provided for instruction in drawing, the second as a work-shop for practice in the subjects concerned and the third for stores. This shed has to be fairly substantial as costly materials are being used and any temporary makeshift will entail serious loss by exposure to the weather or to damage by white ants. It is estimated that decent shed of this size will cost Rs. 3,000 and is the first consideration in connection with the classes. The room has to be put up first before equipment is brought. No class rooms should be used, as according to this scheme the place will always be occupied by some class or other and the nature of the work itself requires freedom from the distracion usually associated with the ordinary class rooms for general instruction. The Government Girls' High School is shortly to be shifted to the new building in the Fort and even after the occupation of the new building, the shed is a necessity in view of the points detailed above.

V. RECURRING CHARGES OTHER THAN ESTABLISHMENT.

(1) *Materials.*—To keep all the classes at work the cost of materials to be supplied to these classes will total up to not less than Rs. 200 a month, of which about Rs. 50 may be recovered from the sale of the articles made in these classes. It is admitted that this is not a high recovery on the expenditure, but in view of the fact that Government insist upon the sale proceeds being remitted to the treasury this estimate of recoverable money has been purposely kept down and after some months of experience, definite figures may be given with marked improvement upon the present standards.

It would thus mean that under the head of materials a recurring expenditure of Rs. 150 a month or Rs. 1,800 a year will have to be met, both for this pupils at the school as well as teachers on deputation.

VI. BOARDING HOME.

It is hardly necessary to state in connection with the training proposed to be given to women teachers from the interior that scholarships alone will hardly provide sufficient attraction and that the only satisfactory method of dealing with them, while at Bangalore will be to provide a suitable boarding home where all the expenses excepting dress of the teachers on deputation (and of others, if any, under training, not of the order of students) would be met by the State. This is doubly essential because, in the case of women teachers from the interior, we can hardly expect them to board conveniently for purposes of instruction in any of the existing places, and it is essential that besides the mere industrial instruction provided at school, they should also be given some training in housekeeping and domestic economy. Such an arrangement can be effected only in a boarding home under proper supervision where the women teachers will realise the possibility of immediate application of the instruction at school and where they will have actual demonstration of the principles explained to them. This will go a great deal towards the successful determination of the work for them in the interior, and when they go out to carry similar instruction for the girls under them, they would have had a much needed equipment in actual experience and be capable of serving, not merely as idle theorists who belie their theories at every step, but as illustrations of wnat they teach, in so far as they would form an object lesson for the students to look up to. The example set by the Bureau of Education of the Philippine Islands in connection with the school of household industries, of starting a Boarding Home to board and lodge all the women under instruction is a classic precedent and some idea of the thorough way in which they set about tackling the

problem may be gathered from the fact that the institution (the School of Household Industries) had at the time of starting in 1912, an attendance of approximate 120 women from the interior and all received transportation charges to and from Manila, the Headquarters and subsistence while in Manila, at Government expense. With the result that in four years, the Bureau were able to start with aid of these women 120 different centres throughout the island with 3,762 workers all centres being headed by graduates of the school of household industries. That nearly 800 women should have passed through the school in four years and received training of the Intermediate or secondary grade in household industries and that within a period of four years is the highest testimony to the credit of the organization and their method is well worth copying, especially in view of the additional difficulties imposed by the general helplessness of women in this State.

It is estimated that the cost of boarding these women while under training would average Rs. 8 a month and that with 12 women teachers on deputation from the interior, the average cost would be Rs. 96 per mensem.

An equipment grant of Rs. 500 will be required for furnishing the Boarding Home with the necessary kitchen utensils, and the expenditure under this head would, therefore, be non-recurring Rs. 500 and recurring grant of Rs. 96 per mensem.

The total cost of the scheme, as will be seen from the details submitted above, would therefore work out at:—

Rupees 2,400 for materials.
,, 1,152 for Boarding Home.
,, 2,160 for establishment,
making a total cost of ,, 5,712 per annum.

The non-recurring expenditure would work out at: –

Rupees 3,000 for buildings, and
,, 4,000 for equipment,
making a total cost of ,, 7,000.

I request that Government may be pleased to sanction the proposal and authorize the inclusion of the total amount of Rs. 12,712 for recurring and non-recurring charges in the next year's budget.

Class for training Malis.

READ—

Correspondence ending with letter No. 2263, dated the 23rd October 1918, from the Secretary to the Mysore Economic Conference submitting for sanction proposals of the Agricultural Committee to start as an adjunct to the Horticultural School, Lal-Bagh, a class for training Malis to meet the demand for the services of such men in the districts at an approximate cost of Rs. 2,600 per annum to be met out of the allotment of Rs. 8,000 made for special schemes in the current year's budget of the General Conference.

Order No. 4258-60—A. & E. 16-18-4, dated 21st November 1918.

The proposals of the Agricultural Committee as finally revised, are as follows:—

(*a*) The school to start with 15 students getting stipends of Rs. 10 each, the wages, if any, earned by the student being credited to the Agricultural Committee.

(*b*) The course to be of one year and the curriculum of training to include, culture of flowers including florist's flowers, culture of fruits, culture of vegetables, propagation and potting, culture of ferns and tending of fine foliage and bulbous plant in pots, collection, storing and preserving of seeds, planting trees, laying out gardens and tying bouquets.

(*c*) The appointment of a Demonstrator on Rs. 25 per month who will work under the Chief Instructor of the school, subject to the general control of the Superintendent, Government Gardens.

(*d*) The cost of the school to be:—

	Rs.
Scholarship of 15 students at Rs. 10 per month ..	1,800
Fifteen sets of tools at Rs. 30 each	450
Pay of Demonstrator at Rs. 25 per mensem ..	300
Contingencies	36
Total ..	2,586

or roughly Rs. 2,600.

2. These proposals of the Agricultural Committee are sanctioned temporarily for a period of one year, the cost being met from the source pointed out above.

3. The Secretary, Economic Conference is requested to forward a brief report on the working of the scheme at the end of six months.

Government Notification No. 3065—A. & E. 180-15-4, dated 1st November 1916, sanctioning a set of rules for the grant of loans for fruit cultivation.

2. Government Order No. 6206-17—A. & E. 117-17-3, dated 2nd January 1918, amending Rule 2 of the above Rules.

3. Letter No. C. 357, dated 10th May 1918, from the Deputy Commissioner and President, District Committee, Hassan, stating that under para 5 of the rules published under the notification of the 1st January 1916, it is only the Deputy Commissioners that are competent to sanction loans up to Rs. 500 in any single case and recommending with a view to ensure prompt disposal of applications for loans for fruit cultivation the Amildars may also be empowered to sanction loans up to Rs. 100 in any single case.

4. Correspondence ending with letter No. 872, dated 17th September 1918, from the Secretary, Agriculture Committee, proposing further modification of the rules referred to to the following effect:—

(i) Assistant Commissioners in charge of Revenue Sub-Divisions should be authorised to deal with loans between Rs. 100 and Rs. 250.

(ii) A larger discretion should be given to the sanctioning officers as regards the consulting the gardens department before granting loans. The Departmental Officers should give advice promptly when consulted by the Revenue authorities, but the revenue officers should not be under an obligation to consult them about the feasibility of the subject, if they are themselves satisfied with the application otherwise.

(iii) The loan amount should in no case exceed two-thirds of the current market value of the security.

(iv) The number of instalments in which the loan has to be advanced be fixed by the authority sanctioning the loan.

Order No. 4300-14—A. & E. 117-17-9, dated 22nd November 1918.

The modification of the rules as proposed by the Agricultural Committee is approved and the rules as amended are printed as an appendix to this order.

No. 4300-14—A. & E. 117-17-9, DATED 22ND NOVEMBER 1918.

APPENDIX.

The Government of His Highness the Maharaja of Mysore, are pleased to issue the following rules for the grant of loans for fruit cultivation in modification of those published with Notification No. 3065—A. & I. 180-15-4, dated 1st November 1916.

(1) Loans not exceeding Rs. 3,000 in any single case may be granted for the purpose of organising nurseries of fruit trees for planting or improving fruit gardens of more than an acre in extent in the State.

(2) The following officers shall be competent to sanction loans not exceeding the sums specified against them on each individual application:—

	Rs.
Amildars	100
Sub-Division Assistant Commissioners	250
Deputy Commissioners	500

Applications for larger amounts should be submitted by the Deputy Commissioner to Government for sanction through the Agricultural Committee.

Copies of orders sanctioning the loans should be forwarded to the Superintendent, Government Gardens, and the Secretaries of the Committees for record in their offices.

(3) The application shall be in the form given in the annexure and shall in the first instance be presented to the officer authorized to sanction the loan. The application shall after necessary local enquiry be disposed of by that officer if it is within his powers of sanction, otherwise it shall be submitted without unnecessary delay with his recommendation and the record of enquiry to the officer competent to dispose of it.

Officers sanctioning or recommending loans shall satisfy themselves that the project has a reasonable chance of success after consulting if they think it necessary the Superintendent, Government Gardens or the District Horticultural Inspector.

(4) The amount of the loan sanctioned shall not exceed two-thirds of the current market value of the security and the loan shall be advanced in such instalments as may be fixed by the authority sanctioning it.

In every case in which a loan is granted under these rules the borrower shall execute a mortgage deed in respect of the garden or estate to be planted or improved and shall also, if necessary, offer additional security in the shape of other immovable property. Government bonds and Railway debentures may, however, in the discretion of the Deputy Commissioner, be accepted as additional security. He shall also agree to abide by the conditions set forth in these rules.

5. The sufficiency of the security shall be investigated by an officer not lower in rank than the Amildar of the Taluk in which the site of the garden to be planted or improved is situated in cases in which the amount of the loan applied for is below Rs. 500 and by the Assistant Commissioner in revenue charge of the taluk in cases involving higher amounts and no loan shall be granted without a satisfactory report of such enquiry.

6. The loans shall be granted subject to the following conditions:—

(i) The loan shall bear interest at the rate of 6¼ per cent per annum and shall be discharged (both principal and interest) in seven equal instalments to be paid before the end of may the first instalment falling due on the 1st May of the 3rd year, after the loan is sanctioned.

(ii) In all matters relating to payment, etc., of the loan not specially provided for in these rules, the provisions of the rules issued under Notification No. R. 4319—Agri. 91-08-4, dated 2nd January 1909, shall apply as far as possible.

(iii) The borrower shall undertake to commence work within six months after the loan or the first instalment thereof is disbursed and to utilize it strictly for the purpose set forth in his application but if through unforeseen circumstances, any deviation becomes necessary, he shall apply for the written permission of the officer who sanctioned the loan who, if he grants it, shall endorse it on the record of the order sanctioning the loan.

(iv) The borrower shall maintain proper accounts of the appropriation of the loan and shall hold both his accounts and his garden in respect of which the loan is obtained, open to the inspection of the Deputy Commissioner and other Revenue Officers not lower in rank than the Amildar or the Deputy Amildar of a taluk or sub-taluk and of the officers of the State Gardens Department and the Economic Conference.

(v) If the loan is not being properly utilised, or if the gardens for which it was obtained is being neglected or if the instalments are not regularly paid, the borrower may be required to return the full amount of the loan at once and steps taken for its recovery as an arrear of land revenue.

(vi) The borrower shall execute an agreement undertaking to abide by the conditions above set forth.

No. 4300-14—A. & E. 117-17-9, dated 22nd November 1918.

ANNEXURE.

Form of Application for a Loan for Planting or Improving a Fruit Garden.

1. Name of applicant.
2. Father's name.
3. Object for which loan is wanted and principal items of expenditure.
4. Particulars of site of garden intended to be planted or improved.
5. (i) Village.
   (ii) Hobli.
   (iii) Taluk.
   (iv) Survey No.
   (v) Extent.
   (vi) Assessment.
   (vii) In whose name registered.
   (viii) Number and kind of trees, if any, already on the land.
   (ix) Present value.
   (x) Rights of others in the land.
      (*a*) Name and address.
      (*b*) Extent of right.
   (xi) Encumbrances, if any, including arrears of land revenue.
6. Particulars of land or immovable property offered as additional security.
   (*a*) Land—(i) Village.
      (ii) Hobli.
      (iii) Taluk.
      (iv) Survey No.
      (v) Area.
      (vi) Assessment.
      (vii) In whose name registered.
      (viii) Value.
      (ix) Rights of others, if any.
         (*a*) Name and address.
         (*b*) Extent of right.
      (x) Encumbrance, if any, including arrears of land revenue.

ANNEXURE I.

Notification No. 4538, dated 27th November 1918.

The Government of His Highness the Maharaja of Mysore are pleased to issue the following revised rules for the grant of loans for sericultural improvement in Mysore in supersession of those published with Notification No. 5065—A. & I. 147-14-3, dated 25th May 1915.

1. The Government may grant loans for sericultural improvement in Mysore, by setting up a rearing house and raising a mulberry plantation, on proper security up to a limit of Rs. 5,000 in each case.

2. The rate of interest charged on loans granted under these rules shall be 5 per cent per annum.

3. The loan shall be repayable in fixed annual payments, discharging both principal and interest. The period allowed for the repayment of the entire loan shall not exceed ten years.

4. In every case in which a loan is granted under these rules, the borrower shall execute an agreement mortgaging the Farm with all the lands and buildings appertinent thereto, as security for the loan. And no loan shall be granted unless additional security charged on immovable property is also offered, the value of which together with that of the Farm is at least equivalent to one and a half times the amount of the loan applied for.

5. The applicant shall furnish a plan of the lands and structures which he means to devote to the furtherance of his object and give a brief outline with estimates of cost of the operations intended to be undertaken with the help of the loan applied for. The Deputy Commissioner shall refer the papers to the Superintendent of Sericulture for investigation and report as to the prospects of the enterprise. On reference by the Deputy Commissioner, the Superintendent shall himself investigate applications for loans in excess of Rs. 1,000 but those for smaller sums necessary in his discretion be passed on to his subordinate officers provided that the responsibility for the final recommendation rests with him.

On receipt of a report from the Sericultural Department, the Deputy Commissioner shall, after full enquiry, as to the value of the security offered, and other necessary particulars forward the papers with his opinion to the Secretary, Economic Conference, for obtaining the orders of Government.

6. Every person to whom a loan is granted under these rules should agree to utilize the entire loan for the purpose for which it is granted, and also to follow improved methods of rearing worms according to such advice and be amenable to such instruction as is given by the Deputy Commissioner of the District, or other officers authorised by Government to tender such advice.

7. In all matters relating to the disbursement, repayment, and recovery of the loan, not expressly provided for in these rules, the provisions of the rules issued under Notification No. R. 4319—Agri. 91-08-4, dated 2nd January 1909, shall apply.

8. Every person assisted by Government under these rules should keep regular accounts which together with the Farm and its appliances shall be open to inspection from time to time by officers appointed by Government for the purpose.

By Order,
P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Compiler, *Mysore Gazette*, for publication.

ANNEXURE II.

Notification No. 4539, dated 27th November 1918.

The following revised rules are issued in supersession of those published as an Appendix to Government Order No. 6320-68—A. & I. 184-15-5, dated 2nd May 1916.

RULES.

1. Loans referred to in Government Notification No. 5065—A. & I. 147-14-3, dated 25th May 1915, as modified by Notification No. 4538, dated 27th November 1918, for setting up a rearing house and raising mulberry plantation shall also include the following:—

(a) Mulberry cultivation including preparation of land, provision of irrigation facilities, purchase of cuttings, manure, etc.
(b) Purchase of silkworm seed and rearing appliances.
(c) Construction or repair of rearing houses.
(d) Repairs and purchase of reeling machines.

2. The following officers shall be competent to sanction loans not exceeding the sums specified against them on each individual application:—

	Rs.
Amildars	100
Sub-Division Assistant Commissioners and Superintendents of Sericulture	250
Deputy Commissioners	500

3. Applications shall in the first instance, be made to the Amildar of the Taluk or to the Shekdar of hobli, or the Sericultural Inspector or other official of the Sericultural Department stationed in the taluk or district. Applications made to the Amildar or Shekdar shall after local enquiry be disposed of by the Amildar, if it is within his powers sanction, otherwise shall be submitted without unnecessary delay with his recommendation and the record of enquiry to the Revenue Officer competent to dispose of them. Applications presented to the Sericultural Inspector or other official of the Sericultural Department shall, after full enquiry, be forwarded to the Superintendent of Sericulture who may either dispose of them if within his powers of sanction or forward them with his recommendation and the records of enquiry to the Deputy Commissioner for disposal. He may also send the record to the Amildar for such further enquiry as may be necessary when the Superintendent of Sericulture sanctions a loan he shall pass the order on to the Amildar of the Taluk, who shall be responsible to see to the due execution of the necessary documents, the disbursal of the loan and to subsequent recovery of the instalments as they fall due. The Superintendent of Sericulture shall forward to the Deputy Commissioner of the District, a duplicate of the order sanctioning the loan for record in his office. He shall also submit to Government a quarterly statement of the loans sanctioned by him.

4. In regard to the security offered, the bonds to be executed, the rate of interest, the period of repayment of the loan and other details, the rules for the grant of loans for sericultural improvement issued with the notification referred to in Rule 1 shall govern these loans also. But in special cases the Deputy Commissioner may in his discretion relax the rules in regard to security and grant a loan not exceeding Rs. 100 on the personal security of the grantee.

By Order,
P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

Board for Chemical and Industrial Research and Scientific Advice.

No. 4550-9—I. & C. 171-16-8, DATED 28TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 6990—I & C. 110-16-3, dated the 27th February 1917, constituting a Committee for Scientific and Technical advice in Mysore.

2. Letter No. 34, dated the 30th July 1917, from the Director of Industries and Commerce, submitting proposals regarding the institution of a Bureau of Research in the State.

3. Letter No. 57; dated the 18th October 1917, from the Secretary, Industries and Commerce Committee, forwarding the recommendation of the Committee for training students in Industrial Chemistry.

Order No. 4550-9—I. & C. 171-16-8, dated 28th November 1918.

With a view to ensure continuous attention being paid to the development of Chemical, and other allied, industries in the State by systematic investigations into the possibilities of the economic utilisation of the natural resources of the State, Government have decided to establish a Committee composed of select Scientific and other Technical experts available in the State.

2. The Committee will be designated the 'Board for Chemical and Industrial Research and Scientific Advice' and will, to begin with, be constituted as follows :—

Chairman.—

Mr. P. Raghavendra Rao, Extra Member of Council.

Members.—

The Director of Industries and Commerce.

The Director of Mines and Geology.

The Director of Agriculture.

The Director of Public Health Institute.

The Chief Electrical Engineer.

The Professor of Physics, Central College.

The Professor of Organic Chemistry, Central College.

The Professor of Chemistry, Central College.

Secretary.—

Mr. S. G. Shastry, Industrial Chemist.

3. A working Committee consisting of five members will be appointed to attend to the actual work of investigation, distribution of work among the workers and supervision over students under training, collection and publication of results. The Advisory Committee will meet once every quarter, or, as often as may be necessary; while the working Committee shall meet, at least, once every month.

4. The Board will be requested to send up to Government detailed proposals in regard to its functions, methods of work, etc. Approval of Government may be obtained, in the first instance, to such tentative proposals as are considered necessary to commence work pending formulation of more comprehensive proposals.

5. One of the first duties, however, of the Board will be to select, at once, a dozen subjects of immediate practical interest and to entrust the work of investigation to young men having the necessary capacity and aptitude.

6. For the present, the following laboratories will be utilised, as far as possible, for carrying on the work of the Board.:—

1. Agricultural Department Laboratory.
2. Public Health Institute „
3. Central College Physics and Chemical Laboratories.
4. The Industries and Commerce Laboratory.

N. B.—If, and when, circumstances necessitate it, recourse may be had to, and help obtained from, the Laboratories of the Indian Institute of Science.

7. The Board is requested to proceed to distribute at once the work proposed to be undertaken among the several workers.

8. The Board may, after an experience of twelve months' working on the above lines, submit to Government detailed proposals regarding (i) co-ordinating and standardising the work of the several agencies employed on Research work, (ii) improving the organisation as a whole, and (iii) further outlay considered necessary on laboratories, etc., for developing the work.

9. Government are pleased to direct that a sum of Rs. 10,000 be placed at the disposal of the Chairman of the Board for the current year to be utilised, in the best manner possible, in giving effect to the provisional scheme as indicated above. The amount will be met by reappropriation from the lump sum provision for Development in the Industries and Commerce Department Budget.

10. Government direct that steps be taken to begin work from the 1st January 1919 and a report of progress made submitted to them once every quarter.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. and Agri.

To—The Director of Industries and Commerce.
The Secretary, Industries and Commerce Committee.
The Director of Mines and Geology.
The Director of Agriculture.
The Director of Public Health Institute.
The Chief Electrical Engineer.
The Registrar, Mysore University.
The Inspector-General of Education in Mysore.
The Principal, Central College, Bangalore.
The Comptroller to the Government of Mysore.

No. 4097-8—I. & C. 124-17-89, DATED 19TH NOVEMBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 4097-8—I. & C. 124-17-89, dated 19th November 1918.

Government are pleased to direct the adoption, provisionally, of the following procedure in regard to the supply of funds to the Managing Agents of the Mysore Distillation and Iron Works for expenses to be incurred by them on behalf of Government and the accounts to be maintained and rendered for the same: –

(i) The Comptroller will arrange to place with the Tata Iron and Steel Co., Ltd., Bombay, an imprest of Rs. 25,000 to meet all payments to be made in India, which will be recouped monthly on the submission of accounts for expenses actually incurred.

(ii) Large payments in India, which cannot be conveniently made out of the above imprest will be arranged for by the Comptroller immediately on receipt of intimation from the Managing Agents.

(iii) All payments for materials purchased in America and England will be made through Messrs. Coutts and Co., London. The Managing Agents will furnish to Government, as soon as they are in a position to do so, a quarterly estimate of the funds required for such payments, together with the necessary details for the same, in the first month of the quarter preceding that to which the estimate relates. As soon as purchases are made by the Managing Agents abroad the fact will be intimated to Government who will advise Messrs. Coutts and Co., to make payments to the offices of the Managing Agents at London or New York as the case may be on their presenting a receipt for the amount advised.

(iv) Foreign payments will be arranged by post or by cable according to the urgency of each transaction.

(v) The Managing Agents will arrange for the proper maintenance of accounts, classified under the following heads, for all funds placed at their disposal and all expenses incurred by them:—

(*a*) Accounts relating to the imprest placed in Bombay.
(*b*) Payments made in India otherwise than from the imprest.
(*c*) Payments through Messrs. Coutts and Co., London.

(vi) Accounts, classified as indicated above, for the transactions of every month will be rendered to the Comptroller before the 10th of the following month, together with duplicates of payees' receipts, the original vouchers being filed in the office of the Board of Management in Bombay. All objections that may be raised in the course of audit of these accounts in the Comptroller's office will be reported to Government for orders.

2. Orders will issue separately regarding the periodical audit of the accounts maintained in the office of the Board of Management in Bombay.

Compensation for dearness.

No. Fl. 2407-56—G. F. 5-18-39, dated 18th November 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 100-149—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of Grain Compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. Fl. 2047-96—G. F. 5-18-29, dated the 23rd October 1918, sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two cities of Bangalore and Mysore.

Order No. Fl. 2407-56—G. F. 5-18-39, dated 18th November 1918.

In accordance with the orders read above, the grant of compensation allowance is sanctioned for the month of November 1918, to the employees in the two cities of Bangalore and Mysore and to those in the several taluks in the State as noted in Annexures A and B appended to this order and as indicated below:—

(*a*) To the employees in the taluks in Annexure A, the allowance will be at the following rates:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 2 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem Re. 1.

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

(*b*) To the employees in the cities of Bangalore and Mysore and the taluks in Annexure B, the above allowances will be raised to Rs. 3 and Rs. 1-8-0, respectively, and the aggregate pay and allowance of servants on less than Rs. 5 per mensem brought up to Rs. 6-8-0 per mensem.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

(1) Government Order No. 100-149—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation allowance as per scale laid down in Article 72, Civil Account Code, Volume I.

(2) Letters No. C. 1268 and 295—R., dated the 21st September 1918 and 27th September 1918, from the Revenue Commissioner in Mysore and the Comptroller to Government, respectively, stating that the high prices of food grains and other necessaries of life that are prevailing now are pressing heavily on low paid officials, that the grant of grain compensation allowance sanctioned under the Civil Account Code does not afford adequate relief to them, and recommending that a special war allowance at suitable rates subject to a minimum of Rs 2 per mensem may be sanctioned for a period of six months or so long as the present prohibitive prices last.

Order No. Fl. 2533-82—G F. 94-18-3, dated Bangalore, the 23rd November 1918.

In the circumstances represented, Government are pleased to sanction for a period of three months from 1st November 1918, a temporary local allowance of 1 anna in the rupee on salary drawn subject to a minimum of Rs. 2 per mensem to all whole-time employees under Government, whose salary does not exceed Rs. 50 per mensem. This local War Allowance will be drawn in addition to grain compensation or dearness allowance admissible under the present orders and will be sanctioned from quarter to quarter as long as the Government consider it necessary.

2. The Comptroller to Government is requested to admit the extra expenditure on account of the War Allowance sanctioned above and to report to Government later on the additional grants required under the various heads.

3. Necessary extra grants will be sanctioned to the departments in due course in cases where the extra cost on account of the 'War Allowance' now sanctioned cannot be met out of the grants sanctioned in the current year's budget.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Government Order No. Fl. 806-7—S. & A. 74-15-1, dated 15th August 1915, sanctioning certain rules regulating the allowances of the staff employed on Railway lines worked by the Mysore Government.

Railway Secretary's Note dated 7—10th September 1918, submitted for orders, draft rules relating to the grant of leave and special allowances other than overtime allowances to the shed staff of the Loco and Carriage and Wagon Departments called upon to duty on Sundays, or at times which may as a rule be considered as periods of rests.

Order No. R. S. 1440-1443—Ry. F. 20 O. L 18-19, dated 21st November 1918.

The accompanying revised rules relating to the grant of leave and special allowances, other than overtime allowances, to the shed staff of the Loco and Carriage and Wagon Departments called upon to duty on Sundays or at times which may, as a rule, be considered as periods of rests, are sanctioned.

D. G. DANI,
Secy. for Railways, Govt. of Mysore.

To—The Secretary to Government, Financial Department.
The Comptroller of Mysore, Railways.
The Agent, Mysore Railways.
The Secretary, Railway Committee.

Exd.—C. R.

No. R. S. 1440-1443—Ry. F. 20 O. L. 18-19, dated 21st November 1918.

The following rules relate to the grant of leave and special allowances, other than overtime allowances, to the shed staff called upon to duty on Sundays or at times which may as a rule be considered as periods of rests.—

1. These rules apply to Locomotive and Carriage and Wagon Departments but not to any employees for whom special overtime rules have been framed.
2. In these rules a "Workman" means any person who works with his own hands and includes Mechanic, Fitters, Labourers, etc., except the Head Fitter Chargeman.
3. The ordinary daily hours of attendance will be as follows:—

Monday to Saturday ...	1st period	...	... 7 A.M. to 11 A.M.
	2nd „	...	... 1 P.M. to 5 P.M.

4. The staff will not as a rule be required to work on Sundays but any man wanted for duty on these days must attend the shed by turns.
5. The employment on works of the shed staff depends largely on the amount and nature of repairs booked by the drivers and consequently the staff will also have to work overtime occasionally on week days when required to complete the jobs on hand.
6. In consideration of any extra work or overtime, the men may be called upon to do, by the Foreman of the Running Sheds during the week days and on Sundays an allowance equal to one-thirtieth of his monthly salary for each day of extra work (*viz.*, 8 hours actual) will be paid. Fractions of 8 hours will be paid for *prorata* at one-eigth of a day for each hour. If owing to emergencies the previous approval of the Superintendent, Loco and Carriage and Wagon Departments cannot be obtained for asking shed staff to work overtime subsequent ratification should at least be obtained as soon as possible.
7. In exceptional and extreme cases, such as an accident, when special exertions are made or exposure incurred in the performance of the ordinary day's work, a bonus may be given by the Agent or Head of the Railway as a reward for such special exertions to those who are considered to be exceptionally deserving. It must be borne in mind that the occasions of such gratuities should be rare, and although the bonus should be given promptly, the circumstances should be carefully considered before action is taken. The present orders apply to all Departments of the Revenue Establishment of Open Lines, but not to Construction. On each occasion of a bonus being given, a detailed report of the circumstances and the amount of gratuity should be recorded in the Minutes of Official Meetings. A limit of Rs. 50 in each case may be fixed, subject to their being budget provision.
8. No leave, other than casual leave for ten days in a calendar year and sick leave for two months at a time on loss of pay may be granted to the shed staff working on a fixed pay of Rs. 15 and above. For men working on daily wages, no leave except leave on loss of pay is admissible.

Addendum to the "Schedule of Agent's Powers."

No. R. S. 1485-90—Ry. F. 2. O. L. 18-19, dated 26th November 1918.

RAILWAY DEPARTMENT.

Read again—

Government Order No. R. S. 1641-44—Ry. F. 2. O. L. 16-17, dated 29th November 1916, sanctioning the schedule of powers to be exercised by the Agent, Mysore Railways.

2. Government Order No. Fl. 1305-54—G. F. 70-18-1, dated 3rd September 1918, delegating certain financial and other powers now vested in Government to some of the Heads of Departments noted therein with a view to minimise routine correspondence.

Read—

Memo No. A. E. 10601, dated 20th September 1918, from the Agent, Mysore Railways, forwarding an extract from the above order for an addendum to the "Schedule of Agent's powers" being issued.

Order No. R. S. 1485-90—Ry. F. 2. O. L. 18-19, dated 26th November 1918.

The following addenda are issued to the "Schedule of powers to be exercised by the Agent, Mysore Railways," sanctioned in the Government Order of 29th November 1916 referred to in the preamble:—

(1) Power to sanction permanent advances to subordinate officers under Article 77 (4), Civil Account Code, up to the amount advised by the Comptroller as appropriate. When there is any difference of opinion between the Comptroller and the Agent, the matter should be referred for the orders of Government.

(2) Powers to sanction house-building advances under Article 136, Civil Account Code, to non-gazetted officers drawing a pay of less than Rs. 100 per mensem, if strictly admissible under the rules.

(3) Power to grant permission to subordinate gazetted officers to utilise the Dasara and Christmas holidays.

(4) Power to sanction transfers of contingent grants from one head to another in the Departmental budget, provided the expenditure is under the Agent's control.

(5) Power to withhold periodical increments of non-gazetted officers under the Article 80, Mysore Service Regulations.

(6) Power to sanction payment of allowances under Article 122, Mysore Service Regulations, to officers placed under suspension, or dismissed and reinstated, provided that the extra cost does not exceed Rs. 100 and the period of unemployment through suspension or dismissal does not exceed six months.

(7) Power to grant privilege leave to gazetted officers of the Railway Department under Articles 457 and 471, Mysore Service Regulations, up to a period of one month provided that no substitute is required.

(8) Power to authorize road journeys under Article 535 (*d*), Mysore Service Regulations.

(9) Power to dispose of application for change of name of public servants provided their appointment is within the powers of sanction of the Agent.
